Dear Mr. Petersen:

The Department of Toxic Substances Control (DTSC), has completed its review of the San Mateo County Environmental Health Certified Unified Program Agency (San Mateo County CUPA) application for Tier 2 authority to implement and enforce environmental assessments and corrective action pursuant to Health and Safety Code sections 25200.3(c)(3), 25187, 25187.1, 25200.10, and 25200.14. The application was determined complete on March 25, 2011. Based on the review, DTSC has determined that the San Mateo County CUPA is qualified at the Tier 2 level to implement and enforce environmental assessments and corrective action in accordance with the California Code of Regulations, title 22, §68400.11 et seq. The San Mateo County CUPA application for Tier 2 authority is hereby approved.

For DTSC to effectively coordinate and manage corrective action activities statewide, DTSC is requesting of the San Mateo County CUPA the following:

1. Provide DTSC with a 30-day written notice of the name, address and permitting status of the facility or site before any corrective action activity is initiated.
2. Refer to DTSC any facility or site requiring corrective action that is beyond San Mateo County CUPA's expertise. [Cal. Code Regs., title 22, §68400.11(g)].
