

**PUBLIC NOTICE FOR CLASS I\***  
**(PRIOR DTSC APPROVAL NEEDED)**  
**RCRA PERMIT MODIFICATION**

**Chemtrade West US, LLC**  
**Hazardous Waste Facility Permit**  
**501 Nichols Road, Pittsburg, California 94565**  
**EPA ID CAD No. 009 142 290 Permit No. 06-BRK-09**

Chemtrade West US, LLC (Chemtrade) has submitted a final Class 1\* (prior approval needed) Permit Modification request to the Department of Toxic Substances Control (DTSC) for the RCRA Hazardous Waste Management Facility Permit (the Permit) issued for the facility located at 501 Nichols Road, Pittsburg, California 94565 (the Facility). The Facility manufactured high purity acids and etchants for the semi-conductor industry. The Facility obtained the Permit for the storage of acidic (low pH) waste.

The Facility has stopped the acid and etchant manufacturing operations and decommissioning of manufacturing components is in progress. This System will be clean closed in accordance with the California Code of Regulations (CCR), Title 22, Division 4.5, Chapter 14.

The permit modification addresses changes to the Permit Closure Plan. The changes extend the time needed to perform the sub-surface closure activities until after the wet season has passed. The expected final closure date is now August 24, 2016.

Mr. Elly Daoud is the DTSC agency contact for this Class 1\* Permit Modification. If you have any questions or comments regarding this Notice or the Permit Modification, please contact Mr. Elly Daoud at DTSC. Mr. Bradford Anderson with Chemtrade can be contacted with questions regarding the Facility or the requested permit modification. Contact information for Mr. Daoud and Mr. Anderson is as follows.
