15-DAY PUBLIC NOTICE AND COMMENT PERIOD NOTICE OF PUBLIC AVAILABILITY OF POST-HEARING CHANGES

STANDARDS FOR MANAGEMENT OF HAZARDOUS WASTE SOLAR MODULES

Department of Toxic Substances Control Reference Number: R-2010-01
Office of Administrative Law Notice File Number: Z-2012-0802-01

Pursuant to Government Code section 11346.8, subdivision (c), notice is hereby given that the Department of Toxic Substances Control (DTSC) has revised the text of the proposed regulations, which would modify language to include the term "*installer*" to the definition of a *PV Module Vendor*. A written comment period has been established commencing on *August 15, 2013*, and closing on *August 30, 2013*.

DTSC mailed the original text and made it available for public review and comment on (*August 17, 2012*). A public hearing was held on October 1, 2012 during which written and oral testimony was accepted. In addition, written comments were accepted during the 45-day public comment period that ended October 1, 2012. DTSC has now made post-hearing changes to the proposed text. DTSC has determined that these changes do not impact the finding of the previously proposed Negative Declaration prepared pursuant to the California Environmental Quality Act (CEQA).

DTSC considers these new changes to the rulemaking to be sufficiently related changes, as defined by California Code of Regulations, title 1, section 42. This notice includes all revisions made to the text since those indicated during the original public comment period. Notice is given that any interested persons may submit comments regarding these revisions and only these revisions of the text by e-mail to regs@dtsc.ca.gov or by mail to:

Ms. Manpreet Singh, Regulations Coordinator
Department of Toxic Substances Control
Regulations Section, MS 23A

The information upon which DTSC relied is available for public inspection between 8:00 a.m. and 5:00 p.m. at the Regulations Section, located on the 23rd Floor at 1001 I Street, Sacramento, California.
