

Chapter 41: CHEMICAL TOILET ADDITIVES:

Chapter overview: This chapter establishes regulations governing the sale, use, and identification of toxic and nonbiodegradable chemical toilet additives and regulations governing inspections and enforcement of these regulations. This chapter is being transferred intact from existing Title 22, CCR, Division 4, Chapter 30, Article 14 except for renumbering to conform to the format of these proposed regulations and changing of internal references to match the altered section numbering. These changes are explained in the introduction to this Statement of Reasons.
