DRAFT REMOVAL ACTION WORKPLAN FOR THE SUNSHINE CLEANERS

EL CERRITO, CALIFORNIA

PUBLIC COMMENT PERIOD: MAY 16, 2018 — JUNE 15, 2018

WHAT IS BEING PROPOSED? The California Department of Toxic Substances Control (DTSC) invites you to review and comment on the Removal Action WorkPlan (RAW) for the Sunshine Cleaners located at 10750 San Pablo Avenue in El Cerrito, California 94530 (Site). The draft RAW is a cleanup plan to address the contamination and the use of a sub slab depressurization system (SSDS) to clean-up the contamination at the Site.

Environmental investigations found high levels of Tetrachloroethylene (PCE) in the soil, soil vapor and groundwater at the Site. Petroleum hydrocarbons also found at the Site. This contamination can pose a risk to human health and the environment. DTSC would oversee the proposed cleanup of the contamination at the Site, and encourages your participation in the cleanup decision-making process.

In compliance with the California Environmental Quality Act (CEQA), DTSC has prepared a draft Notice of Exemption (NOE). CEQA is a statute that requires State and local agencies to identify the significant environmental impacts of their actions and to avoid or mitigate those impacts, if possible. This document indicates there will be no significant environmental impacts that may result from this project. The draft NOE will be made available for public review, along with other supporting documents in the information repositories.

HOW DO I PARTICIPATE? DTSC encourages you to take this opportunity to review the draft RAW during the public comment period from **May 16, 2018 - June 15, 2018**. All comments must be received by **June 15, 2018**. Send comments to: Hongbo Zhu, Project Manager at 700 Hienz Avenue, Berkeley, California 94710; (510) 540-3817 or Hongbo.Zhu@dtsc.ca.gov
