Governor

### **Department of Toxic Substances Control (DTSC) Project Status Update for Former Wyle Laboratories Norco Facility Site June 27, 2008**

#### **Report Review**

- DTSC is in the final stages of approval of the Final Remedial Investigation Report;
- DTSC approved the Area J Removal Action Work plan for implementation last week. The schedule for the field activities is being finalized and will be provided as soon as it becomes available;
- DTSC received Draft Feasibility Study Report last week. The Feasibility Study provides an analysis of remedial alternatives for the site; DTSC has started review and expects to provide comments within 60 days.

#### **Activities completed last week**

##### Onsite:

- Continued operations of HCS; Conducted routine O&M for HCS;
- Conducted operations and maintenance (O&M) activities for soil vapor extraction system;

#### **Activities planned for this week**

##### Onsite:

- Continue O&M activities for soil vapor extraction system;
- Perform O&M activities for HCS.
