CONSENT ORDER

Health and Safety Code
Section 25187

The State Department of Toxic Substances Control (Department) and SA Recycling, LLC, and California limited liability company (Respondent) enter into this Consent Order and agree as follows:

1. Respondent is a scrap metal recycler and universal waste handler of electronic devices and used appliances. Respondent generates and handles hazardous waste at 9754 San Fernando Road, Sun Valley, California 91352 (Site).
2. The Department inspected the Site on May 23, 2013.
3. The Department alleges the following violations:
 - 3.1. Respondent violated Health and Safety Code (HSC) section 25211.3, in that on or before May 23, 2013, it failed to retain onsite records demonstrating compliance with the applicable requirements of HSC, division 20, chapter 6.5, Article 10.1 and section 42175 of the Public Resources Code. Specifically, Respondent failed to maintain all CAR Orphan Waste Forms (DTSC Form 1459),

CAR Waste Management Certifications (DTSC Form 1430), and monthly reports sent to DTSC and the local Certified Unified Program Agency (CUPA) (DTSC Form 1468). Form 1459 tracks appliances that have been found already processed in a manner that could result in the release, or prevent the removal of materials requiring special handling (MRSH) delivered to a scrap recycling facility by a person other than a CAR. Form 1430 is filled out by a CAR and documents that MRSH were removed prior to the appliance being processed in a way that could result in the release, or prevent the removal of MRSH. Monthly reports track the amount of MRSH removed and how and where it was disposed, and the number of appliances from which MRSH was removed. DTSC created Form 1468 for CARs to utilize as their monthly report.

3.2. Respondent violated HSC section 25211.2, subdivision (d) in that on and/or before May 23, 2013, SA failed to submit a monthly report to DTSC that includes the name and address of each person who transported, delivered, or sold each orphan appliance received by SA and the total number of appliances SA received.

4. A dispute exists regarding the alleged violations.
5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.
6. Jurisdiction exists pursuant to Health and Safety Code section 25187.
7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

SCHEDULE FOR COMPLIANCE

9. Respondent shall comply with the following:

9.1. Effective Immediately, Respondent shall retain onsite records demonstrating compliance with the applicable requirements of HSC, division 20, chapter 6.5, Article 10.1 and section 42175 of the Public Resources Code for at least three years. Those records shall include, but not be limited to, CAR Orphan Waste Forms (DTSC Form 1459), CAR Waste Management Certifications (DTSC Form 1430), and monthly reports sent to DTSC and the local Certified Unified Program Agency (CUPA) (DTSC Form 1468). Those records shall be made available for inspection upon request of a representative of DTSC or the local CUPA.

9.5. Site Access: Access to the Site shall be provided at all reasonable times to employees, contractors, and consultants of the Department, and any agency having jurisdiction. Nothing in this Consent Order is intended to limit in any way the right of entry or inspection that any agency may otherwise have by operation of any law. The Department and its authorized representatives may enter and move freely about all property at the Site at all reasonable times for purposes including but not limited to: inspecting records, operating logs, and contracts relating to the Site; reviewing the progress of Respondent in carrying out the terms of this Consent Order; and conducting such tests as the Department may deem necessary. Respondent shall permit such persons to inspect and copy all records, documents, and other writings, including all sampling and monitoring data, in any way pertaining to work undertaken pursuant to this Consent Order.

9.6. Government Liabilities: The State of California shall not be liable for injuries or damages to persons or property resulting from acts or omissions by Respondent or related parties specified in paragraph 12.3, in carrying out activities pursuant to this Consent Order, nor shall the State of California be held as a party to any contract entered into by Respondent or its agents in carrying out activities pursuant to this Consent Order.
