Subject: Thermostat Recycling Corporation's 2015 Annual Report

Dear Ms. Batarseh:

Since 1998, TRC's national program has collected more than **2.1 million thermostats**, diverting more than **10 tons of mercury** from the waste stream. TRC continues to do more by increasing its budget, visiting more states (up 38% compared to 2014), and modernizing its work force.

You will find attached TRC's annual collection report for calendar year 2015. TRC would like to highlight some aspects of the 2015 program in California:

- The program collected **18,260 thermostats in 2015**. This was a 10% decrease compared to the number of thermostats collected in 2014.
- In 2015 the program **collected 214.84 pounds of mercury** in the state of California. Since 2001, the annual pounds of mercury collected in California has increased by an average of 43% per year. During the same time period, the pounds of mercury collected in the nation increased by 17% per year.
- TRC's website traffic continued to increase in 2015. There was a **98% increase of visitors** from California while TRC increased its total annual visitors by **71% compared to 2014**.
- The counties with the most bins returned in 2015 were **Los Angeles** (152 bins), **San Diego** (51 bins), and **Orange** (43 bins).

If the department would like to discuss any of these items in greater detail, please do not hesitate to contact me directly at 571-302-0877.

Sincerely yours,

Ryan L Kiscaden
Executive Director

Appendices69

COLLECTION DATA

In 2015, TRC recovered 214.84 pounds of mercury from the equivalent of 19,223 mercury thermostats. A total of 18,260 intact mercury thermostats and 34,652 mercury thermostat switches removed from thermostats were recovered from California collection locations in 2015. Mercury thermostats recovered from California locations averaged 1.80 switches per thermostat in 2015.

TRC recovered 16,051 thermostats from HVAC wholesale distributor collection locations, 1,096 from HHW locations, 913 from Contractor locations and 200 from retail locations (less than 1%).

By regulation, California set a performance requirement for manufacturers or groups of manufacturers to collect 113,850 thermostats in 2015.

Manufacturers Represented in the Program

TRC reviewed collections by manufacturer for 2009 through 2015 and TRC recovered thermostats with brand name(s) owned by the following manufacturers currently participating in its collection program: Bard Manufacturing Company, Burnham Holdings, United Technologies Corporation (Carrier), Chromalox, Climate Master, Empire Comfort Systems, General Electric Corporation, W.W. Grainger, Honeywell International, Hunter Fan Company, Invensys, ITT Corporation, Original Charter Corp (Lear Siegler), Lennox International, Lux Products Corporation, Marley-Wylain Company, Daikin Applied representing Goodman and McQuay, Nortek HVAC, Rheem, Sears Holdings, Ingersoll Rand (Trane), Uponor, Inc., White-Rodgers (a division of Emerson Electric Co.), and Johnson Controls.

Note, both PSG Controls and Thomas & Betts are no longer a TRC member, and TRC has no record of recovering a mercury thermostat manufactured by Burnham Holdings, Chromolox, Crane Company, Lear Siegler, Taco, The Marley-Wylain Company, TPI Corporation, Uponor from a collection location located in California.

COLLECTION DATA

WASTE MERCURY-ADDED THERMOSTAT MANAGEMENT

Bins with waste mercury-switch thermostats are received at the fulfillment/processing center in Golden Valley, Minnesota. The facility is owned and operated by Honeywell International under contract with TRC.

Bins are received at the loading dock and sent to the TRC processing area. The bin and plastic liner are opened and the contents are identified, sorted, and tallied. The following data is recorded for each bin returned and processed: bin number, business name (location name), city, state, zip code, date returned, number of thermostats and mercury switches by manufacturer and any non-conforming material.

The bin is returned to the location that sent it in with a new prepaid address label within 72 hours of receipt. The thermostats are stored and staged in a plastic lined carton in a storage area for final processing. The containers are dated and processed in order received, first in-first out.

The containers are returned from the storage area to the TRC processing area to have the mercury bulbs removed from the plastic housing. Universal Waste Regulations require the disposal of waste within 12 months of generation. TRC's processor requires that the disposal occur within 6 months of generation and TRC follows the more stringent requirement. Small quantities of thermostats are removed from the container, which is then closed again, and placed at the bulb removal workstation on a tray that contains any potential mercury spillage. The bulbs are removed from the thermostats and placed into a 2 quart container at the work station. If a bulb breaks and the mercury spills, the work area is designed to contain the spillage and the operators are trained in the clean-up and disposal of mercury. The TRC processing area is equipped with special mercury vacuum cleaners and the work area is vacuumed at the end of the work day to assure that any spillage is cleaned up and not left to evaporate.

The 2 quart container is emptied into a special 55 gallon drum which is labeled and dated according to regulations. The drum is sealed with a band and is only opened when contents are

COLLECTION DATA

being added to it. Special negative pressure venting assures any fumes are drawn away and vented when the drum is opened.

The 55 gallon drum is then shipped to Veolia Environmental Services in Port Washington, Wisconsin for final processing of the mercury ampoules (switches) Veolia Environmental Services meets or exceeds all local, state, federal and EPA regulations for the management of the product. Veolia's approvals for mercury recovery/recycling include:

- EPA - identification WIR000130591 (Veolia Environmental Services, Inc.)
- EPA BDAT Requirement - satisfied by all recovery operations
- CERCLA (Comprehensive Environmental Response Compensation and Liability Act)
- Wisconsin Department of Natural Resources

All facilities processing thermostats shipped to TRC follow all EPA guidelines and regulations. TRC has a facility license from Hennepin County Minnesota for the operation of the TRC. Honeywell, Inc. has a Hazardous Waste Generator license from Hennepin County. All persons who handle mercury thermostats as part of the TRC operation receive training in the handling of Hazardous Waste and Universal Waste.

PROGRAM EDUCATION AND OUTREACH

DIRECT MAIL

TRC utilized direct mail throughout the year to target collection locations and HVAC contractors/technicians.

TRC Collection Locations

- To encourage collection point participation and to stimulate the timely return of TRC collection containers, TRC mailed reminder postcards (Exhibit 2) to collection points that had not returned a TRC container within the last 12 months (in accordance with California's Universal Waste Regulations). TRC mailed 266 reminders in March, 192 in July, and 277 in November.
- In June and July, sales letters were sent to wholesale locations without TRC bins in the state of California (Appendix 1). Before the letters were sent, TRC sent a separate letter to the CEOs of these companies informing them of the impending letter to their branches and of their legal requirements regarding mercury thermostat disposal (Appendix 2). The letter was sent to the following distributors to remind these branches of their lawful obligation to provide a mercury thermostat recycling option to customers and offered free bins to help them meet this obligation:
 - 27 WinWholesale branches (6/6). TRC received no response.
 - 28 Hajoca branches (6/30). TRC received no response.
 - 5 Keller Supply branches (6/30). All California branches were signed up as a result of this letter.
 - 11 Pace Supply branches (6/30). The CEO responded that Pace Supply discontinued all non-plumbing related merchandise five years ago including thermostats, thereby eliminating the mercury thermostat collection mandate for their stores.
 - 6 Smardan Supply branches (6/30). All California branches were signed up as a result of this letter.

PROGRAM EDUCATION AND OUTREACH

- 9 AC Pro branches (7/9). Five of these branches have been signed up in California since this letter was sent.
- On 7/17 TRC mailed a letter to 28 Heating, Air-conditioning & Refrigeration Distributors International (HARDI) member CEOs with headquarters in California. The letter encouraged them to conduct an original equipment manufacturer (OEM) Mercury thermostat cleanout at their branches, and included a sample memo for HARDI CEOs to distribute to their collection locations. (Appendix 3)
- On 10/28 TRC sent sales letters to 21 Winsupply wholesale locations without TRC bins in the state of California. The letter was sent to remind these branches of their lawful obligation to provide a mercury thermostat recycling option to customers and offered free bins to help them meet this obligation. TRC received one bin order response as a result of this letter. (Appendix 4)

EXHIBIT 2: REMINDER POSTCARD

HVAC Contractors/Technicians

TRC purchased all HVAC contractor lists from Hoover's, narrowing the results by SIC codes relating to the HVAC industry.

- TRC created a 4x6 loyalty postcard to create awareness of the "Recycle. Scratch. Earn" program at participating HVAC wholesaler locations throughout the state (Exhibit 3). TRC

PROGRAM EDUCATION AND OUTREACH

sourced a mailing list of HVAC contracting business contacts with two - eight employees located within 5 miles of a location participating in the loyalty program. A total of 773 postcards were sent in March, 734 were sent in July, and 592 were sent in December.

- In December TRC mailed a full color letter to 616 HVAC contracting business contacts with two to nine employees. (Appendix 5)

EXHIBIT 3: LOYALTY PROGRAM POSTCARD

Front Side:

Back Side:

Thermostat Recycling Corporation
PO Box 25586
Alexandria, VA 22313

Thermostat Recycling Corporation (TRC) has partnered with HVAC wholesale distributors throughout California to offer a new loyalty rewards program.

Now, every time you recycle a mercury thermostat at a participating location you will earn points redeemable for brand-name merchandise.

Recycle as few as eight to earn \$25 in merchandise, or bank your points to save for higher-value items!

Visit www.recycle-scratch-earn.com to see a full list of participating locations near you.

ADVERTISING

TRC's two primary advertising targets remain HVAC contractors/technicians and HVAC wholesale distributors. For the contractors/technicians segment, TRC focuses on residential and light commercial contractors because of their relatively high level of hands-on contact with waste mercury thermostats. The second segment of focus is HVAC wholesale distributor locations as they remain the most convenient location for the majority of California-based technicians/contractors to purchase replacement thermostats and recycle waste mercury thermostats.

Since replacing a mercury thermostat is a rare event (if ever) for a consumer, TRC derives the greatest impact/value from its marketing activities by concentrating on the channel segment that conducts the vast majority of repeat thermostat replacements.

PROGRAM EDUCATION AND OUTREACH

TRC's 2015 advertising campaign continued to focus mostly on "easy and free" and "It's the law" messaging (where applicable, as only a limited number of states ban the disposal of mercury thermostats in solid waste and/or require HVAC contractors to recycle all mercury thermostats removed from service).

The purpose of TRC's advertisements were two-fold: 1) continue to build brand/program awareness and 2) increase program participation by raising awareness of specific legal obligations to recycle and the ease of recycling.

Print Advertising

TRC continued print-based advertisements in the following national/regional HVAC trade publications:

- ***HVAC Insider Goldenwest***, which has 6,960 subscribers in California and is published quarterly. The advertisement was a 2-color 1/2pg and ran in all issues for the year. (Exhibit 4)
- ***Indoor Comfort News*** is published by the Institute of Heating Air Conditioning Industries Inc. (IHACI). IHACI is California's largest HVAC trade group and its monthly magazine has approximately 17,000 subscribers in California. TRC ran a 2-color 1/8pg ad in the February – April and October - December issues to highlight the HVAC technician loyalty program. The ad also included logos of all distributors participating in the program (Exhibit 5).
- ***Johnstone Supply Flyer***, a printed version of their online catalogue that is mailed to more than 300,000 HVAC contractors nationwide. The flyer featured a full page TRC advertisement in their August issue to promote the TRC TV giveaway promotion (Exhibit 6). Johnstone Supply has 37 locations in California. Johnstone Supply provided this insertion at no-cost to TRC.
- ***Distribution Center Magazine***, the exclusive publication of HARDI, with more than 11,000 bi-monthly subscribers. TRC ran a full-color 1/4 page advertisement in May and December promoting the Big Man on Planet competition. (Exhibit 7)

PROGRAM EDUCATION AND OUTREACH

- ***HVACR Business Magazine***, a national publication with approximately 34,000 qualified subscribers, of which approximately 3,270 are in California. TRC ran a full color 1/4 page advertisement in January, March and July. (Exhibit 8)

Digital Advertising

TRC continued the use of rotating banner advertisements in 2015, with changes in scheduling and scope and the addition of new outlets.

TRC follows the national trend of analyzing advertisement success by measuring each advertisement's impression and click-through rate. An impression is a measure of the number of times an ad is displayed, and a click-through rate (CTR) is the number of times a click is made on the advertisement divided by the total impressions.

TRC's new advertising in 2015 included:

- *ACHR News' AHR Wrap Up Enewsletter*, sent to 12,000 opt-in subscribers. This is an annual email sent in January at the conclusion of the Air-Conditioning, Heating, Refrigerating (AHR) Exposition, the largest HVAC industry trade show. TRC ran a Medium Rectangle ad within the email that received a 0.72% CTR. (Exhibit 9)
- *Distribution Center's Enewsletter*, sent to 4,000 weekly opt-in subscribers. TRC ran a Medium Rectangle ad in February, March and June receiving an average CTR of 2.5%. (Exhibit 9)
- *NATE Enewsletter*, sent bi-monthly to 31,900 opt-in subscribers. TRC ran a text ad that received a 0.14% CTR.

EXHIBIT 9: ACHR NEWS AND DISTRIBUTION CENTER ENEWSLETTER AD

PROGRAM EDUCATION AND OUTREACH

TRC also continued digital advertisements on the following HVAC industry websites below:

- HVACR Business “Ahead of the Curve” Enewsletter, a monthly newsletter that reaches approximately 9,000 opt-in readers each month. TRC ran a banner ad in July, August, November and December (Exhibit 10). The average CTR was 3.0%.
- HVACRBusiness.com, an HVAC publication website with 14,000 monthly visitors. TRC ran a banner ad in February and July that resulted in 92,848 impressions and an average CTR of 0.9%. (Exhibit 11)
- Contracting Business Magazine’s dedicated Email Blast, which was sent twice with different messaging to opt-in subscribers in states with disposal bans, including California. The January mailing was sent to 5,980 subscribers and received a 25% open rate and a 0.5% CTR (Appendix 6), while the June mailing was sent to 8,970 subscribers and received a 13% open rate and a 0.5% CTR (Appendix 7).
- ACHRNews.com, a website that assists the decision-makers from all branches of the HVAC industry including contractors, manufacturers, distributors, parts and supply wholesalers, and service companies. More than 241,852 HVACR professionals visit the website every month, totaling more than 308,911 monthly website visits. TRC ran a Topic Sponsorship ad in January, February and September that resulted in an average 0.14% CTR. (Exhibit 12)
- ACHR Newsletter, a weekly email blast with more than 10,000 subscribers. TRC ran a banner ad for four issues in April and four issues in October with an average CTR of 4.7%. (Exhibit 9)
- HVAC-Talk.com, an online forum that averages more than 300,000 monthly visitors. TRC ran a rotating banner ad in February, March and July which resulted in 291,706 total impressions and an average CTR of .03%. (Exhibit 11)

PROGRAM EDUCATION AND OUTREACH

Exhibit 13 presents benchmark data from Google's Display Benchmarks tool on average digital advertising CTR's in the U.S. by year. It shows that the highest national average CTR in 2015 was 0.09%, so TRC's CTR performance exceeded the national average.

EXHIBIT 13: GOOGLE DISPLAY'S BENCHMARK TOOL

Additionally, the current average open rate for emails is 14%, and the average CTR in emails is 1.6%¹, which TRC generally also exceeds.

Google AdWords

Since 2011 TRC has deployed a Google AdWords campaign that geo-targets contractors/technicians and consumers (homeowners) in states with mercury thermostat disposal bans, including California (Exhibit 14). Advertisements appear on Google search results pages after an individual searches terms related to TRC's mission (e.g. thermostat replacement, contracting recycling regulations, mercury thermostat recycling, programmable thermostats, etc.).

¹ "M+R Benchmarks 2015." *M+R and NTEN's 2015 Nonprofit Benchmarks Report*. 1 May 2015: 57. Print.

PROGRAM EDUCATION AND OUTREACH

TRC continued this campaign in 2015, running it the duration of the calendar year. This is TRC's preferred option to reach consumers because of the campaign's extensive and targeted reach.

The California campaign yielded 3.2 million impressions with an average CTR of 0.5%.

EXHIBIT 14: GOOGLE ADWORDS LANDING PAGE

EARNED MEDIA

In 2015 TRC continued to enjoy positive and frequent coverage within the industry trade press, appearing more than 20 times through a variety of publications. TRC issued many media releases that were published, generating additional exposure for the program.

Notably, TRC continued to receive coverage and editorial pieces in industry leading publications such as:

- Indoor Comfort News (25,000 circulation)
- The Air Conditioning and Refrigeration (ACHR) News (370,378 reach), including a front page editorial article (Exhibit 15)
- Distribution Center (11,000 circulation)

PROGRAM EDUCATION AND OUTREACH

- Contracting Business (40,000 circulation)
- Wholesale distributor's on-hold phone messaging, including Johnstone Supply and Standard Supply
- Johnstone Supply's printed flyer (300,000 circulation)
- HVAC-Talk.com (408,769 monthly unique browsers)

Additionally, two of TRC's employees, Ryan Kiscaden and Christyn Zehnder, were voted onto HARDI's first 40 under 40 list. The list recognizes the HVAC industry's top performers and rising stars who are younger than 40. The list was published in the spring of 2016 in Distribution Center Magazine. There were hundreds of eligible HARDI members considered, making this a highly competitive group.

Teaching Greenhorn Techs Green Technologies

Contractors gain a competitive edge through renewable training and education

BY NICK KOSCOVSK
THE NEWS STORY

The renewable energy sector of the HVAC marketplace continues to make strides in acceptance and understanding these concepts, and the good is in the numbers. For Waterfurnace Inc. Inc., more than 1 million geothermal air ground source heat pumps are used in U.S. residential, commercial, and government buildings. And, that number is growing as U.S. homeowners install approximately 50,000 more geothermal heat pumps annually. Similarly, both wind and solar installations have risen steadily over the last decade, with solar accounting for 3.2 percent of the nation's new generating capacity in 2016, besting the efforts of both wind energy and coal for the second consecutive year, per Scientific American.

PEOPLE OF THE SUN As renewable energy installations continue to grow in popularity, HVAC contractors are increasingly looking up to make their mark with the knowledge necessary to capture profits courtesy of natural resources. (PHOTO: WWW.ACHRNEWS.COM)

Industry Unites Against Mercury Pollution

Strategic partnerships, contests boost mercury thermostat collection numbers

BY NICK KOSCOVSK
THE NEWS STORY

U ntil a few decades ago, the dangers of mercury exposure are well known today. According to the National Resources Defense Council, mercury is used as a component in many consumer products, like fluorescent, incandescent, and electronic devices, and can escape as a pollutant when these products are manufactured, broken during use, or, perhaps most importantly, incorrectly handled and disposed of at the end of the product's useful life. Mercury pollution becomes a serious threat when it settles into oceans and waterways, where it builds up in fish before it's often consumed by people. When mercury enters the human body it acts as a neurotoxin, harming the brain and nervous system. Mercury poisoning has been known to cause memory loss, tremors, and vision loss, and it can adversely affect fertility and blood pressure.

Since 1998, the Thermostat Recycling Corp. (TRC) has worked to collect this mercury-containing mercury and properly dispose of the harmful substance by using HVAC technicians as collection points for contractors. "It's a single source distribution system," and Mark Williams, executive director, TRC, "Contractors are bringing products back to distribution."

TRC's 2018 Mercury Recovery Index (MRI) reports shows a 12 percent increase in mercury collection numbers.

PROGRAM EDUCATION AND OUTREACH

TRC WEBSITE

TRC's website data is calculated through Google Analytics, and website traffic continued to increase in 2015. TRC increased its total annual visitors by 71% compared to 2014. There was a 98% increase of visitors from California. The state ranked 1st among the country in terms of its share of visitors to TRC's website (21% of all website visitors were from California). The increase in traffic reflects the impact of paid trade channel advertising, the Google AdWords campaign, and search engine optimization efforts.

In May TRC implemented an automated welcome email for collection sites that sign-up for the program through TRC's website. In November TRC transitioned its current website into a responsive website, meaning it is fully optimized for greater visibility across all devices including mobile and tablets.

TRC's social media presence increased as well. The TRC Twitter account saw a 42% increase in number of followers in 2015, and its Facebook page enjoyed an 83% increase of page "Likes."

TRADE SHOWS, CONFERENCES AND PRESENTATIONS

TRC staff attended, exhibited and/or presented at the following regional and national shows pertaining to California:

- **January 13th: Honeywell International Webinar (NEW!)**
Ryan Kiscaden presented a TRC Webinar to Honeywell International to an audience of 15 contractors. The webinar focused on ways for contractors to profit from recycling by using other industry items to increase their profitability.
- **January 22nd: HHWIE Forum Presentation (NEW!)**
TRC staff presented an overview of TRC's program to southern California HHW's.
- **January 25th – 28th: Air-Conditioning, Heating, Refrigerating Exposition.**
Chicago, IL
TRC staff attended and exhibited at the AHRI (Air-Conditioning, Heating, and Refrigeration

PROGRAM EDUCATION AND OUTREACH

Institute) Expo in Chicago. The show brought in over 2,000 exhibitors and 60,000 HVAC/R professionals, including more than 1,890 in the West coast region.

- **February 9th – 13th: Association of Energy Service Professionals (AESP) Trade Show**
Orlando, FL

AESP is the premier organization for professionals in the energy efficiency industry. Over 300 industry professionals attend the event including utility professionals and industry advisors/implementers. TRC staff attended this show.

- **February 12th: Product Stewardship Institute Webinar (NEW!)**
TRC staff presented a webinar through the Product Stewardship Institute entitled “Connecting Rural HHW Program Managers to Manufacturer-Funded Take-Back Programs” to an audience of 25 professionals.

- **February 26th: AESP Brown Bag Webinar (NEW!)**
TRC staff presented a Brown Bag Webinar to AESP on recycling programs for utilities and utility implementers. The webinar was added to TRC’s YouTube page in April and received 33 views.

- **March 3rd-4th: Johnstone Supply Member Meeting**
San Diego, CA

Johnstone Supply is a cooperative wholesaler distributor of HVAC parts and equipment with over 380 locations nationwide, including 37 in California. Johnstone’s Annual Membership meeting is invitation only and TRC once again attended and exhibited as part of an ongoing effort with Johnstone to encourage and expand the cooperative’s members’ participation. The event is well attended by owners and senior staff and remains a unique opportunity to engage directly with key decision makers.

- **March 15th – 18th: ACCA and the IE3: Indoor Environment & Energy Expo**
Dallas, TX

Co-presented by Air Conditioning Contractors of America (ACCA), this expo is the largest marketplace for the indoor environmental and energy services contracting industry. TRC staff exhibited and promoted the program to attending HVAC contractors.

PROGRAM EDUCATION AND OUTREACH

- **March 27th: YouTube Video Presentation (NEW!)**

TRC created and uploaded a video presentation entitled “Mercury Thermostats: A Historical Overview and Review of Current Legislation” to TRC’s YouTube channel. The video received 39 views in 2015.

- **March 25th: ACCA Town Hall Webinar (NEW!)**

A Town Hall Webinar was presented to ACCA members regarding the TRC Program.

- **April 7th – 10th: Used Oil/HHW Training Event (NEW!)**

Universal City, CA

TRC staff exhibited at the event, sponsored by CalRecycle and California Department of Toxic Substance Controls.

- **April 12th-14th: HARDI FOCUS Marketing & Sales Conference (NEW!)**

Charleston, SC

TRC staff attended this conference where marketing and sales professionals learn from joint sessions that help them align their strategies and improve synergy between departments.

- **May 28th: ACCA Webinar with Dynatemp (NEW!)**

TRC teamed up with Dynatemp, a refrigerant manufacturer and recycler, to present a Webinar on environmental compliance to the ACCA.

- **September 14th – 16th: NAHMMMA National Conference**

Austin, TX

TRC staff attended the conference and sponsored the silent auction. The conference facilitated peer-group interaction and exchange of ideas and information relating to hazardous materials management. TRC staff gave a presentation on techniques for marketing to target audiences, which was attended by more than 30 HHW professionals.

- **October 6th: EEBA Excellence in Building Conference & Expo (NEW!)**

Denver, CO

After joining the association and speaking with their Executive Director, TRC staff attended the show for the first time. The conference focused on ways for both residential/commercial HVAC contractors and home performance contractors to work together.

PROGRAM EDUCATION AND OUTREACH

- **October 7th: IFMA World Workplace Conference & Expo**

Denver, CO

Held annually, IFMA's World Workplace meets the educational and networking needs of professionals who support the built environment. IFMA promotes World Workplace year-round to more than 23,000 members in 85 countries; plus an additional 200,000 workplace professionals. TRC staff attended for the first time.

- **November 3rd-5th: Institute of Heating and Air Conditioning Industries (IHACI) Trade Show**

Pasadena, CA

IHACI is California's largest HVAC trade group and annually sponsors a one-day trade show at the Pasadena Convention Center. Attended by approximately 5,000 contractors and technicians, this is California's largest HVAC trade show. TRC raffled a cordless drill driver to increase booth traffic and attract participants to a survey designed to analyze contractor behavior with mercury thermostats.

- **December 5th – 8th: HARDI National Conference**

Orlando, FL

TRC staff again exhibited and participated in the "Booth Program," which provides for 1-on-1 sessions with senior executive staff from HARDI member companies. This event targeted representatives of approximately 80% of the wholesale market for HVACR products. TRC also presented its annual "Big Man on the Planet Award."

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

HVAC WHOLESALE DISTRIBUTOR OUTREACH

Ferguson Enterprises Onboarding

Ferguson Enterprises is the number one wholesaler in the country, owning more than 200 HVAC locations nationwide. Ferguson's corporate made a business decision to engage in both HVAC and blended Ferguson stores regardless of state mandatory programs. As a result of this initiative, Ferguson signed up 90 Ferguson Enterprise stores for the program, 3 of its Lyon Conklin Co. stores, and 2 of its Air Cold Supply stores. In addition, Ferguson purchased a current HVAC distributor whom uses the TRC program, Redlon and Johnson.

Ferguson sent an email in July to 15,910 subscribers announcing its partnership with TRC and highlighting the program (Exhibit 16).

Due to these efforts, collections from Ferguson owned distributors increased 37% percent in 2015.

EXHIBIT 16: FERGUSON NATIONAL EMAIL

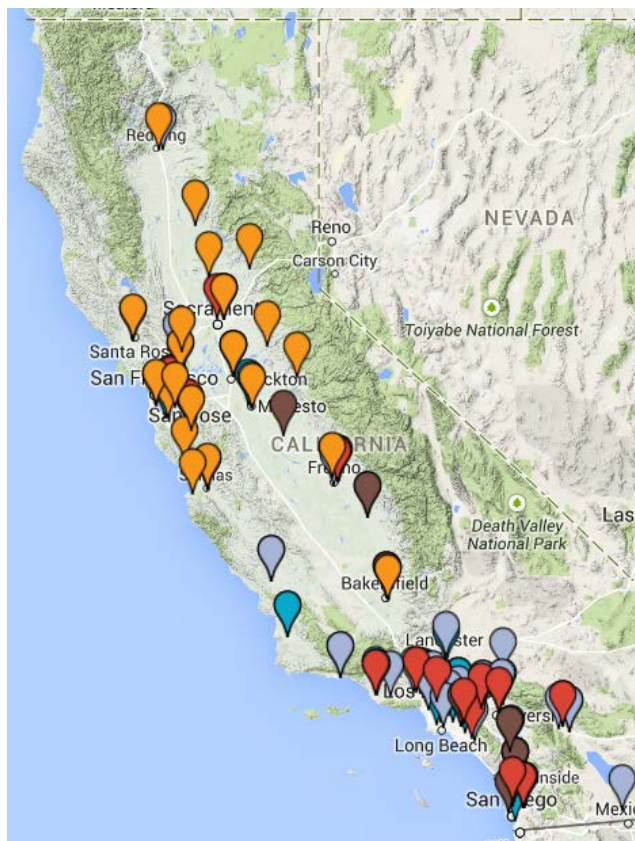

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Technician Loyalty Program

In 2014 TRC developed, “Recycle. Scratch. Earn,” an HVAC technician loyalty program. The program was implemented at select wholesale distributor locations and is accessible in all major markets in California and continued to run throughout 2015 (Exhibit 15).

EXHIBIT 17: HVAC TECHNICIAN LOYALTY PROGRAM PARTICIPATING LOCATION MAP

The program offers a scratch card worth 600 points for each mercury thermostat returned. Each scratch card contains a unique serial number to be entered online. Upon redeeming 8 scratch cards (4,800 points), participants are eligible to redeem the points for brand-name merchandise. Participants can also bank points for higher-value merchandise.

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Six HVAC wholesale distributors were invited to participate in the program based on markets served, as well as a demonstrated ability to support the program at each branch location.

The six wholesale distributors participating have a total of 119 total branch locations in California:

- USACD – 35 locations
- R.E. Michel Company – 12 locations
- Lennox Parts Plus – 16 locations
- Johnstone Supply San Diego Owner Group – 5 locations
- Johnstone Supply Fresno Owner Group – 5 locations
- United Refrigeration – 25 locations
- Slakey Brothers – 21 locations

The loyalty program includes a custom-made website (www.recycle-scratch-earn.com) for participants to enter/redeem points and view merchandise from the online catalogue.

TRC provided to all participating locations the materials necessary to implement the program, including the actual scratch cards (Exhibit 18), in-store program brochures (Appendix 8), and flyers (Exhibit 19).

EXHIBIT 18: LOYALTY PROGRAM SCRATCH CARD

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

EXHIBIT 19: LOYALTY PROGRAM FLYER

At program launch in September 2014, TRC committed to offering a quarterly employee incentive to participating branch locations for one full calendar year. Each bin a distributor branch location returns with a minimum of 40 mercury thermostats earned entry into a drawing for \$500.

Johnstone Supply National TV Giveaway Promotion

In September, Johnstone Supply launched a 40 inch TV giveaway at 383 of their stores nationwide, including 37 in California. Each mercury thermostat recycled earned entry into the giveaway. The promotion was in partnership with Honeywell; a customer could earn additional entries by purchasing any new Honeywell thermostat. During the promotion, Johnstone Supply incorporated the TV giveaway promotion into their recorded messaging for customers calling who are put on hold. The message was 45 seconds long and was in rotation with several other messages.

TRC provided Johnstone Supply full color 18x24 posters and a new cardboard header (Exhibit 20) for the TRC merchandise display to promote awareness of the program in stores. A 4x6 sized postcard (Exhibit 21) was then sent to all Johnstone locations on 10/15 as a reminder to send in their bins after the TV promotion ended.

Big Man on Planet Competition

TRC partnered with HARDI for the fourth annual Big Man on Planet (BMOP) competition. The competition was restructured to allow for four distributor winners (as opposed to three in 2014) and included a \$500-\$1,000 employee incentive to the top four branch locations within each tier. The restructuring was implemented to provide a more fair tiered system, putting distributors with a similar number of branch locations in competition with one another. In April TRC mailed an invitation to the executives of 357 HARDI member principle contacts encouraging their

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

participation in the program (Exhibit 22). The competition ran May 1st – October 31st and participating locations shipped a total of 432lbs of mercury during the competition.

EXHIBIT 22: BMOP INVITATION TO HARDI MEMBERS

Outside:

Inside:

Sign Up to Compete:

1. Confirm all your branch locations have a TRC container and are collecting mercury thermostats through TRC's program. If not, contact TRC at 888-266-0550 to enroll in the program and mention "BMOP" for a limited-time free recycling container.
2. Sign up for the Big Man on Planet (BMOP) competition by May 31st at www.thermostat-recycle.org/bmop.
3. Market your BMOP participation to customers by using free promotional materials emailed to you after signing up.

Why Compete?

BMOP is a competition for HARDI members to see which distributor can recycle the most mercury thermostats. So, why participate?

- Show customers your commitment to the environment by offering them a simple recycling solution.
- Go head-to-head with fellow distributors – don't give your customers a reason to recycle at your competitor.
- Earn bragging rights and the "BMOP Cup" at the 2015 HARDI Annual Conference where 4 winning distributors will be recognized.

Winners will be determined by total pounds of mercury recovered from thermostats received by TRC between 5/1/15 - 10/31/15.

\$500 Store Incentives Available!

Visit www.thermostat-recycle.org/bmop for more details.

Location calls

TRC staff made 87 phone calls to collection locations in California that hadn't returned a bin in more than 12 months. Calls reminded locations of the need to stay in compliance with accumulation time limits. TRC staff also offered to replace lost shipping labels, order FedEx Ground pickups for the bins, or provide free promotional materials. See Appendix 9 for a list of locations contacted.

Site Visits

A total of 66 California collection locations were visited by TRC staff in several key markets. The majority of locations visited were those that had not returned a bin within the past 12 months. Visits were conducted to ensure location staff was knowledgeable about the program, prepare the

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

bin and schedule a shipment if applicable, and supply any other necessary materials. See Appendix 10 for a complete list of locations visited.

Merchandise Displays for TRC Bins

Throughout the year TRC distributed branded cardboard displays to HVAC wholesale distributor collection locations to showcase the TRC container (Exhibit 23). The purpose of the displays is to enhance the visibility and accessibility of the program to contractors at HVAC wholesale locations. These displays were provided at no-cost to distributors.

In 2014 when TRC last ran data, the five largest HVAC wholesalers using the TRC merchandise display (Johnstone Supply, R.E. Michel, CC Dickson, Gustave Larson, and US Air Conditioning Distributors) collectively had seen a 25% increase in pounds of mercury recovered and a 45% increase in frequency of TRC bin returns year-to-date. Therefore, TRC plans to continue providing and encouraging the use of merchandise displays at HVAC wholesalers to help increase thermostat collections.

EXHIBIT 23: TRC MERCHANDISE DISPLAY

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

HVAC CONTRACTOR OUTREACH

Contractor Environmental Policy

TRC staff helped develop a draft model HVAC contractor environmental policy and shared it with the trade group, ACCA (Appendix 11). TRC's goal is to work with ACCA and other trade groups to provide this template as a service for contractor's employee handbooks.

Loyalty Program Participants

On 5/29 TRC sent an email to the 179 participants registered with the HVAC technician loyalty program (Appendix 12). The email was a reminder about the loyalty program and highlighted the prizes people had been redeeming, including an Amazon Kindle Fire. The purpose was to showcase how recycling efforts can pay off in receiving high-value prizes through the program.

PHCC of CA

In February of 2015 TRC staff had a call with the California Plumbing-Heating-Cooling Contractors Association (PHCC) to discuss collaboration opportunities. Both TRC and PHCC discussed that a membership was not the best path forward but instead agreed to review upcoming trade shows as potential for brand awareness.

HOUSEHOLD HAZARDOUS WASTE FACILITY OUTREACH

In September TRC developed a tri-fold brochure specifically for household hazardous waste (HHW) facilities in California to target their customers (Exhibit 24). It included information on how to locate HHW facilities using TRC's website and information on how to properly dispose of mercury thermostats. The brochure PDF is now available on TRC's website as a promotional toolkit download, and hard copies are available by request. TRC also provided 500 brochures to the County of Siskiyou General Services, Yreka to use at an event they were hosting.

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Additionally, TRC provided the California Product Stewardship Council a PDF of the brochure to include in an email blast. This resulted in making contact with the City of Oakland Public Works Department. TRC sent them 200 HHW brochures to share with property owners of multi-family properties in Oakland. The department also included a digital version on their property manager's toolkit online.

EXHIBIT 24: HHW TRI-FOLD BROCHURE

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

UTILITY PROGRAM/IMPLEMENTOR OUTREACH

The TRC staff engaged with the industry leading company, Cadmus, to produce a report identifying current demand response projects. This report was able to show TRC which implementers had current projects of demand response that involved thermostat replacement components. TRC focused efforts on these implementers as a source for large thermostat replacement in areas such as low-income and multi-family.

TRC staff wrote model utility implementer RFP requirements to share with utility companies (Appendix 13). The focus of the model is to help utilities expand environmental compliance requirements for their implementers. This language would essentially be a term of agreement between the utility company and the hired implementer. TRC also began engagement with two non-TRC members interested in the recycling mercury issue, ecobee and NEST, by submitting to them MOU's. All parties involved hope to do more with the TRC program.

In April TRC signed up the largest solar installer in the state, SolarCity, to be part of the program. A total of 31 locations were sent TRC recycling bins.

TRC engaged utility implementers who are members of Association of Energy Service Professionals (AESP). In May TRC sent an email to AESP's subscriber list to remind them of their regulatory obligations and offer them a free TRC recycling container (Appendix 14). TRC sent a follow up email in August (Appendix 15). The email in May received a 16% open rate and the one in August received an 18% open rate. TRC did not receive any requests for the free recycling bin offer.

HVAC TECHNICIAN SURVEY

TRC hired a third-party to create a contractor behavior survey to collect first-hand accounts about recycling practices and compliance patterns of technicians as well as company level acceptance/resistance to compliance. The technician survey was conducted in-person by TRC staff and administered via touch screen devices at several HVAC trade shows nationwide, including the

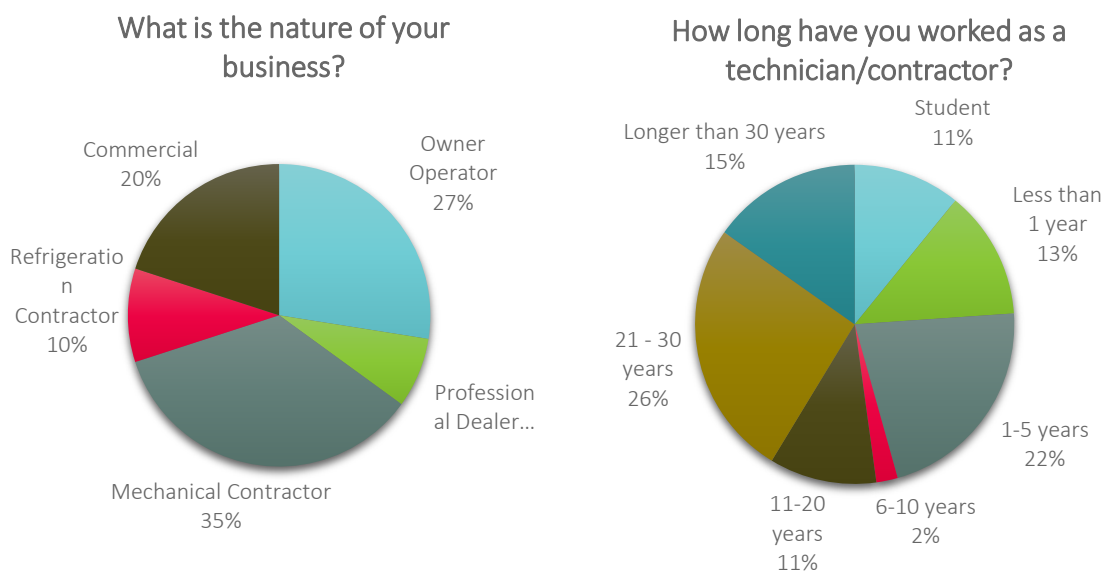

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

IHACI show in California. The surveys were initiated by asking contractors to take a brief five minute survey regarding recycling behavior for a chance to win a Bosch Tool.

If a technician indicated interest in participating they were handed the survey in the form of a touch-screen tablet which had the survey questions already displayed for convenience. Survey participation was incentivized by entry into a prize raffle for a Bosch tool give-away. The survey had 46 respondents, and while it included contractors from several states, generally contractor behavior tends to be similar nationwide.

Demographic

The first questions asked of the technicians were to determine their demographic:

The demographic data shows that there was a widely varied mix of business sectors and experience levels. This means that the findings from the survey can be applied generally without a need for demographic qualifiers. The largest business sector was Mechanical Contractor followed by Owner Operator. These two sectors comprised 62% of the responding technicians. The experience range of the respondents was diverse, reflecting a balance of both new and experienced technicians.

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Disposal

To better understand where technicians dispose of mercury thermostats the following question was posed:

Where do you dispose of the mercury containing thermostats you collect?

The above chart shows that the main location for the disposal of mercury containing thermostats is at the wholesaler. It also points out that roughly 25% of technicians do at least occasionally throw the thermostats in the trash. The data shows that when technicians do dispose of the mercury containing thermostats that they generally take them to the correct place, the wholesaler, but it also shows that there is room for improvement in keeping the thermostats out of the trash.

The survey then inquired about what internal mechanisms employers might be using to encourage technicians to recycle thermostats:

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Are you required by your employer to recycle mercury containing thermostats?

The fact that only 71% of employers require their technicians to recycle mercury containing thermostats might explain why 25% of technicians may occasionally dispose of them in the trash. In order to verify this a cross reference was drawn between whether employers require recycling and technicians that throw away thermostats in the trash.

Are you required by your employer to recycle mercury containing thermostats?

The above chart shows that 85% of technicians whose employer requires recycling of mercury containing thermostats actually recycle. By contrast, only 50% recycle without employer requirement. This strongly suggests that employer policies do have a substantive impact on recycling by employees.

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Mercury Containing Thermostat Prevalence

In an effort to determine how many mercury containing thermostats are still in use and whether the number in use has significantly decreased the following question was posed:

Would you say that during the time you have worked as a technician/contractor the number of mercury containing thermostats you encounter has...

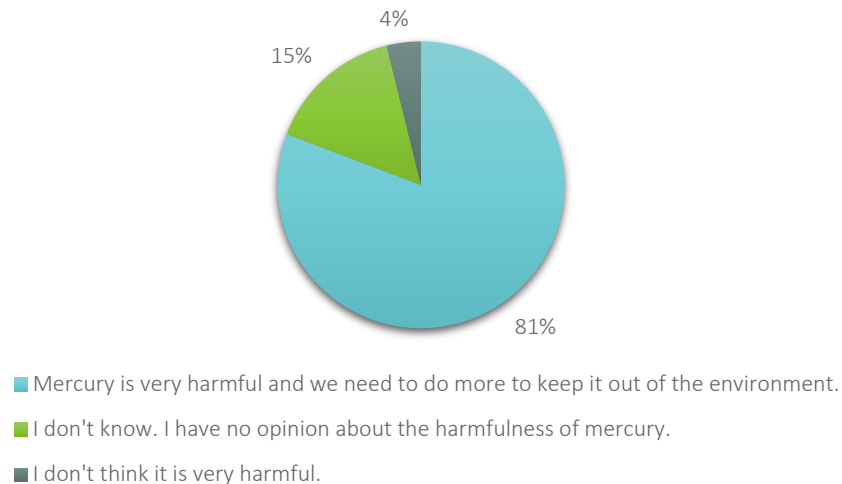

When asked how the number of mercury containing thermostats encountered during their career had changed most technicians felt that there had been a decrease. This leads to the conclusion that the number of available thermostats has also decreased.

Environmental Concern

To gauge the level of which technicians are concerned about the environment and how mercury plays in to that the following question was asked of technicians.

SUMMARY OF ADDITIONAL EDUCATION AND OUTREACH BY CHANNEL

Which of the following statements best reflects your personal opinion of the harmfulness of mercury?

The above chart identifies that most technicians feel that mercury is very harmful and needs to be kept out of the environment. This suggests that a campaign that highlights the negative impact that mercury has on the environment and draws the connection to how technician recycling can help reduce these impacts may be an effective way to boost participation.

Conclusions

The majority of technicians surveyed realize that mercury is harmful and needs to be kept out of the environment. However, 25% of technicians still dispose of mercury containing thermostats in the trash. Through this survey it is also known that over a quarter of technician employers do not require that their technicians recycle mercury containing thermostats. This suggests that TRC should work with employers to educate technicians on the program and encourage employers to require that mercury containing thermostats are disposed of properly. Since most technicians personally believe that mercury is bad for the environment creating an awareness campaign educating technicians on the importance of recovering mercury containing thermostats will aid in increasing participation. See Appendix 16 for survey raw results.

NATIONAL PROGRAM EXPENSES

Below is a summary of TRC's national program expenses for 2015. A copy of TRC's 2014 IRS Form 990 is included in Appendix 21.

EXHIBIT 25: 2015 PROGRAM ADMINISTRATIVE EXPENSES

Program Component	2014	2015	% Change
TRC Staff and Administration	\$ 593,631	\$ 625,205	5%
Recycling Costs	\$ 356,043	\$ 347,555	-2%
Incentive/Promotional Payments	\$ 47,712	\$ 42,224	-12%
New Collection Containers	\$ 15,108	\$ 10,960	-27%
Travel	\$ 70,120	\$ 81,152	16%
Legal	\$ 40,373	\$ 21,228	-47%
Direct Expense for Marketing & Outreach	\$ 289,347	\$ 277,995	-4%
Total (expenses)	\$1,412,333	\$1,406,319	0%

Compared to last year, variances in these program components were flat. Causes for changes include:

- **Recycling Costs:** A decrease in whole thermostats processed as compared to 2014. Recycling costs are directly related to how many whole thermostats are collected at TRC's processing facility in Golden Valley, MN. The program's collections decreased by a little over 2%.
- **Incentive/Promotional Payments:** Incentive payments in Maine were flat. In Vermont they were up with more Retailers and Wholesalers participating. California incentive expenses were down slightly, and Illinois promotional payments were down significantly due to a large wholesaler choosing not to participate in an incentive program.
- **New Collection Containers:** Orders were down 27%. TRC expects a continued decrease in container orders because the program is operating in a mature collection environment and available new locations to collect are decreasing.
- **Travel:** The Director of National Accounts spent more than 60% of his time attending trade shows, site visits, and attending meetings with key corporate contacts. TRC visited 22 states, up 38% compared to 2014.

NATIONAL PROGRAM EXPENSES

- Direct Expense for Marketing and Outreach:** The category used for Marketing Consulting was down considerably compared to 2014 due to the Director of Marketing and Communications taking on more responsibility. TRC also spent less on retail displays compared to 2014. This is as a result of declining available locations which were willing to accept merchandising displays for their businesses. Lastly, both Advertising and Graphic Design increased as TRC created its new 2016 marketing campaign, “Recycle every mercury thermostat, every time”.

EXHIBIT 26: 2015 PROGRAM EXPENSES WITH CALIFORNIA SPECIFIC COSTS

Program Component	Total Expenses	CA
TRC Staff and Administration	\$ 625,204.88	\$ 44,137.29
Recycling Costs	\$ 347,555.25	\$ 31,955.00
Incentive/Promotional Payments	\$ 42,224.42	\$ 12,597.69
New Collection Containers	\$ 10,960.00	\$ -
Travel	\$ 81,152.16	\$ 10,655.88
Legal	\$ 21,228.28	\$ 1,252.77
Direct Expense for Marketing & Outreach	\$ 277,994.50	\$ 16,618.46
Total (expenses)	\$ 1,406,319.49	\$ 117,217.08

- TRC Staff and Administration:** On July 1st 2015, TRC changed policy regarding tracking of employee’s time worked. This procedural change was predicated by state specific statutory regulations for TRC, particularly requirements on TRC to report costs associated with its employee’s time allocated to state specific activities. This policy change was for all TRC employees, including those who were exempt and non-exempt. The procedure was implemented starting in July to offset this requirement. Although not a perfect subset of data, the hours worked (as a percentage) were then mirrored to reflect employee’s time worked for the first half of the year. The decision to mirror time worked was determined due to the inaccuracies of having each employee go back to the start of the year and identify their hours worked by state, particularly for those employees whom were exempt. TRC acknowledges that it may under-estimate the hours worked in the state for 2015.

NATIONAL PROGRAM EXPENSES

However, all new employees after July 1st 2015 and any time entered for 2016 will accurately capture each employee's actual time worked by state.

- **New Collection Containers:** Fulfillment of new collection containers is done annually at TRC's processing facility in Golden Valley, MN. TRC does not currently allocate the costs of new containers to specific states, instead choosing to keep this in one cost center and including any costs from an order for containers in "Recycling Costs". In 2015, California ordered 10.89% of all new container orders.

LISTING OF 2015 CHANGES & EVALUATION

This section of the report examines the annual performance of the thermostat collection recycling program in terms of bins, thermostats, and mercury collected as well as the year over year progression of the program.

TRC notes, that the mercury auto switch (ELVS) program collections have been trending downward or flat at best in recent years in California. According to a recent report, “they have not been placed in vehicles since model year 2003.” Mercury switch thermostats have not been sold since the mid 2000’s. Moreover, many were replaced with non-mercury units because electronic programmable thermostats had become available many years earlier. Thus, given the correlation of neither discontinued product being placed in the market for 10 or more years, TRC results will reflect similar indicators from the mercury auto switch program.

PROGRAM PERFORMANCE OVER TIME

On average, the program has **collected 127.6 pounds of mercury and 9,553 thermostats per year** since 2001. In 2015 the program **collected 214.84 pounds of mercury from 18,260 thermostats**, a decrease from the previous year of 19.5% in pounds of mercury and 9.5% in thermostats. Figure 1.1 displays the total number of bins collected, the total number of thermostats, and the total pounds of mercury collected in the state since the beginning of the program.

LISTING OF 2015 CHANGES & EVALUATION

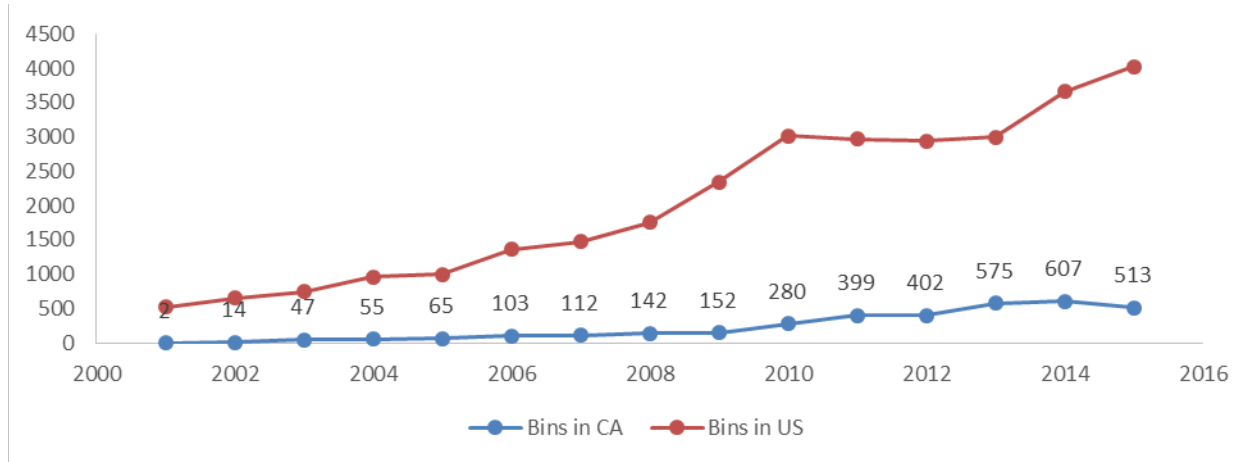

FIGURE 1.1: PROGRAM PERFORMANCE OVER TIME

Year	Number Bins	Number Stats	Lbs Mercury

2011	399	18,697	254.84
2012	402	16,353	219.70
2013	575	20,956	265.52
2014	607	20,178	266.89
2015	513	18,260	214.84
<i>Average</i>	<i>231.2</i>	<i>9,553.1</i>	<i>127.6</i>
<i>Total</i>	<i>3,468</i>	<i>143,297</i>	<i>1,913</i>

Figure 1.2 graphically displays the number of bins collected in the state over time as well as the total number of bins collected in the US over the same time period. The figure shows that the number of bins collected annually increased from 2001 to 2014, but fell slightly from 2014 to 2015. The largest increased were seen from 2009 to 2011 and from 2012 to 2013.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 1.2. BINS COLLECTED OVER TIME IN STATE AND NATIONALLY

In CA, the **pounds of mercury collected in 2015 decreased by 19.5% over 2014 levels**. Since 2001, the annual pounds of mercury collected in CA has increased by an average of 43%. During the same time period, the pounds of mercury collected in the nation increased by 17% per year. From 2002 through 2010 the pounds of mercury collected in the state increased annually by an average of 64.8%, from 2011 through 2015, the pounds of mercury collected increased annually by an average of only 5.0%. Figure 1.3 displays the total number of pounds of mercury collected in the state over time as well as the year over year percent increase (or decrease) in the state and the US as a whole.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 1.3: POUNDS OF MERCURY COLLECTED IN PROGRAM AND YEAR OVER YEAR CHANGES IN STATE AND US.

Year	Total Lbs Hg	% Change State	% Change US
2001	4.94	NA	89.4%
2002	10.47	111.9%	13.7%
2003	38.89	271.4%	11.0%
2004	36.57	-6.0%	17.0%

2015	214.84	-19.5%	-1.4%
Average	127.56	43%	16%

The state of CA collected 18,260 thermostats in 2015. This was a **9.5% decrease from the number of thermostats collected in 2014** but a **257% increase in the last decade**. The number of thermostats collected annually in CA has increased by an **average of 55% every year since 2001**. During the same time period, the number of thermostats collected in the US has increased by an annual average rate of 11%. Figure 1.4 displays the total number of thermostats collected in the state and the nation and figure 1.5 shares the underlying data as well as the calculated year over year percent change.

LISTING OF 2015 CHANGES & EVALUATION

Average	9,553.1	135,784.1	55%	11%

LISTING OF 2015 CHANGES & EVALUATION

Figure 1.6 displays the monthly distribution of bins and thermostats collected in the state over 2015. The months with the greatest number of bins returned were **December** (60 bins), **August** (54 bins) and **January** (51 bins). The months with the greatest number of thermostats returned were **December** (1,872 thermostats), **January** (1,843 thermostats), and **August** (1,800 thermostats). Conversely, the months with the fewest number of thermostats returned in 2015 were February, June and March.

FIGURE 1.6. THERMOSTATS AND BINS COLLECTED PER MONTH 2015

The highest number of thermostats per bin returned was in **February** (42.8) and **May** (41.5). Figure 1.7 shows the average number of thermostats per returned bin per month for the year.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 1.7: AVERAGE THERMOSTATS PER BIN RETURNED PER MONTH

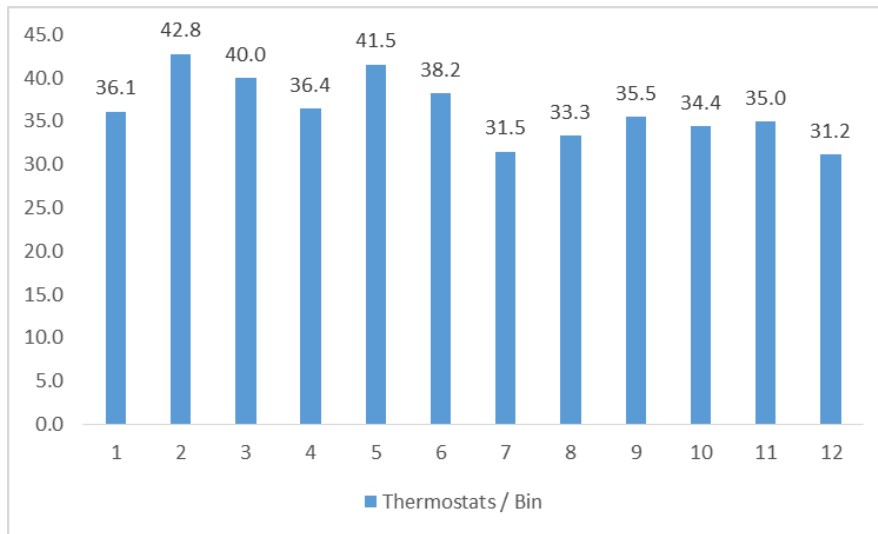

Figure 1.8 displays the average number of thermostats returned per bin in the state and in the US since the beginning of the state program. Nationally, the number of thermostats per bin has been decreasing annually since 2000. In CA the number of thermostats per bin in 2015 (**35.6 thermostats / bin avg.**) was the lowest on record with the exception of 2014, when the average was 33.2 thermostats per bin. The 2015 average was below the 15 year average of 49.8 thermostats per bin.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 1.8: AVERAGE NUMBER OF THERMOSTATS PER BIN OVER TIME IN STATE AND NATIONAL

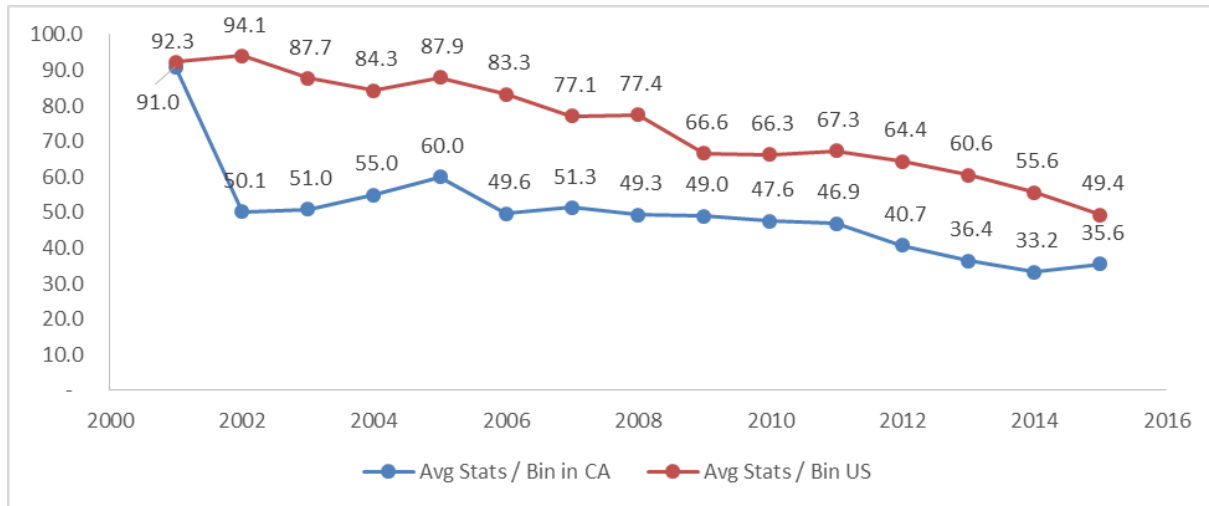

Figure 1.9 plots the total bins returned over time along with the average number of thermostats per bin over the same period to see whether or not there is a relationship between the two. A linear regression found a negative correlation ($r=-.72$, slope $=-.046$) between the two variables. This suggests that as more bins are returned, the number of thermostats per bin declines.

FIGURE 1.9: TOTAL BINS AND AVERAGE NUMBER OF THERMOSTATS PER BIN OVER TIME

LISTING OF 2015 CHANGES & EVALUATION

The **total pounds of mercury collected per 10,000 residents was 0.55 in 2015**. This is lowest figure for pounds of mercury per 10,000 residents since 2010. The record high for the state of CA of 0.69 pounds of mercury collected per 10,000 residents was set in 2013. While the 2015 figure is a 20% decrease below the 0.69 pounds per 10,000 residents collected in 2014, it is two and a half times greater the 0.22 pounds per 10,000 residents collected a decade ago. There was a major increase in pounds per resident collected from 2009 to 2011, and since 2011 the pounds collected per 10,000 residents has remained above .50. Figure 1.10 displays the total pounds of mercury collected per 10,000 state residents over time.

FIGURE 1.10: POUNDS OF MERCURY COLLECTED ANNUALLY PER 10,000 RESIDENTS

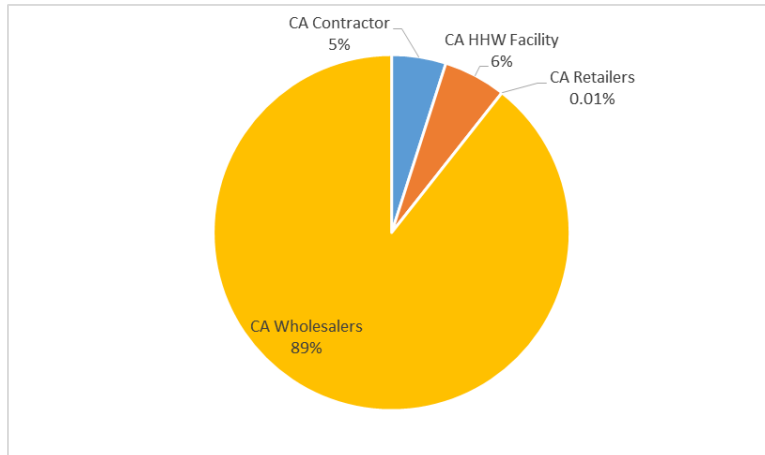

CHANNEL PARTNER ANALYSIS

This section of the report examines the partner locations in more detail. The majority of thermostats collected in state were through **wholesalers (89%)** with the remaining thermostats collected by **household hazardous waste facilities (6%)**, **contractors (5%)** and **retailers (0.01%)**. Figure 2.1 shows the distribution of thermostats collected by location type in 2015.

LISTING OF 2015 CHANGES & EVALUATION

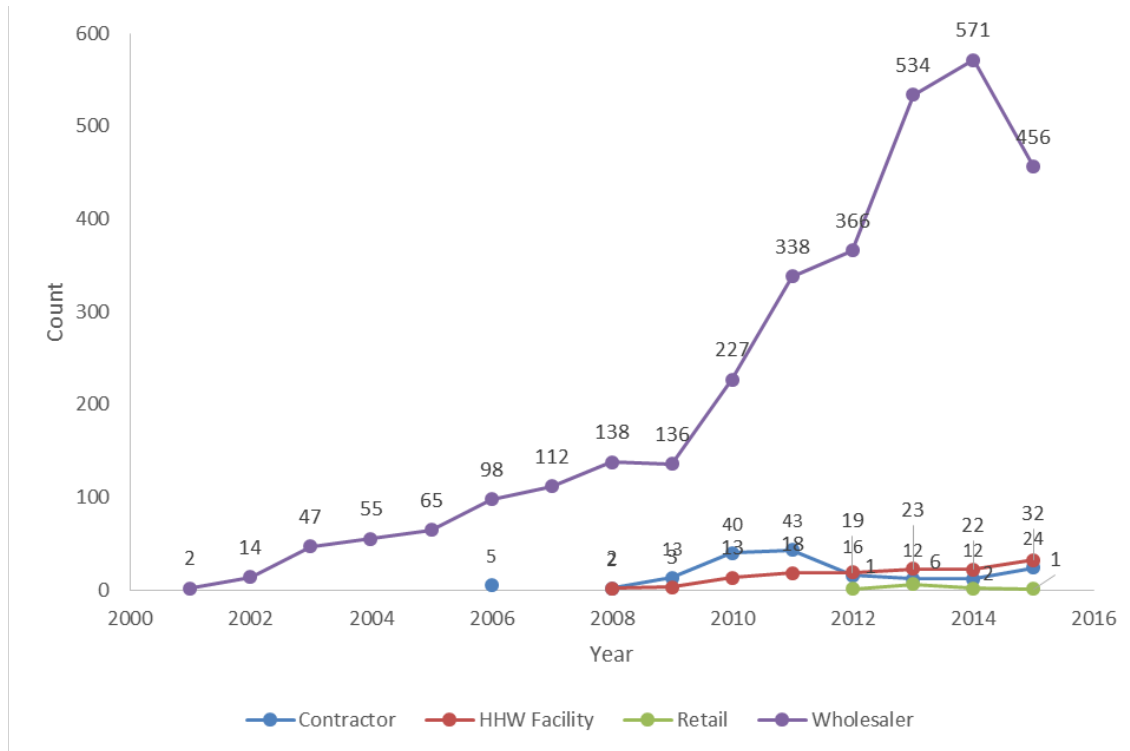

FIGURE 2.1: THERMOSTATS COLLECTED BY LOCATION TYPE IN 2015

The number of bins returned by wholesalers decreased from 571 bins in 2014 to 456 bins from wholesalers in 2015, yet wholesalers remain by far the most common returner of bins in the state. The number returned by household hazardous waste facilities increased from 22 bins in 2014 to 32 bins in 2015. At the same time, the number of bins returned by contractors increased from 12 to 24 from 2014 to 2015. Figure 2.2 displays the change in the number of bins returned by thermostat collection type over time in the state.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 2.2: THERMOSTAT BIN RETURNS BY LOCATIONS OVER TIME

In 2015, **61.7% of the locations** that had a bin in the state of CA sent back at least one bin for recycling. The distribution is displayed in Figure 2.3.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 2.3: PERCENTAGE OF STORES RETURNING A BIN IN 2015

Figure 2.4 is a scatter plot comparing the frequency of bin returns per location and the number of thermostats per bin. The analysis sought to determine whether there was any correlation between the frequency of return and the number of thermostats per bin. While there was only a weak statistical correlation between the two variables, the scatter data does seem to slightly indicate that bins that were returned more frequently also tended to have more thermostats per bin in CA.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 2.4: CORRELATION OF FREQUENCY OF BIN RETURN AND NUMBER OF THERMOSTATS PER BIN

An analysis of the top performing counties in terms of total bin returns and total thermostats returned in 2015 was conducted. The county with the most bins returned in 2015 was **Los Angeles (152 bins)**, followed by **San Diego (51 bins)** and **Orange (34 bins)**. The counties with the most thermostats returned in 2015 were also **Los Angeles (5,625)**, **San Diego (1,866 thermostats)** and **Orange (1,770 thermostats)**. Figure 2.5 displays the total bins and thermostats returned, by county, in 2015.

TRC conducted several activities in 2015 as a way to increase the number of bins and thermostats returned in the state. These activities included site visits and ‘miss you’ calls to collection locations that may not have participated in the program recently. In 2015, a total of **66 site visits** were conducted in CA and **87 ‘Miss You’ calls** were placed. Figure 2.8 displays the relationship between

LISTING OF 2015 CHANGES & EVALUATION

the number of site visits per month, the bin returns per month, and the number of thermostats (in 100's) returned per month. Although the figure seems to suggest there is a positive relationship between the number of visits and calls with the number of thermostats returned (in the figure the number of bins seems to go up at the same time as the number of visits), there was not a statistically significant relationship between the two variables.

FIGURE 2.8: RELATIONSHIP BETWEEN SITE VISITS AND BINS AND THERMOSTATS RETURNED PER MONTH

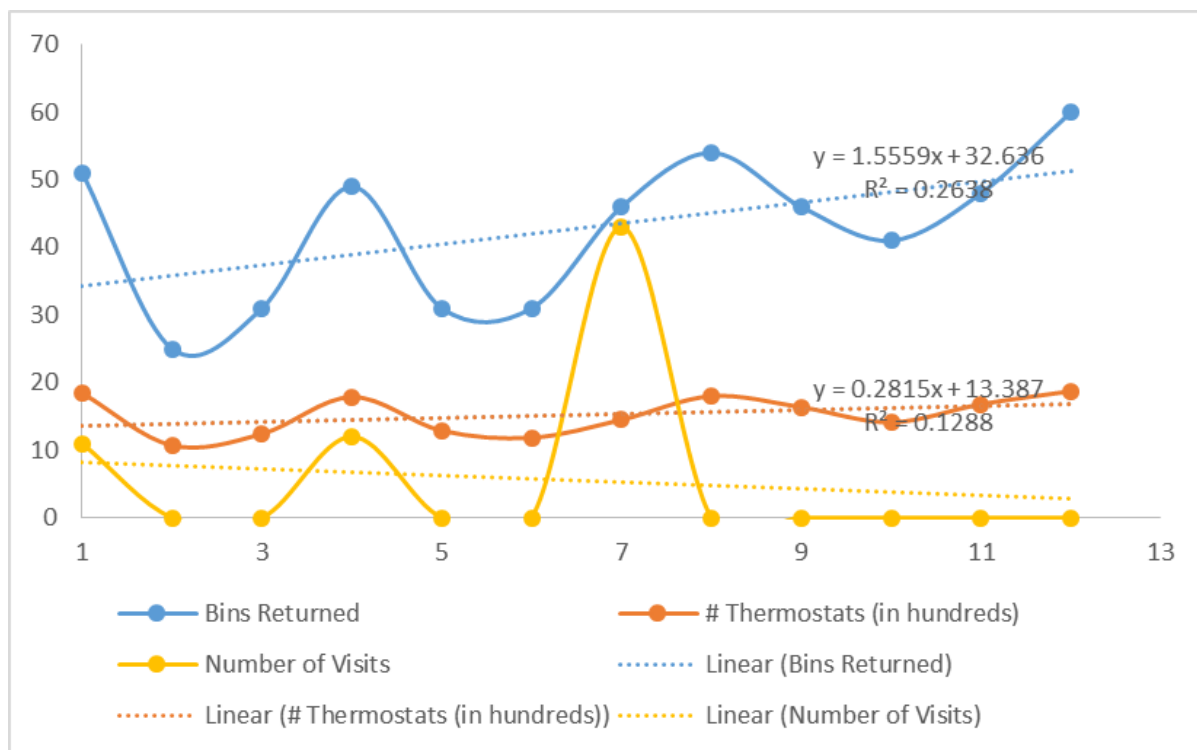

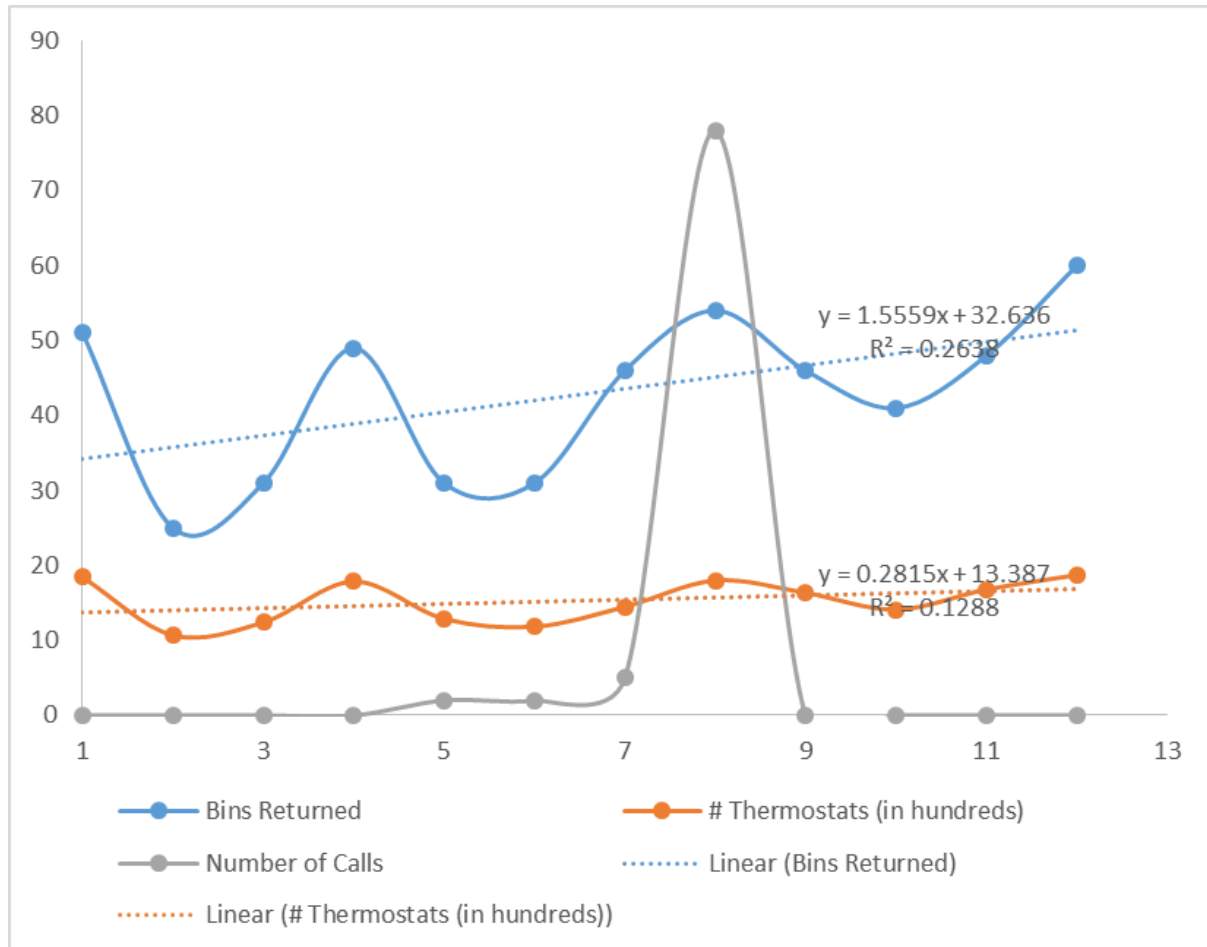

Figure 2.9 displays the relationship between the number of calls per month, the bin returns per month, and the number of thermostats (by 100's) returned per month. Once again there was not a statistically significant relationship between the two variables.

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 2.9: RELATIONSHIP BETWEEN ‘MISS YOU’ CALLS AND BINS AND THERMOSTATS RETURNED PER MONTH

COMPARISONS TO NATIONAL AND OTHER STATE'S DATA

To compare how the state collection partners performed in 2015, the national averages for the number of bins returned per total locations since 2012 was calculated and compared to the state average over the same time period. The average numbers of bins includes locations that did not return any bins in a given year. It should be noted that when making comparisons each state has different regulations, housing stock mix, local policies, and incentives that may have a significant

LISTING OF 2015 CHANGES & EVALUATION

impact on returns. Overall, the average number of bin returned per location per year was higher in CA than the US average and the annual averages are shown in figure 3.1.

FIGURE 3.1: AVERAGE NUMBER OF BINS RETURNED PER LOCATION PER YEAR

	2012	2013	2014	2015
US Total	1.4	1.4	1.6	1.8
CA Average	2.7	3.8	4.0	3.4

Figure 3.2 displays the top 10 performing locations in CA since 2012 and figure 3.3 displays the top 10 partners in the US over the same time period in terms of the number of bins returned. US Air Conditioning Distributors, Johnstone Supply, and Refrigeration Supplies Distributor have consistently been the top 3 performers in the state since 2012. United Refrigeration, Johnstone Supply Co., R.E. Michel Company, and Ferguson are top performers on both the state and the national lists.

Figure 3.4 displays the total percentage of locations per state and for the entire US with a bin that participated in the program in 2015 (participation is defined as sending back at least one bin). In 2015, **38.3% of the locations in CA returned a bin** compared to a **national average of 37.1%**. The state with the highest percentage of locations returning a bin in 2015 was MN (54.5%).

LISTING OF 2015 CHANGES & EVALUATION

FIGURE 3.4: PERCENTAGE OF LOCATIONS RETURNING A BIN IN 2015

Figure 3.5 compares the state and national rates for a number of analytics in 2015. These include: the total thermostats and bins collected, the number of collection locations in each state per 10,000 residents, the number of thermostats collected by total locations and per participating location, the number of thermostats per bin returned on average in 2015, and the number of thermostats collected in each state and the US per 10,000 residents. The figure indicates that CA is performing well in terms of thermostats collected per location and thermostats per location returning a bin.

LISTING OF 2015 CHANGES & EVALUATION

PROGRAM MODIFICATIONS

2016 DTSC SETTLEMENT FOR SUMMARIES OF VIOLATIONS (2013 & 2014)

Thermostat Recycling Corporation (TRC) continues to work diligently with member companies, interested stakeholders, and the State to maximize efforts to collect mercury thermostats in California. TRC's collections in California since 2008 have reduced the amount of remaining mercury thermostats still in use, which is reflected in declining collections. This is consistent with national trends. TRC collects more mercury thermostats in California than in any other state.

The manufacturers did not meet the collection goals set by the DTSC for 2013 and 2014. On February 10th 2016, twenty-five manufacturing members of the TRC entered into a consent order to improve collection methods and test programs to increase awareness and participation.

The consent order consists of three principal components: preparation, submission, and approval of an outreach plan; testing pilot projects and a program modification plan considering both the outreach and pilot projects' conclusions. An assessment will be conducted of both the effectiveness of the strategies and also their scalability/replicability.

TRC designated Steven B. Hellem as the TRC Project Manager for implementation of the consent order requirements. Consultants and experts will be engaged to support the various projects.

TRC and its members look forward to continued collaboration with the DTSC in ongoing efforts to help maximize collection of the remaining mercury thermostats in California.

2016 ANNUAL GOALS

TRC again set annual goals for the organization for the calendar year of 2016. The 2016 goals were developed by TRC staff and incorporate each operational area of the organization, including:

- 1) Continue to increase efforts of collecting mercury thermostats by exploring non-traditional avenues

PROGRAM MODIFICATIONS

- 2) Steer TRC toward tactical, positive, cohesive messaging while implementing marketing strategies
- 3) Continue fulfilling all members' state specific legal requirements without losing continuity
- 4) Maximize human capital opportunities by utilizing available internal and external resources

Many of the activities which drive TRC's daily functions are captured in the spirit of these goals. Developing a list of high level external goals allows TRC to keep its focus on the ultimate mission of recycling every mercury thermostat, every time.

COLLECTION LOCATION TOUCH CAMPAIGN

In 2016 TRC will launch a comprehensive location outreach plan that strategically coordinates and schedules outbound phone calls, reminder postcards, and site visits throughout the year. Designed around the year's site visit travel schedule, phone calls have been scheduled to occur within two months of TRC staff physically visiting a state, and postcards have been scheduled to follow up these phone calls within two months. Special attention will be focused on states with mandatory collection programs, including Illinois, which will entail up to 120 phone calls to collection locations that have not returned a bin within the past year. States with non-mandatory collection programs will continue to receive up to 60 collection location phone calls in 2016.

Additionally, each state's TRC collection locations which haven't returned a bin within the last year will continue to receive reminder "Miss you" postcards every four months of the year. By strategically coordinating the time of outreach between these three mediums (site visits, phone calls, postcards) TRC hopes to maximize the impact of each initiated contact effort.

BRANDING CAMPAIGN

In January TRC placed a full page color ad in *ACHR News*, one of the industry's leading HVAC publication with a weekly circulation of more than 33,000 (Exhibit 27). The ad appeared during the week of the AHR Expo, which is one of the more popular issues of the magazine. The ad tied TRC's members and affiliates together around the positive call to action of recycling every mercury

PROGRAM MODIFICATIONS

thermostat, every time. TRC resized this ad to place a half-page size in the February issue of *HVACR Business Magazine* as well.

EXHIBIT 27: ACHR NEWS FULL PAGE AD

**AN IMPORTANT MESSAGE TO
HVAC CONTRACTORS:**

EVERY **MERCURY** EVERY
THERMOSTAT TIME

Mercury thermostats contain between **3-12 grams of mercury**. As an industry, we sold and installed these devices. Now, let us work together to **properly manage their disposal**.

 **Thermostat Recycling**
CORPORATION
an industry-funded non-profit

Additionally in January, TRC launched a new branding campaign, “Recycle every mercury thermostat, every time” (Exhibit 28). The campaign messaging is based off frequent feedback TRC staff receives when contractors say “What’s the big deal about mercury? I used to play with it in school as a kid.” This new messaging compares mercury thermostats to kids playing with HVAC tools. HVAC tools are safe when used properly, just like mercury thermostats are safe when recycled and disposed of properly.

PROGRAM MODIFICATIONS

EXHIBIT 28: NEW BRANDING CAMPAIGN

The advertisement features a green header with the Thermostat Recycling Corporation logo and the text "Thermostat Recycling CORPORATION". Below this, a green banner contains the question "WOULD YOU LET YOUR KIDS PLAY WITH THESE?". The main image shows two children, a boy and a girl, holding power tools (a drill and a chainsaw) in a playful manner. To the left of the children, text reads: "You may have played with mercury as a kid, but times have changed." Below this, it says "RECYCLE EVERY MERCURY THERMOSTAT, EVERY TIME." At the bottom left is a green recycling bin icon, and at the bottom right is the website "WWW.THERMOSTAT-RECYCLE.ORG".

Thermostat Recycling CORPORATION

WOULD YOU LET YOUR KIDS PLAY WITH THESE?

You may have played with mercury as a kid, but times have changed.

RECYCLE **EVERY** MERCURY THERMOSTAT, **EVERY** TIME.

WWW.THERMOSTAT-RECYCLE.ORG

TRC updated its trade show booth display with the new artwork and messaging, and the campaign will continue throughout the year in print and digital advertising placements with several different versions featuring different kids with tools.

PAID ADVERTISING

Additionally, TRC is currently working to update its Google AdWords campaign to include display ads, which include images versus only text, to enhance the visibility of the ads. TRC also plans to implement Facebook, and potentially YouTube, advertising in the spring and fall during the HVAC

PROGRAM MODIFICATIONS

industry's shoulder (busier) seasons. Ads will have similar messaging to the Google AdWords campaign and be targeted to states with disposal bans.

Some additional planned advertising and promotion (subject to change) include:

- 1/2pg spot-color ad in *HVAC Insider Goldenwest* for four months
- 1/8pg two-color ad in *Indoor Comfort News* for six months
- 1/4pg full-color ad in *Distribution Center Magazine* for three months
- Skyscraper banner ad on ACHRNews.com for two months
- Website Topic Sponsorship on ACHRNews.com for three months
- Top leaderboard ad in *ACHR News* newsletter for two months
- *ACHR News* digital edition video spotlight
- *ACHR News* digital edition sponsorship
- Feature leaderboard ad in NATE's bi-monthly newsletter for two months
- Medium rectangle banner ad in *Distribution Center's* weekly newsletter for two months
- Banner ad in AHRI's weekly newsletter for 13 weeks
- *HVACR Business Magazine's* web package for two months, including a video and three different sized ads on their website
- Continue to exhibit at regional and key national industry events.
- TRC plans on continuing efforts to engage larger contractors and HVAC wholesale distributors.

APPENDIX 1: LETTER TO WHOLESALE LOCATIONS WITHOUT TRC BINS

Hajoca - San Diego
ATTN: Branch Manager
7813 Ostrow St
San Diego, CA 92111

Subject: Compliance with California Mercury Thermostat Recycling Law

Dear Branch Manager,

I am writing you because HVAC Wholesale Distributors in the state of California are required to act as a collection point for waste mercury thermostats. Otherwise they are prohibited from selling any thermostat. Thermostat Recycling Corporation (TRC) has no record of your branch location participating in its program and as such it seems likely your business is not in compliance with California law.

TRC is a non-profit organization funded by thermostat manufacturers. It operates the mandatory collection program in California and provides HVAC wholesalers an easy means of complying with the law. Participating wholesale locations are provided with a plastic recycling bin to collect and transport mercury thermostats. This bin contains a liner, instructions, and a pre-paid shipping label to be used to return the bin to TRC.

All that is required from wholesale distributors is to collect waste mercury thermostats from their customers and ship the recycling bin to TRC at least once per year. They also must promote the availability of the program using the provided marketing collateral. Upon receiving the bin, TRC empties it and returns it refilled with the materials repeating the process. There are no recurring fees to participate in the program.

Complete the attached form to order a container. If you reply within 15 days, TRC will waive the customary \$25.00 participation fee. For more information, TRC can be found at www.thermostats-recycle.org or please call me direct at 571-302-0877.

Looking forward to speaking,

Ryan L. Kiscaden
Director of National Accounts
Thermostat Recycling Corporation

APPENDIX 2: LETTER TO CEO'S

1765 Duke Street | Alexandria, VA 22314 | thermostat-recycle.org

July 1, 2015

Subject: Compliance with California Mercury Thermostat Recycling Law

Dear Mr. Klau:

I am writing you to highlight a recent correspondence Thermostat Recycling Corporation (TRC) sent Hajoca Corporation's branch locations in California. HVAC Wholesale Distributors in the state of California are required to act as a collection point for waste mercury thermostats. Otherwise they are prohibited from selling any thermostat. TRC has no record of your branch location participating in its program and as such it seems likely your business is not in compliance with California law.

TRC is a non-profit organization funded by thermostat manufacturers. It operates the mandatory collection program in California and provides HVAC wholesalers an easy means of complying with the law. Participating wholesale locations are provided with a plastic recycling bin to collect and transport mercury thermostats. This bin contains a liner, instructions, and a pre-paid shipping label to be used to return the bin to TRC.

All that is required from wholesale distributors is to collect waste mercury thermostats from their customers and ship the recycling bin to TRC at least once per year. They also must promote the availability of the program using the provided marketing collateral. Upon receiving the bin, TRC empties it and returns it refilled with the materials to repeat the process. There are no recurring fees to participate in the program.

The attached participation form is an example order form TRC has sent Hajoca branches. For more information, TRC can be found at www.thermostats-recycle.org or please call me direct at 571-447-4312.

Sincerely,

Mark Tibbetts
Executive Director

ENCLOSED:
TRC Letter to CA Hajoca Branches
CA Assembly Bill No. 2347
HVACR Wholesale Participation Form

APPENDIX 3: OEM LETTER CLEANOUT

1765 Duke Street | Alexandria, VA 22314 | thermostat-recycle.org

July 17th, 2015

Subject: Free disposal of obsolete/New Old Stock (NOS) or waste mercury thermostats

Dear Mr. Trimbach:

Many thermostats manufactured prior to 2008 contained mercury and the sale of these devices have been banned by many states. Most distributors have written-off stranded inventory of mercury thermostats, but it has come to TRC's attention that many of these units have yet to be disposed of and may remain at either branch or central distribution locations.

Moreover, TRC routinely finds boxes or old TRC containers with waste mercury thermostats at branch locations. Federal regulations prohibit the accumulation of waste mercury thermostats for more than one year. Any waste mercury thermostats that have been at your facilities for more than one year should be shipped to TRC immediately.

Thermostat Recycling Corporation will assist you with the proper disposal of all mercury thermostats at your facilities. It costs over \$3 per pound for the proper disposal of these devices through a hazardous waste handler. Why incur these costs, when TRC will provide **FREE collection bins and pay all transportation/disposal costs to facilitate the proper disposal of these devices.**

Please review your inventory for any NOS mercury thermostats or waste mercury thermostats returned by customers at all of your facilities. Attached is a template of an internal memo to help facilitate this process. Please contact Ryan Kiscaden, TRC'S Director of National Accounts, at 571-302-0877 if you have any questions or need further assistance.

Sincere Regards,

Mark Tibbetts
Executive Director

P.S. Don't forget any mercury thermostat returned from your branches counts towards the Big Man on Planet Competition.

APPENDIX 5: DECEMBER LETTER TO CONTRACTORS

Did you know?

One mercury thermostat contains approximately **1,000** times more mercury than a CFL bulb.

.....
TRC runs a program where you can recycle mercury thermostats **for free** at HVAC wholesaler locations.

TRC's program offers a free and simple way to properly dispose of mercury thermostats. Next time you visit a participating HVAC wholesaler location, bring all mercury thermostats you've accumulated to recycle.

Visit www.thermostat-recycle.org/search to see a full list of participating collection sites near you, or call TRC at **888-266-0550** with any questions.

APPENDIX 6: CONTRACTING BUSINESS JAN EBLAST

Free Mercury Thermostat Recycling

Stay in Compliance with State Laws

Your state prohibits the disposal of all mercury thermostats in solid waste*. Many states go further by requiring all HVAC contractors to recycle every mercury thermostat removed from service — prohibiting them to leave them at the customer's premise. **Violations can result in fines up to \$25,000 per day.**

Thermostat Recycling Corporation (TRC) offers a program to help HVAC contractors comply with the law. As a non-profit, TRC provides mercury thermostat recycling containers to your **local HVAC wholesalers** to collect them at no cost to you.

If you are an HVAC wholesale distributor or contracting business with seven or more technicians, you may participate directly in TRC's program by ordering a collection container. **Sign up by 2/13 and enter Promo Code CBEMAIL to receive a free recycling container** that holds approximately 100 mercury thermostats and contains all necessary materials to return the container to TRC at no cost to you.

Visit www.thermostat-recycle.org to learn more about how easy it is to take advantage of the program.

*Disposal bans apply in the following states: CA, CT, FL, IA, IL, ME, MA, MN, NY, NH, OR, PA, RI, and VT.

Free Mercury Thermostat Recycling

Stay in Compliance with State Laws

Your state prohibits the disposal of all mercury thermostats in solid waste*. Many states go further by requiring all HVAC contractors to recycle every mercury thermostat removed from service - prohibiting them to leave them at the customer's premise. **Violations can result in fines up to \$25,000 per day.**

Each mercury thermostat contains at least 1,000 times more mercury than a CFL bulb. Would you throw 1,000 CFLs in the trash? Make sure to recycle every mercury thermostat, every time.

Thermostat Recycling Corporation (TRC) offers a program to help HVAC contractors comply with the law. The non-profit provides mercury thermostat recycling containers to your local HVAC wholesalers to collect them at no cost to you.

If you are an HVAC wholesale distributor or contracting business with seven or more technicians, you may participate directly in TRC's program by ordering a collection container. **Sign up by 6/30 and enter Promo Code CBEMAIL to receive a free recycling container** that holds approximately 100 mercury thermostats and contains all necessary materials for recurring shipments to TRC at no cost to you.

Visit www.thermostat-recycle.org to learn more about how easy it is to take advantage of the program.

*Disposal bans apply in the following states: CA, CT, FL, IA, IL, ME, MA, MN, NY, NH, OR, PA, RI, and VT.

APPENDIX 8: HVAC TECHNICIAN LOYALTY PROGRAM BROCHURE

What is the Recycle, Scratch, Earn Program?

A loyalty program that offers registered participants the opportunity to earn points for qualifying activities. Participants may redeem points for a wide variety of consumer goods and services, such as merchandise, entertainment or travel from the online catalog of rewards. From the latest in Apple products, to concert tickets, to airfare and hotel accommodations, this program offers outstanding quality and robust selection options.

How does the Recycle, Scratch, Earn rewards program work?

Return one+ waste mercury thermostats to a participating HVAC wholesale collection location to receive a scratch card award for each mercury thermostat returned. Each scratch card will be worth 600 points. Participants can redeem points upon accumulating a minimum of 4,800 points. Points may be redeemed for items in the online catalog at www.recycle-scratch-earn.com.

What are the Recycle, Scratch, Earn operating dates?

Thermostat Recycling Corporation reserves the right to terminate this program at any time. Award points may be redeemed 90 days after the termination of the program.

Loyalty Program FAQs

Who is eligible for the Recycle, Scratch, Earn program?

The program is only available to legal residents of California who are 18+ years of age. Only one account is allowed per participant and participants cannot share accounts.

Why is my personal information requested when I enroll in the program?

To enroll you must provide personal information that will only be used in relation to awarding you points and fulfilling your redeemed points for merchandise. It is your responsibility to maintain the accuracy of your contact information through the "My Account" page of the website.

How do I redeem my Recycle, Scratch, Earn Points?

Visit www.recycle-scratch-earn.com to register an account and login. After you've logged in, click the "Shopping" tab in the top menu to browse or search the online catalog, or click "My Account" to update your profile, view available points, etc.

When you have selected the item you wish to redeem points for, you may checkout right away or add more items to your online award shopping cart. Finally, update or confirm the shipping address.

Do I have to calculate shipping and tax?

The shipping and tax for each item is included in the points and is based upon your personal delivery location information you provide. You will be able to add items to your Wish List to know exactly what it will take to achieve your goal!

How long will it take for my rewards to arrive after redeeming points?

Order delivery time varies; most products are delivered within 7-10 business days. While some items may arrive in as little as 3-5 business days, this is not typical and will depend upon the vendor of the product and their shipping methods.

Important! Do NOT use P.O. Boxes for product delivery. Many carriers will not deliver to a P.O. Box and will likely result in product return and delay of your shipment.

How do I track the shipping status of my merchandise?

Log in to your personal account and click "My Account" to view details on your order status.

What if I need to return a defective product?

Contact Award Headquarters via the "Contact Us" form on the rewards website for return instructions.

Can I have my rewards shipped to an address that is not in my profile?

Yes, just update the shipping address when completing your order to have awards delivered to a new address.

Who do I contact if there is a problem with my reward merchandise?

Contact Award Headquarters via the "Contact Us" form on the rewards website.

I never received my reward product - what should I do?

If the product is flagged "Shipped" on your "My Account" page, contact Award Headquarters via the "Contact Us" form on the rewards website for shipping research.

Where do I obtain warranty information?

Warranty registration forms are typically included in the product packaging.

Can I cancel an order after it has been placed?

No, all redemptions are final. Please contact Award Headquarters via the "Contact Us" form on the rewards website for information on returning a defective item.

APPENDIX 11: CONTRACTOR COMPLIANCE POLICY

HVAC Contractor Employee Compliance Policy – MERCURY THERMOSTAT DISPOSAL

Company Name

Mercury Thermostat Disposal Overview

It is XXX's policy to be an environmentally conscious company while complying with all state and federal regulations. As such, XXX will make every effort to educate both our customers and employees on the regulations pursuant to Section XXX of the NAME OF BILL and description of the bill. This education will include the risks and dangers associated with mercury pollution into the environment along with any regulatory, legal and/or business obligations or responsibilities related to the recycling of mercury thermostats.

XXX will comply with all regulations and industry requirements concerning the safe disposal of mercury thermostats. Further, it is the responsibility of the company and each employee who, as a matter of course, deals with mercury thermostats and/or customers, to be aware of this policy and the associated legal requirements.

It is the responsibility of each XXX employee to be aware of the information regarding disposal of mercury thermostats to the extent necessary to perform his or her duties in an environmentally sensitive nature and to explain to our customers what we are doing to prevent the improper disposal of mercury thermostats.

Background on Mercury Thermostats

Health/Safety Concerns: Mercury is a neurotoxin which has both negative impacts on human and ecological populations. The toxicity is fatal if inhaled, consumed, or exposed into the blood stream. It may also damage fertility or an unborn child. Mercury can also cause damage to organs through prolonged or repeated exposures.

Mercury Thermostat Sources: Mercury thermostats were first manufactured and sold starting in 1956 and began a final cease in production around 2006. As mercury thermostats are replaced, the available inventory to recycle diminishes until eventually all in-service thermostats are upgraded to a mercury free control device. While estimates vary, there were millions of mercury thermostats sold in the United States.

These units still remain in service in the following types of facilities;

- Residential single family homes either in attached, detached, or semi-attached
- Residential multifamily homes such as apartments or low income housing
- Light commercial buildings such as hotels, restaurants, banks, and retail
- Educational buildings such as schools, colleges, and museums
- Military building such as barracks

When a mercury thermostat is discovered during the direct installation of replacement thermostats, XXX Proper Disposal Policy will be followed. If it is deemed that the Proper

APPENDIX 11: CONTRACTOR COMPLIANCE POLICY

HVAC Contractor Employee Compliance Policy – MERCURY THERMOSTAT DISPOSAL

Disposal Policy is insufficient, XXX will contact the Thermostat Recycling Corporation (TRC) on guidance on how to properly dispose of mercury thermostats¹.

Regulatory History

U.S. Federal Rules and Regulations

The Resource Conservation and Recovery Act (RCRA)² was enacted in 1976 to protect human health and the environment from the potential hazards of waste disposal, to conserve energy and natural resources, to reduce the amount of waste generated, and to ensure that wastes are managed in an environmentally sound manner.

The Universal Waste Rule within RCRA is designed to reduce the amount of hazardous waste items in municipal solid waste stream, encourage recycling and proper disposal of certain common hazardous wastes, and reduce the regulatory burden on businesses that generate these wastes. Universal wastes includes mercury thermostats that contain as much as 3 grams of liquid mercury and are located in almost any building, including commercial, industrial, agricultural, community, and household buildings.

State Rules and Regulations

Many states regulate the installation, disposal and sale of mercury bearing equipment such as mercury thermostats, with varying requirements and methods of compliance for contractors and distributors. In many states enforcement authority is granted through the state's EPA.

When XXX has a job where the customer's address is located in any of the following states; CA, CT, FL, IL, IA, LA, ME, MD, MA, MI, MN, MT, NH, NY, OH, OR, PA, RI, VT, and WA XXX's employees will follow the Proper Disposal Procedure. See Appendix 2 for chart.

¹ For a one-time fee of \$25.00 participating locations are provided with a reusable plastic recycling container, a 5mil plastic liner, and wire zip ties to seal the liner and the bin for transport. Each container also comes with a pre-paid Federal Express label to return the container to TRC. The container will hold up to 150 waste mercury thermostats. A participating location simply needs to accumulate waste mercury thermostats for up to one year, prepare the container for shipment, and arrange pick-up with carrier. TRC is an automatic return program, and the same container will be returned to the location within 10 business days, restarting the process. The TRC program operates under Universal Waste Regulations and there is no requirement to manifest to maintain records of shipments. TRC only accepts whole mercury thermostats. No other item, particularly mercury containing items, can be stored or shipped in the TRC container. TRC reserves the right to terminate participation if a collection location ships items other than whole mercury thermostats.

² <http://www2.epa.gov/rcra>

APPENDIX 11: CONTRACTOR COMPLIANCE POLICY

XXX Proper Disposal Procedure

To be compliant with this proper disposal of mercury thermostats procedure, **XXX** will take the following actions to ensure effective monitoring and assessment of compliance:

- **XXX** will assign an employee to oversee compliance including but not limited to: owners, service managers, service technicians, and any and all employees whom generate mercury thermostat waste. This employee will be assigned the responsibility of record keeping (if necessary) and ensuring compliance by all **XXX**'s employees.
- Commit (1) hour of employee training on what a mercury thermostat is and how to dispose of them properly following federal, state, and local regulations. Visit www.thermostat-recycle.org with questions.
- Require each new employee who generates mercury thermostat waste to order a mercury spill kit as a condition of employment or **XXX** will provide each new employee a mercury spill kit upon employment, and replace it when necessary.
- Create a working environment in which employees can report violations of the Proper Disposal Procedure.
- Consider direct participation with TRC when the Proper Disposal Procedure is insufficient. **XXX** may consider ordering a mercury thermostat recycling container for each shop, work van/truck, or employee as necessary³.

As per this policy, the employee will do the following; **See Appendix 3 for flow chart.**

1. Sign the Employee Compliance Policy herein.
2. Remove the mercury thermostat during work order
3. Place the mercury thermostat in a 5 gallon bucket with a lid
4. Locate the closest collection point to job site
5. Drop off mercury thermostat at collection point as soon as convenient
6. Repeat as necessary

APPENDIX 11: CONTRACTOR COMPLIANCE POLICY

HVAC Contractor Employee Compliance Policy – MERCURY THERMOSTAT DISPOSAL

Appendix 1 – Employee Proper Disposal Compliance Policy Form

XXX Section XXX of the XXX of XXX **Employee Proper Disposal Compliance Policy**

It is the policy of XXX to strictly adhere to XXX of the XXX of XXX.

Employee compliance, as required by law, is required.

Therefore, as the undersigned, I agree to fully comply with this policy which includes properly disposing of all mercury thermostats I generate and to use the prescribed method of disposal set forth by Company Name. I also agree to **NEVER** intentionally dispose of mercury thermostats and to not leave the device(s) behind with the customer.

Should I fail to comply with the foregoing statements, I understand that I am in non-compliance with the law and accept full personal liability in connection with any action or actions that may occur.

Signed this _____ day of _____, 20__

APPENDIX 13: SAMPLE UTILITY IMPLEMENTER RFP REQUIREMENTS

Standard RFP Language for Management of Waste Mercury Thermostats Generated through direct installation (DI) of thermostats or HVAC Equipment

Background

Mercury thermostats were widely used to control heating and cooling systems starting in the 1950s. Mercury thermostats dominated the market until the early 1990s when electronic thermostats began to gain wider acceptance in the market. All major manufacturers ceased production of mercury switch thermostats by 2009. While the number remaining in use is unknown, they are still found on some heating and cooling systems installed prior to 2006.

Mercury thermostats are still prevalent in the following types of facilities;

- Residential single family homes - either attached, detached, or semi-attached
- Residential multifamily homes such as apartments or low income housing structures
- Light commercial buildings such as hotels, restaurants, banks, and retail outlets
- Educational buildings such as schools, colleges, and libraries
- Barracks and other military installations

Statutory Authorities

Title 21 Section 27-2105 of New York Environmental Conservation Law (ECL) prohibits knowing disposal of mercury thermostats in solid waste and waste mercury thermostats can be managed as “Universal Wastes” under the Federal Resource Recovery and Conservation Act (40 CFR Part 273).“

Title 29, Section 27-2909 of ECL also requires the following:

§ 3. 1. Any person or contractor who replaces a mercury-containing thermostat from a building shall deliver the mercury-containing thermostat to an appropriate collection site.

APPENDIX 13: SAMPLE UTILITY IMPLEMENTER RFP REQUIREMENTS

And:

3. Any department, authority, instrumentality, or municipal corporation of the state administering a program that involves the removal or replacement of mercury containing thermostats as a result of any statutory requirement, shall inform contractors of their statutory obligations to deliver the mercury-containing thermostats to a collection site and prohibiting the disposal of such thermostats in a solid-waste facility.

4. Any contractor, organization or subcontractor of such organization, who contracts with or receives funding or financing provided in whole or in part by or through any department, agency, instrumentality, or political subdivision of the state for the installation, service, or removal of heating, ventilation, or air-conditioning components resulting in the removal or handling of out-of-service mercury thermostats, shall ensure the collection, transportation and proper management of out-of-service mercury thermostats in accordance with the provisions of title 29 of article 27 of the environmental conservation law.

RFP Language

The vendor, all subcontractors, and affiliated parties in the trade channel including but not limited to trade allies, preferred installation vendors or rebate processors must comply with all applicable federal, state, local regulations in relation to the proper management and disposal of waste mercury thermostats generated in the performance of the requested scope of work. The vendor will describe efforts to inform program subcontractors and affiliated parties in the trade channel including but not limited to trade allies, preferred installation vendors or rebate processors on New York law relative to the removal and disposal of mercury thermostats. The vendor should also describe any planned steps to support and/or facilitate the collection of mercury thermostats generated through this program by direct participation in the TRC program. The vendor will describe procedures all technicians (direct installers) will follow to identify mercury thermostats and ensure proper management of all mercury thermostats removed from service. The vendor will also describe the procedures to monitor and document (report) compliance with the

APPENDIX 13: SAMPLE UTILITY IMPLEMENTER RFP REQUIREMENTS

above requirement and for meeting post project reporting requirements below. The successful vendor may be required to provide more information to verify its compliance with above requirement which will include at a minimum;

- A post project report of the following information;
 - Total number of thermostats installed
 - The number of mercury thermostats removed from service
 - The number of mercury thermostats recycled and the location(s) where the thermostats were recycled.

APPENDIX 14: MAY EMAIL TO AESP SUBSCRIBERS

Mercury Thermostats

Curtailment Providers Regulatory Obligations

When you direct install HVAC equipment you will likely generate waste mercury thermostats. U.S. EPA and state environmental agencies regulate the disposal of these devices.

Failure to properly manage waste mercury thermostats and recycle them could lead to fines up to **\$25,000 per violation**.

Each mercury thermostat contains at least 1,000 times more mercury than a CFL bulb. Recycle every mercury thermostat, every time.

Take Advantage of the Non-profit Stewardship Program for Recycling

Sign up online by 5/31/15 and enter AESP in the Promo Code field to receive a free recycling container from TRC. The container holds approximately 100 mercury thermostats and contains all necessary materials for recurring shipments to TRC at no cost to you.

If you need more than one recycling container, or for more information about the program, please call me at (571) 302-0877 or [email](#) me directly.

[Order Free Bin](#)

How TRC's Program Works

Join Others in the Industry Using TRC's Program

Here's a sample of implementors that have taken advantage of TRC's program:

- Honeywell Utility Solutions (Wichita, KS; Deer Park, IL; Brooklyn Heights, OH)
- Franklin Energy (Chicago, IL; Grand Rapids, MI; Green Bay, WI)
- ClearResult (Downers Grove, IL; Neenah, WI; Okemos, MI)
- Converge (Cincinnati, OH; Beltsville, MD; Mays Landing, NJ)

APPENDIX 15: AUGUST EMAIL TO AESP SUBSCRIBERS

Curtailment Provider Regulatory Obligations

The disposal of mercury thermostats is regulated under [federal](#) and [state law](#). Compliance begins with understanding your legal obligations nationally and in certain states. Any mercury thermostat removed from a commercial building must be recycled. Recycling requirements for mercury thermostats removed from residential buildings varies by state.

Don't contribute to mercury pollution. Integrate recycling into all of your projects that replace mercury thermostats.

Non-compliance in certain states can lead to **fines up to \$25,000** per incident. Besides, these devices contain at least **1,000 times more mercury** than a CFL bulb and they shouldn't be put in the trash.

//

Free Mercury Thermostat Recycling

The good news is that [Thermostat Recycling Corporation \(TRC\)](#) will offer free recycling containers and ongoing disposal to curtailment providers. **This program does not increase your costs and is completely free.**

To start free recycling, contact Ryan Kiscaden by 8/31 via [email](#) or at 571-302-0877.

If you recycle thermostats, do you recycle them in a green bin?

MERCURY HARMFULNESS

Which of the following statements best reflects your personal opinion of the harmfulness of mercury?

- Mercury is very harmful and we need to do more to keep it out of the environment.
- I don't know. I have no opinion about the harmfulness of mercury.
- I don't think it is very harmful.

APPENDIX 21: FORM 990

Form 990 (2014)

THERMOSTAT RECYCLING CORPORATION

54-1830284

Page 2

Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response or note to any line in this Part III ☐

1 Briefly describe the organization's mission:

THE THERMOSTAT RECYCLING CORPORATION (TRC) IS A NON-PROFIT ORGANIZATION THAT FACILITATES AND MANAGES THE COLLECTION AND PROPER DISPOSAL OF MERCURY-CONTAINING THERMOSTATS.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 1,228,175. including grants of \$) (Revenue \$ 1,487,960.)
TRC FACILITATES THE PROPER MANAGEMENT OF WASTE MERCURY THERMOSTATS BY PROVIDING RECYCLING CONTAINERS FOR THE COLLECTION AND TRANSPORT OF WASTE MERCURY THERMOSTATS TO ELIGIBLE COLLECTION SITES IN ALL US STATES, EXCEPT ALASKA AND HAWAII. TRC ALSO CONDUCTS AN EDUCATIONAL CAMPAIGN PROMOTING THE PROPER MANAGEMENT OF WASTE MERCURY THERMOSTATS. SINCE TRC'S FOUNDING, TRC HAS COLLECTED OVER 1,500,000 MERCURY-CONTAINING THERMOSTATS - THAT HAS KEPT 9 TONS OF MERCURY OUT OF THE WASTE SYSTEM.

4b (Code:) (Expenses \$ including grants of \$) (Revenue \$)

4c (Code:) (Expenses \$ including grants of \$) (Revenue \$)

4d Other program services (Describe in Schedule O.)

(Expenses \$ including grants of \$) (Revenue \$)

4e Total program service expenses 1,228,175.

Part IV Checklist of Required Schedules

	Yes	No
1 Is the organization described in section 501(c)(3) or 4947(a)(1) (other than a private foundation)? If "Yes," complete Schedule A		X
2 Is the organization required to complete Schedule B, Schedule of Contributors?		X
3 Did the organization engage in direct or indirect political campaign activities on behalf of or in opposition to candidates for public office? If "Yes," complete Schedule C, Part I		X
4 Section 501(c)(3) organizations. Did the organization engage in lobbying activities, or have a section 501(h) election in effect during the tax year? If "Yes," complete Schedule C, Part II		
5 Is the organization a section 501(c)(4), 501(c)(5), or 501(c)(6) organization that receives membership dues, assessments, or similar amounts as defined in Revenue Procedure 98-19? If "Yes," complete Schedule C, Part III	X	
6 Did the organization maintain any donor advised funds or any similar funds or accounts for which donors have the right to provide advice on the distribution or investment of amounts in such funds or accounts? If "Yes," complete Schedule D, Part I		X
7 Did the organization receive or hold a conservation easement, including easements to preserve open space, the environment, historic land areas, or historic structures? If "Yes," complete Schedule D, Part II		X
8 Did the organization maintain collections of works of art, historical treasures, or other similar assets? If "Yes," complete Schedule D, Part III		X
9 Did the organization report an amount in Part X, line 21, for escrow or custodial account liability; serve as a custodian for amounts not listed in Part X; or provide credit counseling, debt management, credit repair, or debt negotiation services? If "Yes," complete Schedule D, Part IV		X
10 Did the organization, directly or through a related organization, hold assets in temporarily restricted endowments, permanent endowments, or quasi-endowments? If "Yes," complete Schedule D, Part V		X
11 If the organization's answer to any of the following questions is "Yes," then complete Schedule D, Parts VI, VII, VIII, IX, or X as applicable.		
a Did the organization report an amount for land, buildings, and equipment in Part X, line 10? If "Yes," complete Schedule D, Part VI	X	
b Did the organization report an amount for investments - other securities in Part X, line 12 that is 5% or more of its total assets reported in Part X, line 16? If "Yes," complete Schedule D, Part VII		X
c Did the organization report an amount for investments - program related in Part X, line 13 that is 5% or more of its total assets reported in Part X, line 16? If "Yes," complete Schedule D, Part VIII		X
d Did the organization report an amount for other assets in Part X, line 15 that is 5% or more of its total assets reported in Part X, line 16? If "Yes," complete Schedule D, Part IX		X
e Did the organization report an amount for other liabilities in Part X, line 25? If "Yes," complete Schedule D, Part X		X
f Did the organization's separate or consolidated financial statements for the tax year include a footnote that addresses the organization's liability for uncertain tax positions under FIN 48 (ASC 740)? If "Yes," complete Schedule D, Part X	X	
12a Did the organization obtain separate, independent audited financial statements for the tax year? If "Yes," complete Schedule D, Parts XI and XII	X	
b Was the organization included in consolidated, independent audited financial statements for the tax year? If "Yes," and if the organization answered "No" to line 12a, then completing Schedule D, Parts XI and XII is optional		X
13 Is the organization a school described in section 170(b)(1)(A)(ii)? If "Yes," complete Schedule E		X
14a Did the organization maintain an office, employees, or agents outside of the United States?		X
b Did the organization have aggregate revenues or expenses of more than \$10,000 from grantmaking, fundraising, business, investment, and program service activities outside the United States, or aggregate foreign investments valued at \$100,000 or more? If "Yes," complete Schedule F, Parts I and IV		X
15 Did the organization report on Part IX, column (A), line 3, more than \$5,000 of grants or other assistance to or for any foreign organization? If "Yes," complete Schedule F, Parts II and IV		X
16 Did the organization report on Part IX, column (A), line 3, more than \$5,000 of aggregate grants or other assistance to or for foreign individuals? If "Yes," complete Schedule F, Parts III and IV		X
17 Did the organization report a total of more than \$15,000 of expenses for professional fundraising services on Part IX, column (A), lines 6 and 11e? If "Yes," complete Schedule G, Part I		X
18 Did the organization report more than \$15,000 total of fundraising event gross income and contributions on Part VIII, lines 1c and 8a? If "Yes," complete Schedule G, Part II		X
19 Did the organization report more than \$15,000 of gross income from gaming activities on Part VIII, line 9a? If "Yes," complete Schedule G, Part III		X
20a Did the organization operate one or more hospital facilities? If "Yes," complete Schedule H		X
b If "Yes" to line 20a, did the organization attach a copy of its audited financial statements to this return?

Part IV Checklist of Required Schedules (continued)

	Yes	No
21 Did the organization report more than \$5,000 of grants or other assistance to any domestic organization or domestic government on Part IX, column (A), line 1? If "Yes," complete Schedule I, Parts I and II		X
22 Did the organization report more than \$5,000 of grants or other assistance to or for domestic individuals on Part IX, column (A), line 2? If "Yes," complete Schedule I, Parts I and III		X
23 Did the organization answer "Yes" to Part VII, Section A, line 3, 4, or 5 about compensation of the organization's current and former officers, directors, trustees, key employees, and highest compensated employees? If "Yes," complete Schedule J		X
24a Did the organization have a tax-exempt bond issue with an outstanding principal amount of more than \$100,000 as of the last day of the year, that was issued after December 31, 2002? If "Yes," answer lines 24b through 24d and complete Schedule K. If "No," go to line 25a		X
b Did the organization invest any proceeds of tax-exempt bonds beyond a temporary period exception?		
c Did the organization maintain an escrow account other than a refunding escrow at any time during the year to defease any tax-exempt bonds?		
d Did the organization act as an "on behalf of" issuer for bonds outstanding at any time during the year?		
25a Section 501(c)(3), 501(c)(4), and 501(c)(29) organizations. Did the organization engage in an excess benefit transaction with a disqualified person during the year? If "Yes," complete Schedule L, Part I		
b Is the organization aware that it engaged in an excess benefit transaction with a disqualified person in a prior year, and that the transaction has not been reported on any of the organization's prior Forms 990 or 990-EZ? If "Yes," complete Schedule L, Part I		
26 Did the organization report any amount on Part X, line 5, 6, or 22 for receivables from or payables to any current or former officers, directors, trustees, key employees, highest compensated employees, or disqualified persons? If "Yes," complete Schedule L, Part II		X
27 Did the organization provide a grant or other assistance to an officer, director, trustee, key employee, substantial contributor or employee thereof, a grant selection committee member, or to a 35% controlled entity or family member of any of these persons? If "Yes," complete Schedule L, Part III		X
28 Was the organization a party to a business transaction with one of the following parties (see Schedule L, Part IV instructions for applicable filing thresholds, conditions, and exceptions):		
a A current or former officer, director, trustee, or key employee? If "Yes," complete Schedule L, Part IV		X
b A family member of a current or former officer, director, trustee, or key employee? If "Yes," complete Schedule L, Part IV		X
c An entity of which a current or former officer, director, trustee, or key employee (or a family member thereof) was an officer, director, trustee, or direct or indirect owner? If "Yes," complete Schedule L, Part IV		X
29 Did the organization receive more than \$25,000 in non-cash contributions? If "Yes," complete Schedule M		X
30 Did the organization receive contributions of art, historical treasures, or other similar assets, or qualified conservation contributions? If "Yes," complete Schedule M		X
31 Did the organization liquidate, terminate, or dissolve and cease operations? If "Yes," complete Schedule N, Part I		X
32 Did the organization sell, exchange, dispose of, or transfer more than 25% of its net assets? If "Yes," complete Schedule N, Part II		X
33 Did the organization own 100% of an entity disregarded as separate from the organization under Regulations sections 301.7701-2 and 301.7701-3? If "Yes," complete Schedule R, Part I		X
34 Was the organization related to any tax-exempt or taxable entity? If "Yes," complete Schedule R, Part II, III, or IV, and Part V, line 1		X
35a Did the organization have a controlled entity within the meaning of section 512(b)(13)?		X
b If "Yes" to line 35a, did the organization receive any payment from or engage in any transaction with a controlled entity within the meaning of section 512(b)(13)? If "Yes," complete Schedule R, Part V, line 2		
36 Section 501(c)(3) organizations. Did the organization make any transfers to an exempt non-charitable related organization? If "Yes," complete Schedule R, Part V, line 2		
37 Did the organization conduct more than 5% of its activities through an entity that is not a related organization and that is treated as a partnership for federal income tax purposes? If "Yes," complete Schedule R, Part VI		X
38 Did the organization complete Schedule O and provide explanations in Schedule O for Part VI, lines 11b and 19?	X

Part V

Statements Regarding Other IRS Filings and Tax Compliance

Check if Schedule O contains a response or note to any line in this Part V ☐

		Yes	No
1a	Enter the number reported in Box 3 of Form 1096. Enter -0- if not applicable	8	
b	Enter the number of Forms W-2G included in line 1a. Enter -0- if not applicable	0	
c	Did the organization comply with backup withholding rules for reportable payments to vendors and reportable gaming (gambling) winnings to prize winners?	1c	X
2a	Enter the number of employees reported on Form W-3, Transmittal of Wage and Tax Statements, filed for the calendar year ending with or within the year covered by this return	2a	6
b	If at least one is reported on line 2a, did the organization file all required federal employment tax returns? Note. If the sum of lines 1a and 2a is greater than 250, you may be required to e-file (see instructions)	2b	X
3a	Did the organization have unrelated business gross income of \$1,000 or more during the year?	3a	X
b	If "Yes," has it filed a Form 990-T for this year? If "No," to line 3b, provide an explanation in Schedule O	3b	
4a	At any time during the calendar year, did the organization have an interest in, or a signature or other authority over, a financial account in a foreign country (such as a bank account, securities account, or other financial account)?	4a	X
b	If "Yes," enter the name of the foreign country: See instructions for filing requirements for FinCEN Form 114, Report of Foreign Bank and Financial Accounts (FBAR).		
5a	Was the organization a party to a prohibited tax shelter transaction at any time during the tax year?	5a	X
b	Did any taxable party notify the organization that it was or is a party to a prohibited tax shelter transaction?	5b	X
c	If "Yes," to line 5a or 5b, did the organization file Form 8886-T?	5c	
6a	Does the organization have annual gross receipts that are normally greater than \$100,000, and did the organization solicit any contributions that were not tax deductible as charitable contributions?	6a	X
b	If "Yes," did the organization include with every solicitation an express statement that such contributions or gifts were not tax deductible?	6b	
7	Organizations that may receive deductible contributions under section 170(c).		
a	Did the organization receive a payment in excess of \$75 made partly as a contribution and partly for goods and services provided to the payor?	7a	
b	If "Yes," did the organization notify the donor of the value of the goods or services provided?	7b	
c	Did the organization sell, exchange, or otherwise dispose of tangible personal property for which it was required to file Form 8282?	7c	
d	If "Yes," indicate the number of Forms 8282 filed during the year	7d	
e	Did the organization receive any funds, directly or indirectly, to pay premiums on a personal benefit contract?	7e	
f	Did the organization, during the year, pay premiums, directly or indirectly, on a personal benefit contract?	7f	
g	If the organization received a contribution of qualified intellectual property, did the organization file Form 8899 as required?	7g	
h	If the organization received a contribution of cars, boats, airplanes, or other vehicles, did the organization file a Form 1098-C?	7h	
8	Sponsoring organizations maintaining donor advised funds. Did a donor advised fund maintained by the sponsoring organization have excess business holdings at any time during the year?	8	
9	Sponsoring organizations maintaining donor advised funds.		
a	Did the sponsoring organization make any taxable distributions under section 4966?	9a	
b	Did the sponsoring organization make a distribution to a donor, donor advisor, or related person?	9b	
10	Section 501(c)(7) organizations. Enter:		
a	Initiation fees and capital contributions included on Part VIII, line 12	10a	
b	Gross receipts, included on Form 990, Part VIII, line 12, for public use of club facilities	10b	
11	Section 501(c)(12) organizations. Enter:		
a	Gross income from members or shareholders	11a	
b	Gross income from other sources (Do not net amounts due or paid to other sources against amounts due or received from them.)	11b	
12a	Section 4947(a)(1) non-exempt charitable trusts. Is the organization filing Form 990 in lieu of Form 1041?	12a	
b	If "Yes," enter the amount of tax-exempt interest received or accrued during the year	12b	
13	Section 501(c)(29) qualified nonprofit health insurance issuers.		
a	Is the organization licensed to issue qualified health plans in more than one state? Note. See the instructions for additional information the organization must report on Schedule O.	13a	
b	Enter the amount of reserves the organization is required to maintain by the states in which the organization is licensed to issue qualified health plans	13b	
c	Enter the amount of reserves on hand	13c	
14a	Did the organization receive any payments for indoor tanning services during the tax year?	14a	X
b	If "Yes," has it filed a Form 720 to report these payments? If "No," provide an explanation in Schedule O	14b

Part VI Governance, Management, and Disclosure For each "Yes" response to lines 2 through 7b below, and for a "No" response to line 8a, 8b, or 10b below, describe the circumstances, processes, or changes in Schedule O. See instructions.

Check if Schedule O contains a response or note to any line in this Part VI ☒

Section A. Governing Body and Management

	1a	1b	2	3	4	5	6	7a	7b	8a	8b	9	Yes	No
1a Enter the number of voting members of the governing body at the end of the tax year	4													
If there are material differences in voting rights among members of the governing body, or if the governing body delegated broad authority to an executive committee or similar committee, explain in Schedule O.														
b Enter the number of voting members included in line 1a, above, who are independent		4												
2 Did any officer, director, trustee, or key employee have a family relationship or a business relationship with any other officer, director, trustee, or key employee?														
3 Did the organization delegate control over management duties customarily performed by or under the direct supervision of officers, directors, or trustees, or key employees to a management company or other person?														
4 Did the organization make any significant changes to its governing documents since the prior Form 990 was filed?														
5 Did the organization become aware during the year of a significant diversion of the organization's assets?														
6 Did the organization have members or stockholders?														
7a Did the organization have members, stockholders, or other persons who had the power to elect or appoint one or more members of the governing body?														
b Are any governance decisions of the organization reserved to (or subject to approval by) members, stockholders, or persons other than the governing body?														
8 Did the organization contemporaneously document the meetings held or written actions undertaken during the year by the following:														
a The governing body?														
b Each committee with authority to act on behalf of the governing body?														
9 Is there any officer, director, trustee, or key employee listed in Part VII, Section A, who cannot be reached at the organization's mailing address? If "Yes," provide the names and addresses in Schedule O														

Section B. Policies (This Section B requests information about policies not required by the Internal Revenue Code.)

	10a	10b	11a	12a	12b	12c	13	14	15a	15b	16a	16b	Yes	No
10a Did the organization have local chapters, branches, or affiliates?														
b If "Yes," did the organization have written policies and procedures governing the activities of such chapters, affiliates, and branches to ensure their operations are consistent with the organization's exempt purposes?														
11a Has the organization provided a complete copy of this Form 990 to all members of its governing body before filing the form? Describe in Schedule O the process, if any, used by the organization to review this Form 990.														
12a Did the organization have a written conflict of interest policy? If "No," go to line 13														
b Were officers, directors, or trustees, and key employees required to disclose annually interests that could give rise to conflicts?														
c Did the organization regularly and consistently monitor and enforce compliance with the policy? If "Yes," describe in Schedule O how this was done														
13 Did the organization have a written whistleblower policy?														
14 Did the organization have a written document retention and destruction policy?														
15 Did the process for determining compensation of the following persons include a review and approval by independent persons, comparability data, and contemporaneous substantiation of the deliberation and decision?														
a The organization's CEO, Executive Director, or top management official														
b Other officers or key employees of the organization														
If "Yes" to line 15a or 15b, describe the process in Schedule O (see instructions).														
16a Did the organization invest in, contribute assets to, or participate in a joint venture or similar arrangement with a taxable entity during the year?														
b If "Yes," did the organization follow a written policy or procedure requiring the organization to evaluate its participation in joint venture arrangements under applicable federal tax law, and take steps to safeguard the organization's exempt status with respect to such arrangements?														

Section C. Disclosure

17 List the states with which a copy of this Form 990 is required to be filed **CA, MT, IL**

18 Section 6104 requires an organization to make its Forms 1023 (or 1024 if applicable), 990, and 990-T (Section 501(c)(3)s only) available for public inspection. Indicate how you made these available. Check all that apply.
☐ Own website ☐ Another's website ☒ Upon request ☐ Other (explain in Schedule O)

19 Describe in Schedule O whether (and if so, how) the organization made its governing documents, conflict of interest policy, and financial statements available to the public during the tax year.

20 State the name, address, and telephone number of the person who possesses the organization's books and records: **MARK TIBBETTS - 888-266-0550**
1765 DUKE STREET, ALEXANDRIA, VA 22314

Political Campaign and Lobbying Activities

For Organizations Exempt From Income Tax Under section 501(c) and section 527
 ▶ Complete if the organization is described below. ▶ Attach to Form 990 or Form 990-EZ.
 ▶ Information about Schedule C (Form 990 or 990-EZ) and its instructions is at www.irs.gov/form990.

OMB No. 1545-0047

2014

Open to Public
Inspection

If the organization answered "Yes," to Form 990, Part IV, line 3, or Form 990-EZ, Part V, line 46 (Political Campaign Activities), then

- Section 501(c)(3) organizations: Complete Parts I-A and B. Do not complete Part I-C.
- Section 501(c) (other than section 501(c)(3)) organizations: Complete Parts I-A and C below. Do not complete Part I-B.
- Section 527 organizations: Complete Part I-A only.

If the organization answered "Yes," to Form 990, Part IV, line 4, or Form 990-EZ, Part VI, line 47 (Lobbying Activities), then

- Section 501(c)(3) organizations that have filed Form 5768 (election under section 501(h)): Complete Part II-A. Do not complete Part II-B.
- Section 501(c)(3) organizations that have NOT filed Form 5768 (election under section 501(h)): Complete Part II-B. Do not complete Part II-A.

If the organization answered "Yes," to Form 990, Part IV, line 5 (Proxy Tax) (see separate instructions) or Form 990-EZ, Part V, line 35c (Proxy Tax) (see separate instructions), then

- Section 501(c)(4), (5), or (6) organizations: Complete Part III.

Name of organization

THERMOSTAT RECYCLING CORPORATION

Employer identification number

54-1830284

Part I-A Complete if the organization is exempt under section 501(c) or is a section 527 organization.

- 1 Provide a description of the organization's direct and indirect political campaign activities in Part IV.
- 2 Political expenditures ▶ \$
- 3 Volunteer hours ▶

Part I-B Complete if the organization is exempt under section 501(c)(3).

- 1 Enter the amount of any excise tax incurred by the organization under section 4955 ▶ \$
- 2 Enter the amount of any excise tax incurred by organization managers under section 4955 ▶ \$
- 3 If the organization incurred a section 4955 tax, did it file Form 4720 for this year? ☐ Yes ☐ No
- 4a Was a correction made? ☐ Yes ☐ No
- b If "Yes," describe in Part IV.

Part I-C Complete if the organization is exempt under section 501(c), except section 501(c)(3).

- 1 Enter the amount directly expended by the filing organization for section 527 exempt function activities ▶ \$
- 2 Enter the amount of the filing organization's funds contributed to other organizations for section 527 exempt function activities ▶ \$
- 3 Total exempt function expenditures. Add lines 1 and 2. Enter here and on Form 1120-POL, line 17b ▶ \$
- 4 Did the filing organization file Form 1120-POL for this year? ☐ Yes ☐ No
- 5 Enter the names, addresses and employer identification number (EIN) of all section 527 political organizations to which the filing organization made payments. For each organization listed, enter the amount paid from the filing organization's funds. Also enter the amount of political contributions received that were promptly and directly delivered to a separate political organization, such as a separate segregated fund or a political action committee (PAC). If additional space is needed, provide information in Part IV.

(a) Name	(b) Address	(c) EIN	(d) Amount paid from filing organization's funds. If none, enter -0-	(e) Amount of political contributions received and promptly and directly delivered to a separate political organization. If none, enter -0-

APPENDIX 21: FORM 990

Schedule C (Form 990 or 990-EZ) 2014 THERMOSTAT RECYCLING CORPORATION

54-1830284 Page 3

Part II-B Complete if the organization is exempt under section 501(c)(3) and has NOT filed Form 5768 (election under section 501(h)).

For each "Yes," response to lines 1a through 1i below, provide in Part IV a detailed description of the lobbying activity.

	(a)		(b)
	Yes	No	Amount
1 During the year, did the filing organization attempt to influence foreign, national, state or local legislation, including any attempt to influence public opinion on a legislative matter or referendum, through the use of:			
a Volunteers?			
b Paid staff or management (include compensation in expenses reported on lines 1c through 1i)?			
c Media advertisements?			
d Mailings to members, legislators, or the public?			
e Publications, or published or broadcast statements?			
f Grants to other organizations for lobbying purposes?			
g Direct contact with legislators, their staffs, government officials, or a legislative body?			
h Rallies, demonstrations, seminars, conventions, speeches, lectures, or any similar means?			
i Other activities?			
j Total. Add lines 1c through 1i			
2a Did the activities in line 1 cause the organization to be not described in section 501(c)(3)?			
b If "Yes," enter the amount of any tax incurred under section 4912			
c If "Yes," enter the amount of any tax incurred by organization managers under section 4912			
d If the filing organization incurred a section 4912 tax, did it file Form 4720 for this year?			

Part III-A Complete if the organization is exempt under section 501(c)(4), section 501(c)(5), or section 501(c)(6).

	Yes	No
1 Were substantially all (90% or more) dues received nondeductible by members?		X
2 Did the organization make only in-house lobbying expenditures of \$2,000 or less?	X	
3 Did the organization agree to carry over lobbying and political expenditures from the prior year?		X

Part III-B Complete if the organization is exempt under section 501(c)(4), section 501(c)(5), or section 501(c)(6) and if either (a) BOTH Part III-A, lines 1 and 2, are answered "No," OR (b) Part III-A, line 3, is answered "Yes."

1 Dues, assessments and similar amounts from members	1	
2 Section 162(e) nondeductible lobbying and political expenditures (do not include amounts of political expenses for which the section 527(f) tax was paid).		
a Current year	2a	
b Carryover from last year	2b	
c Total	2c	
3 Aggregate amount reported in section 6033(e)(1)(A) notices of nondeductible section 162(e) dues	3	
4 If notices were sent and the amount on line 2c exceeds the amount on line 3, what portion of the excess does the organization agree to carryover to the reasonable estimate of nondeductible lobbying and political expenditure next year?	4	
5 Taxable amount of lobbying and political expenditures (see instructions)	5	

Part IV Supplemental Information

Provide the descriptions required for Part I-A, line 1; Part I-B, line 4; Part I-C, line 5; Part II-A (affiliated group list); Part II-A, lines 1 and 2 (see instructions); and Part II-B, line 1. Also, complete this part for any additional information.

Inspection

Name of the organization

THERMOSTAT RECYCLING CORPORATION

Employer identification number
54-1830284

Part I Organizations Maintaining Donor Advised Funds or Other Similar Funds or Accounts. Complete if the organization answered "Yes" to Form 990, Part IV, line 6.

	(a) Donor advised funds	(b) Funds and other accounts
1 Total number at end of year		
2 Aggregate value of contributions to (during year)		
3 Aggregate value of grants from (during year)		
4 Aggregate value at end of year		

5 Did the organization inform all donors and donor advisors in writing that the assets held in donor advised funds are the organization's property, subject to the organization's exclusive legal control? ☐ Yes ☐ No

6 Did the organization inform all grantees, donors, and donor advisors in writing that grant funds can be used only for charitable purposes and not for the benefit of the donor or donor advisor, or for any other purpose conferring impermissible private benefit? ☐ Yes ☐ No

Part II Conservation Easements. Complete if the organization answered "Yes" to Form 990, Part IV, line 7.

1 Purpose(s) of conservation easements held by the organization (check all that apply).

<input type="checkbox"/> Preservation of land for public use (e.g., recreation or education)	<input type="checkbox"/> Preservation of a historically important land area
<input type="checkbox"/> Protection of natural habitat	<input type="checkbox"/> Preservation of a certified historic structure
<input type="checkbox"/> Preservation of open space	

2 Complete lines 2a through 2d if the organization held a qualified conservation contribution in the form of a conservation easement on the last day of the tax year.

	Held at the End of the Tax Year
a Total number of conservation easements	2a
b Total acreage restricted by conservation easements	2b
c Number of conservation easements on a certified historic structure included in (a)	2c
d Number of conservation easements included in (c) acquired after 8/17/06, and not on a historic structure listed in the National Register	2d

3 Number of conservation easements modified, transferred, released, extinguished, or terminated by the organization during the tax year ▶

4 Number of states where property subject to conservation easement is located ▶

5 Does the organization have a written policy regarding the periodic monitoring, inspection, handling of violations, and enforcement of the conservation easements it holds? ☐ Yes ☐ No

6 Staff and volunteer hours devoted to monitoring, inspecting, and enforcing conservation easements during the year ▶

7 Amount of expenses incurred in monitoring, inspecting, and enforcing conservation easements during the year ▶ \$

8 Does each conservation easement reported on line 2(d) above satisfy the requirements of section 170(h)(4)(B)(i) and section 170(h)(4)(B)(ii)? ☐ Yes ☐ No

9 In Part XIII, describe how the organization reports conservation easements in its revenue and expense statement, and balance sheet, and include, if applicable, the text of the footnote to the organization's financial statements that describes the organization's accounting for conservation easements.

Part III Organizations Maintaining Collections of Art, Historical Treasures, or Other Similar Assets. Complete if the organization answered "Yes" to Form 990, Part IV, line 8.

1a If the organization elected, as permitted under SFAS 116 (ASC 958), not to report in its revenue statement and balance sheet works of art, historical treasures, or other similar assets held for public exhibition, education, or research in furtherance of public service, provide, in Part XIII, the text of the footnote to its financial statements that describes these items.

b If the organization elected, as permitted under SFAS 116 (ASC 958), to report in its revenue statement and balance sheet works of art, historical treasures, or other similar assets held for public exhibition, education, or research in furtherance of public service, provide the following amounts relating to these items:

(i) Revenue included in Form 990, Part VIII, line 1 ▶ \$

(ii) Assets included in Form 990, Part X ▶ \$

2 If the organization received or held works of art, historical treasures, or other similar assets for financial gain, provide the following amounts required to be reported under SFAS 116 (ASC 958) relating to these items:

a Revenue included in Form 990, Part VIII, line 1 ▶ \$

b Assets included in Form 990, Part X ▶ \$

APPENDIX 21: FORM 990

Schedule D (Form 990) 2014

THERMOSTAT RECYCLING CORPORATION

54-1830284 Page 2

Part III Organizations Maintaining Collections of Art, Historical Treasures, or Other Similar Assets (continued)

3 Using the organization's acquisition, accession, and other records, check any of the following that are a significant use of its collection items (check all that apply):

- a ☐ Public exhibition
b ☐ Scholarly research
c ☐ Preservation for future generations
d ☐ Loan or exchange programs
e ☐ Other

4 Provide a description of the organization's collections and explain how they further the organization's exempt purpose in Part XIII.

5 During the year, did the organization solicit or receive donations of art, historical treasures, or other similar assets to be sold to raise funds rather than to be maintained as part of the organization's collection? ☐ Yes ☐ No

Part IV Escrow and Custodial Arrangements. Complete if the organization answered "Yes" to Form 990, Part IV, line 9, or reported an amount on Form 990, Part X, line 21.

1a Is the organization an agent, trustee, custodian or other intermediary for contributions or other assets not included on Form 990, Part X? ☐ Yes ☐ No

b If "Yes," explain the arrangement in Part XIII and complete the following table:

	Amount
c Beginning balance	1c
d Additions during the year	1d
e Distributions during the year	1e
f Ending balance	1f

2a Did the organization include an amount on Form 990, Part X, line 21, for escrow or custodial account liability? ☐ Yes ☐ No

b If "Yes," explain the arrangement in Part XIII. Check here if the explanation has been provided in Part XIII ☐

Part V Endowment Funds. Complete if the organization answered "Yes" to Form 990, Part IV, line 10.

	(a) Current year	(b) Prior year	(c) Two years back	(d) Three years back	(e) Four years back
1a Beginning of year balance					
b Contributions					
c Net investment earnings, gains, and losses					
d Grants or scholarships					
e Other expenditures for facilities and programs					
f Administrative expenses					
g End of year balance					

2 Provide the estimated percentage of the current year end balance (line 1g, column (a)) held as:

- a Board designated or quasi-endowment %
b Permanent endowment %
c Temporarily restricted endowment %

The percentages in lines 2a, 2b, and 2c should equal 100%.

3a Are there endowment funds not in the possession of the organization that are held and administered for the organization by:

- (i) unrelated organizations
(ii) related organizations

	Yes	No
3a(i)		
3a(ii)		
3b		

b If "Yes" to 3a(ii), are the related organizations listed as required on Schedule R?

4 Describe in Part XIII the intended uses of the organization's endowment funds.

Part VI Land, Buildings, and Equipment.

Complete if the organization answered "Yes" to Form 990, Part IV, line 11a. See Form 990, Part X, line 10.

Description of property	(a) Cost or other basis (investment)	(b) Cost or other basis (other)	(c) Accumulated depreciation	(d) Book value
1a Land				
b Buildings				
c Leasehold improvements				
d Equipment		11,209.	3,265.	7,944.
e Other				
Total. Add lines 1a through 1e. (Column (d) must equal Form 990, Part X, column (B), line 10c.)				7,944.

Part XI Reconciliation of Revenue per Audited Financial Statements With Revenue per Return.

Complete if the organization answered "Yes" to Form 990, Part IV, line 12a.

1	Total revenue, gains, and other support per audited financial statements	1	1,488,205.
2	Amounts included on line 1 but not on Form 990, Part VIII, line 12:		
a	Net unrealized gains (losses) on investments	2a	
b	Donated services and use of facilities	2b	
c	Recoveries of prior year grants	2c	
d	Other (Describe in Part XIII.)	2d	
e	Add lines 2a through 2d	2e	0.
3	Subtract line 2e from line 1	3	1,488,205.
4	Amounts included on Form 990, Part VIII, line 12, but not on line 1:		
a	Investment expenses not included on Form 990, Part VIII, line 7b	4a	
b	Other (Describe in Part XIII.)	4b	
c	Add lines 4a and 4b	4c	0.
5	Total revenue. Add lines 3 and 4c. (This must equal Form 990, Part I, line 12.)	5	1,488,205.

Part XII Reconciliation of Expenses per Audited Financial Statements With Expenses per Return.

Complete if the organization answered "Yes" to Form 990, Part IV, line 12a.

1	Total expenses and losses per audited financial statements	1	1,410,962.
2	Amounts included on line 1 but not on Form 990, Part IX, line 25:		
a	Donated services and use of facilities	2a	
b	Prior year adjustments	2b	
c	Other losses	2c	
d	Other (Describe in Part XIII.)	2d	
e	Add lines 2a through 2d	2e	0.
3	Subtract line 2e from line 1	3	1,410,962.
4	Amounts included on Form 990, Part IX, line 25, but not on line 1:		
a	Investment expenses not included on Form 990, Part VIII, line 7b	4a	
b	Other (Describe in Part XIII.)	4b	
c	Add lines 4a and 4b	4c	0.
5	Total expenses. Add lines 3 and 4c. (This must equal Form 990, Part I, line 18.)	5	1,410,962.

Part XIII Supplemental Information.

Provide the descriptions required for Part II, lines 3, 5, and 9; Part III, lines 1a and 4; Part IV, lines 1b and 2b; Part V, line 4; Part X, line 2; Part XI, lines 2d and 4b; and Part XII, lines 2d and 4b. Also complete this part to provide any additional information.

PART X, LINE 2:

TRC IS EXEMPT FROM INCOME TAXES ON ITS EXEMPT ACTIVITIES UNDER SECTION 501(C)(6) OF THE INTERNAL REVENUE CODE. TRC FOLLOWS ACCOUNTING STANDARDS FOR DEALING WITH UNCERTAINTY IN ACCOUNTING FOR INCOME TAX PROVISIONS. TRC HAS DETERMINED THAT IT DOES NOT HAVE ANY MATERIAL UNRECOGNIZED TAX BENEFITS OR OBLIGATIONS AS OF DECEMBER 31, 2014 AND 2013. YEARS ENDING ON OR AFTER DECEMBER 31, 2011 REMAIN SUBJECT TO EXAMINATION BY FEDERAL AND STATE TAX AUTHORITIES.

Part I Type of Return and Return Information (Whole Dollars Only)

Check the box for the return for which you are using this Form 8879-EO and enter the applicable amount, if any, from the return. If you check the box on line 1a, 2a, 3a, 4a, or 5a, below, and the amount on that line for the return being filed with this form was blank, then leave line 1b, 2b, 3b, 4b, or 5b, whichever is applicable, blank (do not enter -0-). But, if you entered -0- on the return, then enter -0- on the applicable line below. **Do not** complete more than 1 line in Part I.

1a Form 990 check here ▶ <input checked="" type="checkbox"/>	b Total revenue, if any (Form 990, Part VIII, column (A), line 12)	1b	1,488,205.
2a Form 990-EZ check here ▶ <input type="checkbox"/>	b Total revenue, if any (Form 990-EZ, line 9)	2b	
3a Form 1120-POL check here ▶ <input type="checkbox"/>	b Total tax (Form 1120-POL, line 22)	3b	
4a Form 990-PF check here ▶ <input type="checkbox"/>	b Tax based on investment income (Form 990-PF, Part VI, line 5)	4b	
5a Form 8868 check here ▶ <input type="checkbox"/>	b Balance Due (Form 8868, Part I, line 3c or Part II, line 8c)	5b	

Part II Declaration and Signature Authorization of Officer

Under penalties of perjury, I declare that I am an officer of the above organization and that I have examined a copy of the organization's 2014 electronic return and accompanying schedules and statements and to the best of my knowledge and belief, they are true, correct, and complete. I further declare that the amount in Part I above is the amount shown on the copy of the organization's electronic return. I consent to allow my intermediate service provider, transmitter, or electronic return originator (ERO) to send the organization's return to the IRS and to receive from the IRS (a) an acknowledgement of receipt or reason for rejection of the transmission, (b) the reason for any delay in processing the return or refund, and (c) the date of any refund. If applicable, I authorize the U.S. Treasury and its designated Financial Agent to initiate an electronic funds withdrawal (direct debit) entry to the financial institution account indicated in the tax preparation software for payment of the organization's federal taxes owed on this return, and the financial institution to debit the entry to this account. To revoke a payment, I must contact the U.S. Treasury Financial Agent at 1-888-353-4537 no later than 2 business days prior to the payment (settlement) date. I also authorize the financial institutions involved in the processing of the electronic payment of taxes to receive confidential information necessary to answer inquiries and resolve issues related to the payment. I have selected a personal identification number (PIN) as my signature for the organization's electronic return and, if applicable, the organization's consent to electronic funds withdrawal.

Officer's PIN: check one box only

☒ I authorize **DIXON HUGHES GOODMAN LLP**

ERO firm name

to enter my PIN **22102**

Enter five numbers, but
do not enter all zeros

as my signature on the organization's tax year 2014 electronically filed return. If I have indicated within this return that a copy of the return is being filed with a state agency(ies) regulating charities as part of the IRS Fed/State program, I also authorize the aforementioned ERO to enter my PIN on the return's disclosure consent screen.

☐ As an officer of the organization, I will enter my PIN as my signature on the organization's tax year 2014 electronically filed return. If I have indicated within this return that a copy of the return is being filed with a state agency(ies) regulating charities as part of the IRS Fed/State program, I will enter my PIN on the return's disclosure consent screen.

Officer's signature ▶ 

Date ▶ **8-10-17**

Part III Certification and Authentication

ERO's EFIN/PIN. Enter your six-digit electronic filing identification number (EFIN) followed by your five-digit self-selected PIN.

5492222201

do not enter all zeros

I certify that the above numeric entry is my PIN, which is my signature on the 2014 electronically filed return for the organization indicated above. I confirm that I am submitting this return in accordance with the requirements of Pub. 4163, Modernized e-File (MeF) Information for Authorized IRS e-file Providers for Business Returns.
