

# **ELECTRONIC SUBMITTAL OF INFORMATION**

---

January 2014

# Introduction

## Cleanup

- Ray Leclerc
- Mark Malinowski
- Rick Fears
- Bud Duke

## Permitting

- Michael Choe
- Edward Nieto

## Information Management

- Fiona Renton

# Workshop Agenda

- DTSC Technical Presentation
- Question and Answers
- Closing

# Workshop Presentation Summary

- Introduction
- Process Information
- What is Excluded
- Electronic Data Deliverables (EDD)
  - Existing
  - Proposed
- Benefits
- What is Next
- Contact Information

# Electronic Submittal of Information (ESI)

Required per Health & Safety Code §57013

Proposed regulation would require any person submitting documents or data to the Department of Toxic Substances Control to submit them electronically into the EnviroStor Database.

The concept draft regulation language is available for review at:

[www.dtsc.ca.gov/LawsRegsPolicies/Regs/ESI\\_Regs.cfm](http://www.dtsc.ca.gov/LawsRegsPolicies/Regs/ESI_Regs.cfm)

# Cleanup Process Information

Schedules

Workplans

Sampling Reports

Cleanup Plans

Operations &  
Monitoring Plans

Laboratory data

# Permitting Process Information

- Operating Permit Application
- Post Closure Permit Application
- Permit Modification Submittal
- New Closures or Closures Revision
- Permit Maintenance Submittal

# Excluded Information

- Manifests
- Disclosure Statements
- Generator Biennial Reports
- Annual Facility Reports  
Title 22 CCR 66264.75 and 66265.75
- Safer Consumer Products
- Emergency Permits
- Financial Assurance Mechanisms
- Enforcement Related Documents

# Existing EDDs from GeoTracker

- **EDF** - analytical data
- **GEO\_BORE** – Boring logs
- **GEO\_WELL** – Depth to water
- **GEO\_XY** – Locational data
- **GEO\_Z** – Well casing elevation
- **GEO\_MAP** – Site maps
- **FIELD POINT/WELL CONSTRUCTION** – Sample locations and well construction data

# Proposed EDDs

**GEO\_GWCONTOUR -**  
Groundwater elevation  
contours - KML format

**GEO\_GWCONTOUR\_EDD -**  
Sample points used to  
create GEO\_GWCONTOUR

# Proposed EDDs

**GEO\_PLUME** – Iso-concentration contours – KML format

**GEO\_PLUME\_EDD** - Sample points used to create GEO\_PLUME

# Proposed EDDs

**GEO\_SAMPLEDEPTH** – Sample depth information

# Benefits

- Uniform standard for electronic submittals
- Increased clarity and consistency
- Immediate confirmation of submittal
- Information accessible to Public
- Move towards goal to reduce paper

# What's Next

# Questions

- **Please State Your,**
- Name
- Organization
- Proposed Regulatory Section
- Question and/or Comment

# Webcast and Draft Language

- The workshop has been recorded in its entirety and the recording and concept draft regulation language is available for review at:

[www.dtsc.ca.gov/LawsRegsPolicies/Regs/ESI\\_Regs.cfm](http://www.dtsc.ca.gov/LawsRegsPolicies/Regs/ESI_Regs.cfm)

# Contact Information

- Questions about the workshop
- Would like to be updated on future actions
- Wish to submit written comments
- Submit to Jackie Buttle via **email** at [ESI\\_Regs@dtsc.ca.gov](mailto:ESI_Regs@dtsc.ca.gov)

Written comments may be **mailed** to:

Ms. Jackie Buttle, Regulations Coordinator
