**Subject: Addendum to the Supplemental Sampling Workplan for Schools and Parks in the Vicinity of the Exide Facility dated November 7, 2016
Various Locations Surrounding the Former Exide Facility in Vernon, California**

Mr. Abbasi:

EFI Global has prepared this Addendum to the *Supplemental Sampling Workplan for Schools and Parks in the Vicinity of the Exide Facility* dated November 7, 2016. Specifically, this Addendum supplements the proposed sampling activities at the Lou Costello Junior Youth Center located at 3141 East Olympic Avenue and the Ramon Garcia Recreation Center located at 1016 South Fresno Street.

Lou Costello Junior Youth Center

The original 5-point composite locations have been revised to those indicated on the attached map (Figure 1). In addition, six supplemental sampling locations have been added in targeted child play areas. In each of these targeted discrete locations, two soil samples, one from 0-6 inches and one from 6-12 inches, will be collected and analyzed. No compositing of samples will be conducted at these locations.

Ramon Garcia Recreation Center

The original 5-point composite locations have been revised to those indicated on the attached map (Figure 2).

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'Shayan Simantob'.

Shayan Simantob, PG
Senior Geologist
Professional Geologist No. 9296
