

SB 673 COMMUNITY WORKSHOP

Cumulative Impacts, Community Vulnerability

JOIN US for community dialogue hosted by the Department of Toxic Substances Control

“Connecting local experiences to protective actions in communities near permitted hazardous waste facilities”

6:00pm – Gathering and Interactive Display – snacks provided

6:30-8:30pm – Community Conversation

Traducción en español disponible (Spanish Translation Available)

- **Learn** about DTSC’s efforts to address community concerns through the hazardous waste permitting process
- **Connect** with community members to share and learn about community needs and priorities
- **Weigh in** on opportunities to address community concerns regarding the effects of hazardous waste facilities in your community

These community workshops will inform DTSC’s implementation of SB 673 (SB 673, Lara, Statutes 2015), a key milestone in developing stronger regulatory and permit processes that enhance protections for public health and the environment in communities near hazardous waste facilities.

For more information about these workshops or the SB673 process, visit www.dtsc.ca.gov or email Bonnie Holmes-Gen at permits_hwm@dtsc.ca.gov

DTSC’s mission is to protect California’s people and environment from harmful effects of toxic substances
