

Chapter 12. Standards Applicable to Generators of Hazardous Waste

Article 1. Applicability

66262.10. Purpose, scope, and applicability.

(a) This chapter establishes standards for generators of hazardous waste located in California.

(b) A generator who treats, stores, or disposes of hazardous waste on-site shall only comply with the following sections of this chapter with respect to that waste: Section 66262.11 for determining whether or not the generator has a hazardous waste, Section 66262.12 for obtaining an identification number, Section 66262.34 for accumulation of hazardous waste, Section 66262.40(c) and (d) for recordkeeping, Section 66262.43 for additional reporting and if applicable, Section 66262.70 for farmers.

(c) Any person who imports hazardous waste into the State to a designated facility within the State from outside the United States shall comply with the standards applicable to generators established in this chapter.

(d) A farmer who generates waste pesticides which are hazardous waste and who complies with of the requirements of Section 66262.70 is not required to comply with other standards in this chapter or

Chapters 2014, 15, or 18 of this division with respect to such pesticides.

(e) A person who generates a hazardous waste as defined by Chapter 11 of this division is subject to the compliance requirements and penalties prescribed in Chapter 6.5 of Division 20 of the Health and Safety Code (commencing with Section 25100) if the generator does not comply with the requirements of this chapter.

(f) An owner or operator who initiates a shipment of hazardous waste from a treatment, storage, or disposal facility shall comply with the generator standards established in this chapter. The provisions of Section 66262.34 shall be applicable to the on-site accumulation of hazardous waste by generators. Therefore, the provisions of Section 66262.34 shall only apply to owners or operators who are shipping hazardous waste which they generated at that facility.

(g) A generator who treats, stores, or disposes of hazardous waste on-site shall comply with the applicable standards and permit requirements set forth in Chapters 14, 15, 16, and 20 of this division.

(h) This article does not apply to generators handling only hazardous waste produced incidental to owning and maintaining their own place of residence.

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

Reference: Sections 25150, 25159 and 25159.5, Health and Safety Code; 40 CFR Section 262.10.

66262.11. Hazardous Waste Determination.

A person who generates a waste, as defined in Section 66261.2, shall determine if that waste is a hazardous waste using the following method:

(a) The generator shall first determine if the waste is excluded from regulation under Section 66261.4 or Section 25143.2 of the Health and Safety Code.

(b) The generator shall then determine if the waste is listed as a hazardous waste in Article 4 of Chapter 11 or in Appendix X of Chapter 11 of this division. If the waste is listed in Appendix X and is not listed in Article 4 of Chapter 11, the generator may determine that the waste from his particular facility or operation is not a hazardous waste by either:

(1) Testing the waste according to the methods set forth in Article 3 of Chapter 11 of this division, or according to an equivalent method approved by the Department pursuant to Section 66260.21 or

(2) Applying knowledge of the hazard characteristic of the waste in light of the materials or the processes used and the characteristics set forth in Article 3 of Chapter 11 of this division.

(c) For purposes of compliance with Chapter 18 of this division (commencing with Section 66268.1), or if the waste is not listed as a hazardous waste in Article 4 (commencing with Section 66261.30) or in Appendix X of Chapter 11 of this division, the generator shall determine whether the waste exhibits any of the characteristics set forth in Article 3 of Chapter 11 of this division by either:

(1) Testing the waste according to the methods set forth in Article 3 (commencing with Section 66261.20) of Chapter 11 of this division, or according to an equivalent method approved by the Department under Section 66260.21 or

(2) Applying knowledge of the hazard characteristic of the waste in light of the materials or the processes used.

(d) If the waste is determined to be hazardous, the generator shall refer to Chapters 14, 15, and 18 of this division for possible exclusions or restrictions pertaining to management of the specific waste.

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

Reference: Sections 25115, 25117, 25159 and 25159.5, Health and Safety Code; 40 CFR Section 262.11.

66262.12. Identification Numbers for the Generator.

(a) A generator shall not treat, store, dispose of, transport or offer for transportation, hazardous waste without having received an Identification Number.

(b) A generator who has not received an Identification Number may obtain one by applying to the Administrator or to the Department using EPA form 8700-12 (Revised 1/90). Following receipt of the request, the generator will be assigned an identification number.

(c) A generator shall not offer the hazardous waste to transporters or to transfer, treatment, storage or disposal facilities that have not received an Identification Number.

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

Reference: Sections 25159 and 25159.5, Health and Safety Code; 40 CFR Section 262.12.

Article 2. The Manifest

66262.20. General Requirements.

(a) A generator who transports, or offers for transportation, hazardous waste for off-site transfer, treatment, storage, or disposal shall prepare a Manifest, DHS Form 8022A, and if necessary, the EPA continuation Form 8700-22A, according to the instructions included in the Appendix to Chapter 12 of this division before the waste is transported off-site. All manifest requests should be submitted to the following agency:

Department of General Services
Documents and Publications
P.O. Box 1015
North Highlands, CA 95660

For further information with regard to manifest ordering and associated fees, contact the Department of General Services' Customer Service Office at (916) 973-3700.

(b) A generator shall designate on the manifest one facility which is permitted to handle the waste described on the manifest.

(c) A generator may also designate on the manifest one alternate facility which is permitted to handle the waste in the event an

emergency prevents delivery of the waste to the primary designated facility.

(d) If the transporter is unable to deliver the hazardous waste to the designated facility or the alternate facility, the generator shall either designate another facility or instruct the transporter to return the waste.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.60.

66262.21. Acquisition of Manifests.

(a) If the state to which the shipment is manifested (consignment state) supplies the manifest and requires its use, then the generator shall use that manifest.

(b) If the consignment state does not supply the manifest, the generator shall use the California Uniform Hazardous Waste manifest, EPA 8700-22/DHS 8022A (6-89).

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.21.

66262.23. Use of the Manifest.

(a) The generator of any hazardous or extremely hazardous waste to be transported off-site shall:

(1) Complete the generator and waste section and sign the manifest certification according to the instructions in the Appendix to this chapter; and

(2) Obtain the handwritten signature of the initial transporter and date of acceptance on the manifest; and

(3) Retain two copies, in accordance with Section 66262.40 (a); and

(4) Within 30 days of each shipment of hazardous waste submit to the Department a legible copy of each manifest used.

(b) The generator shall give the transporter the remaining copies of the manifest.

(c) For shipments of hazardous waste within the United States solely by water (bulk shipments only), the generator shall send three copies of the manifest dated and signed in accordance with this section to the owner or operator of the designated facility or the last water (bulk shipment) transporter to handle the waste in the United States if exported by water. Copies of the manifest are not required for each transporter.

(d) For rail shipments of hazardous waste within the United States which originate at the site of generation, the generator shall send at least three copies of the manifest dated and signed in accordance with this section to:

- (1) The next non-rail transporter, if any; or
- (2) The designated facility if transported solely by rail; or
- (3) The last rail transporter to handle the waste in the United States if exported by rail.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.23.

Article 3. Pre-Transport Requirements

66262.30. Packaging.

Before transporting hazardous waste or offering hazardous waste for transportation off-site, a generator shall package the waste in accordance with the applicable Department of Transportation regulations on packaging under Title 49 CFR Parts 173, 178, and 179.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.30.

66262.31. Labeling.

Before transporting or offering hazardous waste for transportation off-site, a generator shall label each package in accordance with the applicable Department of Transportation regulations on hazardous materials under Title 49 CFR Part 172.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.31.

66262.33. Placarding.

Before transporting hazardous waste or offering hazardous waste for transportation off-site, a generator shall ensure that the transport vehicle is correctly placarded according to Department of Transportation regulations for hazardous materials under Title 49 CFR Part 172, Subpart F.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.33.

66262.34. Accumulation Time.

(a) Except as provided in subsection (d) of this section, a generator may accumulate hazardous waste on-site for 90 days or less without a permit or grant of interim status, provided that:

(1) The waste is placed in containers and the generator complies with Article 9 of Chapter 15 of this division, or the waste is placed in tanks and the generator complies with Article 10 of Chapter 15 of this division, except Sections 66265.197(c) and 66265.200. In addition, such a generator is exempt from all the requirements in Articles 7 and 8 of Chapter 15 of this division, except for Sections 66265.111 and 66265.114; and

(2) The generator complies with the requirements of subsection (f) of this section; and

(3) The generator complies with the requirements for owners or operators in Articles 3 and 4 of Chapter 15 of this division and with Section 66265.16.

(4) The generator complies with the requirements for owners or operators in article 3 (commencing with Section 66265.30) and 4 (commencing with Section 66265.50) of Chapter 15 of this division and with Section 66265.16.

(b) The beginning of the 90 day period specified in subsections (a) and (c) of this section is determined as follows:

(1) If the generator does not generate more than 100 kilograms of hazardous waste or one kilogram of acutely hazardous waste (listed in Section 66261.33(e)) or one kilogram of extremely hazardous waste during any calendar month, the 90 day period begins on the date the generator has accumulated 100 kilograms of hazardous waste or one kilogram of acutely hazardous waste or one kilogram of extremely hazardous waste.

(2) If the generator generates more than 100 kilograms of hazardous waste or one kilogram of acutely hazardous waste or one kilogram of extremely hazardous waste during any calendar month, the 90-day period begins on the first date on which any amount of hazardous waste begins to accumulate during that month.

(c) A generator who accumulates hazardous waste for more than 90 days is an operator of a storage facility and is subject to the requirements of Chapters 14 and 15 of this division and the permit requirements of Chapter 20 of this division, unless the generator has been granted an extension to the 90-day period or meets the requirements of subsection (e) of this section. An extension may be granted by the Department if hazardous wastes must remain on-site for longer than 90 days due to unforeseen, temporary, and uncontrollable circumstances. An extension of up to 30 days may be

granted at the discretion of the Department on a case-by-case basis.

(d) A generator who stores more than 5000 U.S. gallons or 45,000 pounds, whichever is greater, of hazardous waste onsite in a tank for any period of time is an operator of a storage facility, and is subject to the requirements of Chapters 14 and 15 of this division and the permit requirements of Chapter 20 of this division.

(1) For purposes of this subsection, tank does not include a portable tank marked or labeled in compliance with subsection (f) of this section and meeting either of the following conditions:

(A) The portable tank is used to store hazardous waste onsite which has been generated from onsite maintenance operations which occur less frequently than annually; or

(B) The portable tank is used to store hazardous waste onsite for a period of not more than 60 consecutive calendar days.

(2) For purposes of this subsection, portable tank means any transportable covered or uncovered receptacle to be used for holding hazardous waste and having a capacity greater than 110 U.S. gallons.

(e) (1) A generator may accumulate as much as 55 gallons of hazardous waste, one quart of acutely hazardous waste (listed in

Section 66261.33(e)) or one quart of extremely hazardous waste at or near any point of generation, without a permit or grant of interim status, without complying with subsections (a), (b) and (c) of this section, if all of the following requirements are met with respect to this waste:

(A) The waste is accumulated in containers, other than tanks, at the initial accumulation point which is at or near the area where the waste is generated and which is under the control of the operator of the process generating the waste;

(B) The generator does not hold the waste onsite for more than one year from the initial date of accumulation, or 90 days from the date the quantity limitation specified in subsection *(e)(1) of this section is reached, whichever occurs first;

(C) The initial date of waste accumulation is clearly marked and visible for inspection on each container used for accumulation of hazardous waste.

(D) The generator complies with Sections 66265.171, 66265.172, and 66265.173(a) of this division; and

(E) The generator complies with subsections (e)(2), (e)(3) and (f)(3) of this section.

(2) Except as provided in subsections (e)(2)(A) and (e)(2)(B) of

this section, a process or group of processes meeting the requirements of subsection *(e)(1) of this section, shall be subject to a single 55 gallon or one quart accumulation limit for that process or group of processes.

(A) If not all of the wastestreams generated by a single process or group of processes located within the same physical area are compatible, a separate 55 gallon or one quart limit shall apply to each group of wastestreams that are compatible.

(B) If the generator determines that using only one 55-gallon or one-quart container to initially accumulate specific compatible wastestreams is not practical (e.g., prevents recycling or requires unreasonable accumulation procedures) or safe from an environmental or worker/public health and safety standpoint, the generator may use a separate 55-gallon or one-quart container for those specific compatible wastestreams. The generator's determination shall be subject to review and approval by the Department at any time.

(3) A generator who has accumulated an amount of hazardous waste, acutely hazardous waste or extremely hazardous waste equal to any applicable quantity limitation listed in subsection (e)(1) of this section at or near any point of generation shall, with respect to that waste, comply within three days with subsection (a) of this section and other applicable provisions of this division. During the three day period the generator shall continue to comply with subsection (e)(1) of this section. Within the three day period, the

generator shall mark the container holding the hazardous waste with the date the applicable quantity limitation was reached.

(f) Generators who accumulate hazardous waste on site without a permit or grant of interim status shall comply with the following requirements:

(1) The date upon which each period of accumulation begins shall be clearly marked and visible for inspection on each container and portable tank;

(2) The date the 90-day period begins, for purposes of subsections (a) and (b) of this section, shall be clearly marked and visible for inspection on each container and tank; and

(3) Each container and tank used for onsite accumulation of hazardous waste shall be labeled or marked clearly with the words, "Hazardous Waste". Additionally, all containers and portable tanks shall be labeled with the following information:

(A) Composition and physical state of the wastes;

(B) Statement or statements which call attention to the particular hazardous properties of the waste (e.g., flammable, reactive, etc.)

(C) Name and address of the person producing the waste.

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

References: Sections 25123.3, 25159 and 25159.5, Health and Safety Code; 40 CFR Section 262.34.

Article 4. Recordkeeping and Reporting

66262.40. Recordkeeping.

(a) A generator shall keep a copy of each manifest signed in accordance with Section 66262.23(a) for three years or until the generator receives a signed copy from the designated facility which received the waste. This signed copy shall be retained as a record for at least three years from the date the waste was accepted by the initial transporter.

(b) A generator shall keep a copy of each Biennial Report and Exception Report for a period of at least three years from the due date of the report.

(c) A generator shall keep records of any test results, waste analyses, or other determinations made in accordance with Section 66262.11 for at least three years from the date that the waste was last sent to on-site or off-site treatment, storage, or disposal.

(d) The periods or retention referred to in this section are extended automatically during the course of any unresolved enforcement action regarding the regulated activity or as requested by the USEPA Administrator or the Department.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety
Code; 40 CFR Section 262.40.

66262.41. Biennial Report.

(a) A generator who ships any hazardous waste offsite to a transfer, treatment, storage or disposal facility within the United States shall prepare and submit a single copy of a Biennial Report, EPA Form 8700-13A/B, 5-80, (Revised 11-89) to the Department by March 1 of each even-numbered year. The Biennial Report shall be submitted on forms provided by the Department and shall cover generator activities during the previous calendar year, and shall include the following information:

(1) The identification number, name and address of the generator;

(2) The calendar year covered by the report;

(3) The identification number, name and address for each off-site transfer, treatment, storage or disposal facility in the United States to which waste was shipped during the year;

(4) The name and Identification Number of each transporter used during the reporting year for shipments to a transfer, treatment, storage or disposal facility within the United States;

(5) A description, EPA hazardous waste number (from Chapter 11, Articles 3 or 4 of this division, California Hazardous Waste Category Number, from Chapter 11, Appendix XII, DOT hazard class, and quantity of each hazardous waste shipped offsite to a transfer,

treatment, storage or disposal facility within the United States. This information shall be listed by identification number of each such offsite facility to which waste was shipped. Wastes that are classified as non-RCRA hazardous wastes can be properly described by indicating a generic name of the waste and the phrase "Non-RCRA Hazardous Waste, Solid" or "Non-RCRA Hazardous Waste, Liquid" for solid or liquid wastes, respectively. When possible, the generic name shall be obtained from Chapter 11, Appendix X, subdivision (e) of this division. If not listed, the commonly recognized industrial name of the waste shall be used.

(6) A description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated.

(7) A description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available for years prior to 1984.

(8) The certification signed by the generator or authorized representative.

(b) Any generator who treats, stores or disposes of hazardous waste onsite shall submit an annual report covering those wastes in accordance with the provisions of Chapters 20, 14, 15 and 16 of this division. Reporting for exports of hazardous waste is not

required on the Biennial Report form. A separate annual report requirement is set forth in Section 66262.56.

(c) Additional information concerning the quantities and disposition of wastes identified or listed in Chapter 11 shall be required as needed by the Department or USEPA Administrator.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5, 25160 and 25244.4, Health and Safety Code; 40 CFR Section 262.41.

66262.42. Exception Reporting.

(a) A generator who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 35 days of the date the waste was accepted by the initial transporter shall contact the transporter and/or the owner or operator of the designated facility to determine the status of the hazardous waste.

(b) A generator shall submit an Exception Report to the Department if the generator has not received a copy of the manifest with the handwritten signature of the owner or operator of the designated facility within 45 days of the date the waste was accepted by the initial transporter. The Exception Report shall include:

(1) A legible copy of the manifest for which the generator does not have confirmation of delivery;

(2) A cover letter signed by the generator or the generator's authorized representative explaining the efforts taken to locate the hazardous waste and the results of those efforts.

NOTE: Authority cited: Sections 208, 25150, 25159 and 25161, Health and Safety Code.

Reference: Sections 25159, 25159.5 and 25160, Health and Safety Code; 40 CFR Section 262.42.

66262.43. Additional Reporting.

The Department may require generators to furnish additional reports concerning the quantities and disposition of wastes identified or listed in Chapter 11 of this division.

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

Reference: Sections 25159 and 25159.5, Health and Safety Code;
40 CFR Section 262.43.

Article 5. Exports of Hazardous Waste

66262.50. Applicability.

This article establishes requirements applicable to exports of hazardous waste to a foreign country from the State. Except to the extent 40 CFR Section 262.58 provides otherwise, a primary exporter of hazardous waste shall comply with the requirements of this article and a transporter transporting hazardous waste for export shall comply with applicable requirements of Chapter 13 of this Division.

Note: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.50.

66262.52. General Requirements.

Exports of hazardous waste to a foreign country from the State are prohibited except in compliance with the applicable requirements of this Article and of Chapter 13 of this division.

Exports of hazardous waste are prohibited unless:

(a) Notification in accordance with Section 66262.53 has been provided;

(b) For RCRA hazardous waste, the receiving country has consented to accept the hazardous waste;

(c) For RCRA hazardous waste, a copy of the EPA Acknowledgment of Consent to the shipment accompanies the hazardous waste shipment and, unless exported by rail, is attached to the manifest (or shipping paper for exports by water (bulk shipment)).

(d) For RCRA hazardous waste, the hazardous waste shipment conforms to the terms of the receiving country's written consent as reflected in the EPA Acknowledgment of Consent.

Note: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.52.

66262.53. Notification of Intent to Export.

(a) A primary exporter of RCRA hazardous waste shall concurrently notify USEPA and send a copy of that notification to the Department of an intended export before such waste is scheduled to leave the United States. A complete notification shall be submitted sixty (60) days before the initial shipment is intended to be shipped off site. This notification shall cover export activities extending over a twelve (12) month or lesser period. The notification shall be in writing, signed by the primary exporter, and include the following information:

(1) Name, mailing address, telephone number and ID number of the primary exporter;

(2) By consignee, for each hazardous waste type:

(A) A description of the hazardous waste and the EPA hazardous waste number, if applicable, (from Chapter 11, Articles 3 and 4), California Hazardous Waste Code Number, U.S. DOT proper shipping name, hazard class and ID number (UN/NA) for each hazardous waste as identified in Title 49 CFR Parts 171 through 177;

(B) The estimated frequency or rate at which such waste is to be exported and the period of time over which such waste is to be exported.

(C) The estimated total quantity of the hazardous waste in units as specified in the instructions to the Uniform Hazardous Waste Manifest Form (Form DHS 8022A) in the appendix to Section 66262;

(D) All points of entry to and departure from each foreign country through which the hazardous waste will pass;

(E) A description of the means by which each shipment of the hazardous waste will be transported (e.g., mode of transportation, vehicle (air, highway, rail, water, etc.), type(s) of container (drums, boxes, tanks, etc.));

(F) A description of the manner in which the hazardous waste will be treated, stored or disposed of in the receiving country (e.g., land or ocean incineration, other land disposal, ocean dumping, recycling);

(G) The name and site address of the consignee and any alternate consignee; and

(H) The name of any transit countries through which the hazardous waste will be sent and a description of the approximate length of time the hazardous waste will remain in such country and the nature of its handling while there;

(b) A primary exporter of non-RCRA hazardous waste shall notify the Department of an intended export before such waste is scheduled

to leave the United States. A complete notification shall be submitted four weeks before the initial shipment is intended to be shipped off site. This notification shall cover export activities extending over a twelve (12) month or lesser period. The notification shall be in writing, signed by the primary exporter, and include all the information required by subsections 66262.53(a)(1) and (2).

(c) Notification for RCRA hazardous waste exports shall be concurrently sent to the Office of International Activities (A-106), EPA, 401 M Street, SW., Washington, DC 20460 and a copy of the notification shall be sent to the Department of Health Services, Toxic Substances Control Program, Manifest Unit, P.O. Box 943732, Sacramento, CA 94234-7320, with "Attention: Notification to Export" prominently displayed on the front of the envelope. Notifications for non-RCRA hazardous waste exports shall only be sent to the Department.

(d) Except for changes to the telephone number in subsection (a)(1) of this section, changes to subsection (a)(2)(E) of this section and decreases in the quantity indicated pursuant to subsection (a)(2)(C) of this section when the conditions specified on the original notification change (including any exceedance of the estimate of the quantity of hazardous waste specified in the original notification), the primary exporter shall provide EPA and the Department with a written renotification of the change. The shipment cannot take place until consent of the receiving country

to the changes (except for changes to subsection (a)(2)(H) of this section and in the ports of entry to and departure from transit countries pursuant to subsection (a)(2)(D) of this section) has been obtained and the primary exporter receives an EPA Acknowledgment of Consent reflecting the receiving country's consent to the changes.

(e) Upon request by EPA, a primary exporter shall furnish to EPA any additional information which a receiving country requests in order to respond to a notification.

(f) In conjunction with the Department of State, EPA will provide a complete notification to the receiving country and any transit countries. A notification is complete when EPA receives a notification which EPA determines satisfies the requirements of Section 66262.53(a). Where a claim of confidentiality is asserted with respect to any notification information required by Section 66262.53(a), EPA may find the notification not complete until any such claim is resolved in accordance with Section 66260.2.

(g) Where the receiving country consents to the receipt of the hazardous waste, EPA will forward an EPA Acknowledgment of Consent to the primary exporter for purposes of Section 66262.54(h). Where the receiving country objects to receipt of the hazardous waste or withdraws a prior consent, EPA will notify the primary exporter in writing. EPA will also notify the primary exporter of any responses from transit countries.

NOTE: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.53.

66262.54. Special Manifest Requirements.

A primary exporter shall comply with the manifest requirements of Sections 66262.20 through 66262.23 except that:

(a) In lieu of the name, site address and ID number of the designated permitted facility, the primary exporter shall enter the name and site address of the consignee;

(b) In lieu of the name, site address and ID number of a permitted alternate facility, the primary exporter may enter the name and site address of any alternate consignee.

(c) In Special Handling Instructions and Additional Information, the primary exporter shall identify the point of departure from the United States;

(d) For RCRA hazardous waste, the following statement shall be added to the end of the first sentence of the certification set forth in Item 16 of the Uniform Hazardous Waste Manifest Form: "and conforms to the terms of the attached EPA Acknowledgment of Consent."

(e) In lieu of the requirements of Section 66262.21, the primary exporter shall obtain the manifest form from the Department.

(f) The primary exporter shall require the consignee to confirm

in writing the delivery of the hazardous waste to that facility and to describe any significant discrepancies (as defined in Section 66264.72(a)) between the manifest and the shipment. A copy of the manifest signed by such facility may be used to confirm delivery of the hazardous waste.

(g) In lieu of the requirements of Section 66262.20(d), where a shipment cannot be delivered for any reason to the designated or alternate consignee, the primary exporter shall:

(1) Renotify USEPA for RCRA hazardous waste and the Department for both RCRA hazardous waste and non-RCRA hazardous waste of a change in the conditions of the original notification to allow shipment to a new consignee in accordance with Section 66262.53(c) or

(2) Instruct the transporter to return the waste to the primary exporter in the United States or designate another facility within the United States; and

(3) Instruct the transporter to revise the manifest in accordance with the primary exporter's instructions.

(h) For RCRA hazardous waste, the primary exporter shall attach a copy of the EPA Acknowledgment of Consent to the shipment to the manifest which shall accompany the hazardous waste shipment. For exports by rail or water (bulk shipment), the primary exporter shall provide the transporter with an EPA Acknowledgment of Consent

which shall accompany the hazardous waste but which need not be attached to the manifest except that for exports by water (bulk shipment) the primary exporter shall attach the copy of the EPA Acknowledgment of Consent to the shipping paper.

(i) For RCRA hazardous waste, the primary exporter shall provide the transporter with an additional copy of the manifest for delivery to the U.S. Customs official at the point the hazardous waste leaves the United States in accordance with Section 66263.20(j)(4).

NOTE: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.54.

66262.55. Exception Reports.

In lieu of the requirements of Section 66262.42, a primary exporter shall file an exception report with the USEPA Administrator and the Department for RCRA hazardous waste, or with the Department for non-RCRA hazardous waste, if:

(a) The primary exporter has not received a copy of the manifest signed by the transporter stating the date and place of departure from the United States within forty-five (45) days from the date it was accepted by the initial transporter;

(b) Within ninety (90) days from the date the waste was accepted by the initial transporter, the primary exporter has not received written confirmation from the consignee that the hazardous waste was received;

(c) The waste is returned to the United States.

NOTE: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.55.

66262.56. Annual Reports.

(a) Primary exporters of hazardous waste shall file with the USEPA Administrator and the Department no later than March 1 of each year, a report summarizing the types, quantities, frequency, and ultimate destination of all hazardous waste exported to a foreign country from the State during the previous calendar year. Such reports shall include the following:

(1) The Identification Number, name, and mailing and site address of the exporter;

(2) The calendar year covered by the report;

(3) The name and site address of each consignee;

(4) By consignee, for each hazardous waste exported, a description of the hazardous waste, the EPA hazardous waste number, if applicable (from Chapter 11, Articles 3 and 4), the California Hazardous Waste Code Number, DOT hazard class, the name and ID Number (where applicable) for each transporter used, the total amount of waste shipped and number of shipments pursuant to each notification;

(5) Unless provided pursuant to Section 66262.41, in even numbered years:

(A) A description of the efforts undertaken during the year to reduce the volume and toxicity of waste generated; and

(B) A description of the changes in volume and toxicity of waste actually achieved during the year in comparison to previous years to the extent such information is available for years prior to 1984.

(6) A certification signed by the primary exporter which states:

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.

(b) Reports shall be sent to the following address: Office of International Activities (A-106), Environmental Protection Agency, 401 M Street SW., Washington, DC 20460. A copy of each report shall be sent to the Department at the following address: Department of Health Services, Toxic Substances Control Program, Manifest Unit, P.O. Box 942732, Sacramento, CA 94234-7320.

NOTE: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.56.

66262.57. Recordkeeping.

(a) For all hazardous waste exports to a foreign country from the State a primary exporter shall:

(1) Keep a copy of each notification of intent to export for both RCRA hazardous waste and non-RCRA hazardous waste for a period of at least three years from the date the hazardous waste was accepted by the initial transporter;

(2) For RCRA hazardous waste, keep a copy of each EPA Acknowledgment of Consent for a period of at least three years from the date the hazardous waste was accepted by the initial transporter;

(3) Keep a copy of each confirmation of delivery of the hazardous waste from the consignee for at least three years from the date the hazardous waste was accepted by the initial transporter; and

(4) Keep a copy of each annual report for a period of at least three years from the due date of the report.

(b) The periods of retention referred to in this section are extended automatically during the course of any unresolved enforcement action regarding the regulated activity or as requested by the USEPA Administrator or the Department.

Note: Authority cited: Sections 208, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, 25159.5 and 25162, Health and Safety Code, 40 CFR Section 262.57.

Article 6. Imports of Hazardous Waste

66262.60. Imports of Hazardous Waste.

(a) Any person who imports hazardous waste from a foreign country to a designated facility within the State shall comply with the requirements of this chapter and the special requirements of this article.

(b) When importing hazardous waste, a person shall meet all the requirements of section 66262.20 (a) for the manifest except that:

(1) In place of the generator's name, address and Identification Number, the name and address of the foreign generator and the importer's name, address and Identification Number shall be used.

(2) In place of the generator's signature on the certification statement, the U.S. importer or the importer's agent shall sign and date the certification and obtain the signature of the initial transporter.

(3) A person importing hazardous waste into California for shipment to a facility outside of the State shall use:

(A) For persons importing RCRA hazardous waste or material regulated as hazardous waste in the receiving state, the Uniform Hazardous Waste Manifest required by the receiving state, or

(B) For non-RCRA hazardous waste not regulated as hazardous waste by the receiving state, the California Uniform Hazardous Waste Manifest (DHS 8022A, revised 6/89).

(c) A person who imports hazardous waste shall obtain the manifest form from the Department.

Note: Authority cited: Sections 20*8, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, and 25159.5, Health and Safety Code, 40 CFR Section 262.60.

Article 6. Imports of Hazardous Waste

66262.60. Imports of Hazardous Waste.

(a) Any person who imports hazardous waste from a foreign country to a designated facility within the State shall comply with the requirements of this chapter and the special requirements of this article.

(b) When importing hazardous waste, a person shall meet all the requirements of section 66262.20 (a) for the manifest except that:

(1) In place of the generator's name, address and Identification Number, the name and address of the foreign generator and the importer's name, address and Identification Number shall be used.

(2) In place of the generator's signature on the certification statement, the U.S. importer or the importer's agent shall sign and date the certification and obtain the signature of the initial transporter.

(3) A person importing hazardous waste into California for shipment to a facility outside of the State shall use:

(A) For persons importing RCRA hazardous waste or material regulated as hazardous waste in the receiving state, the Uniform Hazardous Waste Manifest required by the receiving state, or

(B) For non-RCRA hazardous waste not regulated as hazardous waste by the receiving state, the California Uniform Hazardous Waste Manifest (DHS 8022A, revised 6/89).

(c) A person who imports hazardous waste shall obtain the manifest form from the Department.

Note: Authority cited: Sections 20*8, 25150.2 and 25159, Health and Safety Code.

Reference: Sections 25150.2, 25159, and 25159.5, Health and Safety Code, 40 CFR Section 262.60.

Article 7. Farmers

66262.70. Farmers.

(a) Waste pesticide, which meets the definition of hazardous waste, including rinsate generated pursuant to subsection (b) of this section, generated as part of a commercial farming operation is not required to be managed in compliance with the standards in this chapter or Chapters 14, 15, 18 or 20 of this division, provided the waste pesticide is applied as part of a commercial farming operation in a manner consistent with the use instructions on the pesticide label.

(b) Pesticide containers, or inner liners from pesticide containers, generated by a commercial farming operation shall not be regulated as hazardous waste if the container or inner liner is emptied by removing all of the contents that can be removed by draining, pouring, pumping or aspirating, and the container or inner liner is triple rinsed with a liquid capable of dissolving the pesticide which the container held, and

(1) The container or inner liner is punctured, shredded, crushed or otherwise similarly changed so as to prevent subsequent use or reuse, and is disposed of, or

(2) The container is punctured, shredded, crushed or otherwise similarly changed so as to prevent subsequent use or reuse, and is recycled by reclaiming its scrap value, or

(3) The container is reused in accordance with the provision of Health and Safety Code Section 25143.2(d)(6).

NOTE: Authority cited: Sections 208, 25150 and 25159, Health and Safety Code.

Reference: Sections 25159 and 25159.5, Health and Safety Code; 40 CFR Section 262.70 and 40 CFR Section 261.7.

Appendix-California Uniform Hazardous Waste Manifest and Instructions
(DHS Form 8022-A and EPA Form 8700-22A and their Instructions)

DHS Form 8022-A

Read all instructions before completing this form.

This form has been designed for use on a 12-pitch (elite) typewriter; a firm point pen may also be used—press down hard.

Federal and State regulations require generators and transporters of hazardous waste and owners or operators of hazardous waste treatment, storage and disposal facilities to use this form (DHS 8022-A) and, if necessary, the Continuation Sheet (EPA Form 8700-22A) for both inter and intrastate transportation. Federal and State regulations also require generators and transporters of hazardous waste and owners or operators of hazardous waste treatment, storage and disposal facilities to complete the following information:

Illustration # 1115: California Uniform Hazardous Waste Manifest

Item 1. Generator's Identification Number-Manifest Document Number

Enter the generator's twelve digit Identification Number and the unique five digit number assigned to this Manifest (e.g., 00001) by the generator.

Item 2. Page 1 of --

Enter the total number of pages used to complete this Manifest, i.e., the first page (DHS Form 8022-A) plus the number of Continuation Sheets (EPA Form 8700-22A), if any.

Item 3. Generator's Name and Mailing Address

Enter the name and mailing address of the generator. The address should be the location that will manage the returned Manifest forms.

Item 4. Generator's Phone Number

Enter a telephone number where an authorized agent of the generator may be reached in the event of an emergency.

Item 5. Transporter 1 Company Name

Enter the company name of the first transporter who will transport the waste.

Item 6. Identification Number

Enter the twelve digit Identification Number of the first transporter identified in item 5.

Item 7. Transporter 2 Company Name

If applicable, enter the company name of the second transporter who will transport the waste. If more than two transporters are used to transport the waste, use a Continuation Sheet(s) (EPA Form 8700-22A) and list the transporters in the order they will be transporting the waste.

Item 8. Identification Number

If applicable, enter the twelve digit Identification Number of the second transporter identified in item 7.

If more than two transporters are used, enter each additional transporter's company name and twelve digit Identification Number in items 24-27 on the Continuation Sheet (EPA Form 8700-22A). Each Continuation Sheet has space to record two additional transporters. Every transporter used between the generator and the designated facility must be listed.

Item 9. Designated Facility Name and Site Address

Enter the company name and site address of the facility designated to receive the waste listed on this Manifest. The address shall be the site address, which may differ from the company mailing address.

Item 10. Identification Number

Enter the twelve digit Identification Number of the designated facility identified in item 9.

Item 11. U.S. DOT Description [Including Proper Shipping Name,
Hazard Class, and ID Number (UN/NA)]

Enter the U.S. DOT Proper Shipping Name, Hazard Class, and ID Number (UN/NA) for each RCRA hazardous waste as identified in Title 49 CFR Parts 171 through 177. Non-RCRA hazardous wastes which do not have a U.S. DOT description can be properly described by indicating a generic name of the waste and the phrase "Non-RCRA Hazardous Waste, Solid" or "Non-RCRA Hazardous Waste, Liquid" for solid or liquid wastes, respectively. When possible, the generic name shall be obtained from Chapter 11, Appendix X, subdivision (e) of this division. If not listed in Chapter 11, Appendix X, subdivision (e) of this division, the commonly recognized industrial name of the waste shall be used.

If additional space is needed for waste descriptions, enter these additional descriptions in item 28 on the Continuation Sheet (EPA Form 8700-22A).

Item 12. Containers (No. and Type)

Enter the number of containers for each waste and the appropriate abbreviation from Table I (below) for the type of container.

Table I-Types of Containers

DM=Metal drums, barrels, kegs

DW=Wooden drums, barrels, kegs

DF=Fiberboard or plastic drums, barrels, kegs

TP=Tanks portable

TT=Cargo tanks (tank trucks)

TC=Tank cars

DT=Dump truck

CY=Cylinders

CM=Metal boxes, cartons, cases (including roll-offs)

CW=Wooden boxes, cartons, cases

CF=Fiber or plastic boxes, cartons, cases

BA=Burlap, cloth, paper or plastic bags

Item 13. Total Quantity

Enter the total quantity of waste described on each line. One decimal point may be used and shall take one character space.

Item 14. Unit (Wt./Vol.)

Enter the appropriate abbreviation from Table II (below) for the unit of measure.

Table II-Units of Measure

G=Gallons (liquids only)

P=Pounds

T=Tons (2000 lbs)

Y=Cubic yards

L=Liters (liquids only)

K=Kilograms

M=Metric tons (1000 kg)

N=Cubic meters

Item 15. Special Handling Instructions and Additional Information

Generators may use this space to indicate special transportation, treatment, storage or disposal information or Bill of Lading information. For international shipments, generators shall enter in this space the point of departure (City and State) for those shipments destined for treatment, storage or disposal outside the jurisdiction of the United States.

Aircraft Transport/Export

Item 16. Generator's Certification

The generator shall read, sign (by hand) and date the certification statement. If a mode other than highway is used, the word "highway" should be lined out and the appropriate mode (rail, water or air) inserted in the space below. If another mode in addition to the highway mode is used, enter the appropriate additional mode (e.g., and rail) in the space below.

Primary exporters shipping RCRA hazardous waste to a facility located outside of the United States shall add to the end of the first sentence of the certification the following words "and conforms to the terms of the EPA Acknowledgment of Consent to the shipment"

Generators may preprint the words, "On behalf of" in the signature block or may hand write this statement in the signature block prior to signing the generator certifications. All of the above information except the handwritten signature required in item 16 may be preprinted.

Aliment Waste Min Cert

Item A. State Manifest Document Number

This is a state issued document number. It may not be altered.

Item B. State Generator's ID

If applicable, enter your Hazardous Waste Tax Account number issued by the Board of Equalization. This is a 12-character number.

Item C. State Transporter's ID

Enter the certificate of compliance number of the first vehicle used to transport the hazardous waste.

Item D. Transporters Phone

Enter the telephone number of the first transporter who will transport the waste.

Item E. State Transporter's ID

Enter the certificate of compliance number of the second vehicle used to transport the waste.

Item F. Transporter's Phone

Enter the telephone number of the second transporter who will transport the waste.

Item I. Waste Number

Enter the California Waste Category number listed in Table III on the back of the manifest which best identifies your waste. Also enter the appropriate EPA waste category number as listed in Title 40 CFR Part 261.

Item J. *Additional Part*
~~Chemical~~

Enter chemical composition for each waste category. List components corresponding to the waste category listed (e.g., %, p.p.m.).

Items G, H and K -- To be completed by TSDF operator.

Item G. ✓

Enter Identification Number.

Item H. ✓

Enter facility telephone number.

Item K. ✓

Enter waste handling code(s). Select appropriate code(s) from Table IV on the back of the manifest.

Move ~~to~~ directly after 16

In signing the waste minimization certification statement, large quantity generators are certifying that they have a program in place to reduce the volume and toxicity of waste generated to the degree they have determined to be economically practicable and that they have selected the practicable method of treatment, storage or disposal currently available to them which minimizes the present and future threat to human health and the environment. Small quantity generators are certifying that they "have made a good faith effort to minimize their waste generation and have selected the best waste management method that is available to them and that they can afford."

* * * * *

TRANSPORTERS

Item 17. Transporter 1 Acknowledgement of Receipt of Materials

Enter the name of the person accepting the waste on behalf of the first transporter. That person shall acknowledge acceptance of the waste described on the Manifest by signing and entering the date of receipt.

Item 18. Transporter 2 Acknowledgement of Receipt of Materials

Enter, if applicable, the name of the person accepting the waste on behalf of the second transporter. That person shall acknowledge acceptance of the waste described on the Manifest by signing and entering the date of receipt.

International Shipments-Transporter Responsibilities.

Exports-Transporters shall sign and enter the date the waste left the United States in item 15 of Form DHS 8022-A.

Imports-Shipments of hazardous waste regulated by RCRA or California Code of Regulations and transported into California from another country to a designated facility within the State shall upon entry be accompanied by the California Uniform Hazardous Waste Manifest. Transporters who transport hazardous waste into the United States from another country are responsible for completing the Manifest Section 66263.10(c)(1).

Move to Item 15

Owners and Operators of Treatment, Storage, or Disposal
Facilities

Item 19. Discrepancy Indication Space

The authorized representative of the designated (or alternate) facility's owner or operator shall note in this space any significant discrepancy between the waste described on the Manifest and the waste actually received at the facility.

Owners and operators of facilities who cannot resolve significant discrepancies within 15 days of receiving the waste shall submit to the Department a letter with a copy of the Manifest at issue describing the discrepancy and attempts to reconcile it ^{pursuant to} Section 66264.72 and 66265.72.

Item 20. Facility Owner or Operator:

Certification of Receipt of Hazardous Materials Covered

by This Manifest Except as Noted in Item 19

Print or type the name of the person accepting the waste on behalf of the owner or operator of the facility. That person shall acknowledge acceptance of the waste described on the Manifest by signing and entering the date of receipt.

Item G. State Facility's ID

Enter Identification number.

Item H. Facility's Phone

Enter facility telephone number.

Item K. Handling Codes

Enter waste handling codes. Select appropriate code(s) from Table

IV on the back of the Manifest.

Please Print or Type (Form Designed for use on elite (12-pitch) typewriter) Form approved by OMB No. 2000-0404 Expires 7-31-98

EPA Form 8700-22A (3-94)

Illustration # 1116: Manifest Continuation Form, EPA Form Number

Instructions-Continuation Sheet, U.S. EPA Form 8700-22A

Read all instructions before completing this form.

This form has been designed for use on a 12-pitch (elite) typewriter; a firm point pen may also be used-press down hard. This form shall be used as a continuation sheet to DHS Form 8022-A if:

- o More than two transporters are to be used to transport the waste;
- o More space is required for the U.S. DOT description and related information in Item 11 of DHS Form 8022-A.

Federal and State regulations require generators and transporters of hazardous waste and owners or operators of hazardous waste treatment, storage or disposal facilities to use the California Uniform Hazardous Waste Manifest (DHS Form 8022-A) and, if necessary, this Continuation Sheet (EPA Form 8700-22A) for both inter- and intrastate transportation.

GENERATORS

Item 21. Generator's Identification Number-Manifest Document Number

Enter the generator's twelve digit Identification Number and the unique five digit number assigned to this Manifest (e.g., 00001) as it appears in item 1 on the first page of the Manifest.

Item 22. Page --

Enter the page number of this Continuation Sheet.

Item 23. Generator's Name

Enter the generator's name as it appears in item 3 on the first page of the Manifest.

Item 24. Transporter -- Company Name

If additional transporters are used to transport the waste described on this Manifest, enter the company name of each additional transporter in the order in which they will transport the waste. Enter after the word "Transporter" the order of the transporter. For example, Transporter 3 Company Name. Each Continuation Sheet will record the names of two additional transporters.

Item 25. Identification Number

Enter the twelve digit Identification Number of the transporter described in item 24.

Item 26. Transporter -- Company Name

If additional transporters are used to transport the waste described on this Manifest, enter the company name of each additional transporter in the order in which they will transport the waste.

Enter after the word "Transporter" the order of the transporter. For example, Transporter 4 Company Name. Each Continuation Sheet will record the names of two additional transporters.

Item 27. Identification Number

Enter the twelve digit Identification Number of the transporter described in item 26.

Item 28. U.S. DOT Description Including Proper Shipping Name,
Hazardous Class, and ID Number (UN/NA)

Wastes that are classified as non-RCRA hazardous wastes can be properly described by indicating a generic name of the waste and the phrase "Non-RCRA Hazardous Waste, Solid" or "Non-RCRA Hazardous Waste, Liquid" for solid or liquid wastes, respectively. When possible, the generic name shall be obtained from Chapter 11, Appendix X, subdivision (e) of this division. If not listed in Chapter 11, Appendix X, subdivision (e) of this division, the commonly recognized industrial name of the waste shall be used.

Refer to item 11.

Item 29. Containers (No. and Type)

Refer to item 12.

Item 30. Total Quantity

Refer to item 13.

Item 31. Unit (Wt./Vol.)

Refer to item 14.

Item 32. Special Handling Instructions

Generators may use this space to indicate special transportation, treatment, storage or disposal information or Bill of Lading information.

Item L. State Manifest Document Number

Enter the same document number as printer in block A in the first page of the manifest.

Item M. State Generator's ID

Refer to item B

Item N. State Transporter's ID

Refer to item C

Item O. Transporter's Phone

Refer to item D

Item P. State Transporter's ID

Refer to item E

Item Q. Transporter's Phone

Refer to item F

Item R. Waste Number

Refer to item I

Item S. Additional Descriptions

See item J

Item T. Handling Codes

See item K

* * * * *

TRANSPORTERS

Item 33. Transporter -- Acknowledgement of Receipt of Materials

Enter the same number of the Transporter as identified in item 24. Enter also the name of the person accepting the waste on behalf of the Transporter (Company Name) identified in item 24. That person must acknowledge acceptance of the waste described on the Manifest by signing and entering the date of receipt.

Item 34. Transporter -- Acknowledgement of Receipt of Materials

Enter the same number as identified in item 26. Enter also the name of the person accepting the waste on behalf of the Transporter (Company Name) identified in item 26. That person must acknowledge acceptance of the waste described on the Manifest by signing and entering the date of receipt.
