

Randy Fischback

Public & Government Affairs Manager

The Dow Chemical Company in California

Randy Fischback is currently the Public & Government Affairs Manager for The Dow Chemical Company in California. He has worked for Dow for 27 years in a variety of engineering and management positions in research, manufacturing, and environmental/health/safety. Before taking on his current responsibilities, Randy was Dow's Regulatory Affairs Leader in California with compliance and remediation responsibilities for Dow's seven California sites. In his current role, he has responsibility for Dow's public policy, advocacy, reputation, and communication at both the state and local levels.

Randy graduated from U.C. Berkeley in 1979 as a BS Chemical Engineer with honors. He enjoys an annual opportunity to guest lecture on bioremediation at his alma mater. He is a licensed professional engineer in the state of California. He is a native of the San Francisco Bay Area and works at Dow's largest California facility in Pittsburg.

Dow is a diversified chemical company that harnesses the power of science and technology to improve living daily. The Company offers a broad range of innovative products and services to customers in more than 175 countries, helping them to provide everything from fresh water, food and pharmaceuticals to paints, packaging and personal care products. Built on a commitment to its principles of sustainability, Dow has annual sales of \$46 billion and employs 42,000 people worldwide.
