### **NOTICE OF PUBLIC MEETING**

### **Green Ribbon Science Panel Teleconference**

The California Department of Toxic Substances Control (DTSC) is convening a teleconference meeting of the Green Ribbon Science Panel (GRSP), on February 4, 2011 from 9:00 a.m. to 10:30 a.m. Pacific Standard Time. The purpose of this teleconference meeting is for the GRSP members to discuss future process considerations for the GRSP.

The GRSP was established by AB 1879 (FEUER) (Chapter 559, Statutes of 2008) to provide the following advice and recommendations to the DTSC and the California Environmental Leadership Council:

- (a) Advise DTSC and the California Environmental Leadership Council on scientific and technical matters in support of the statutory goals of significantly reducing adverse health and environmental impacts of chemicals used in commerce, as well as the overall costs of those impacts to the state's society, by encouraging the redesign of consumer products, manufacturing processes, and approaches.
- (b) Assist DTSC in developing green chemistry and chemicals policy recommendations and implementation strategies and details, and ensure these recommendations are based on a strong scientific foundation.
- (c) Advise DTSC and make recommendations for chemicals the Panel views as priorities for which hazard traits and toxicological end-point data should be collected.
- (d) Advise DTSC in the adoption of regulations required by article 14 (commencing with section 25251) of chapter 6.5 of division 20 of the Health and Safety Code.
- (e) Advise DTSC on any other pertinent matter in implementing the statute, as determined by DTSC.

## MEETING DETAILS

The meeting will be conducted via conference call on Friday, February 4, 2011, from 9:00 a.m. to 10:30 a.m. Pacific Time. GRSP members will participate over the phone from the various designated and publicly-accessible locations listed below.

The public is invited to attend and may provide comments to the GRSP. Members of the public should not identify themselves as “speakers” when accessing the call. Members of the public will be placed on “listen-only” mode until the public comment portion of the meeting, at which time the conference operator will admit individuals for comments. Instructions for making comments to the GRSP will be given in the beginning of the teleconference.
