# REMOVAL ACTION WORKPLAN

## Table of Contents

1.0 INTRODUCTION .................................................................................................. 1

1.1 REMOVAL ACTION OBJECTIVES ...................................................................... 1

2.0 SITE BACKGROUND ............................................................................................ 3

2.1 SITE LOCATION AND DESCRIPTION ............................................................... 3

2.1.1 Site Name and Address .............................................................................. 3

2.1.2 Contact Person, Mailing Address and Telephone Number ...................... 3

2.1.3 EPA Identification Number and CalSites Database Number .................... 4

2.1.4 Assessor's Parcel Number(s) and Maps ..................................................... 4

2.1.5 Ownership .................................................................................................. 4

2.1.6 Township, Range, Section and Meridian ................................................... 5

2.2 OPERATIONAL HISTORY AND STATUS ......................................................... 5

2.3 TOPOGRAPHY .................................................................................................. 5

2.4 GEOLOGY AND HYDROGEOLOGY ................................................................. 5

2.4.1 Site Geology and Soil Types ...................................................................... 5

2.4.2 Site Hydrogeologic Settings ....................................................................... 6

2.5 SURROUNDING LAND USE AND SENSITIVE ECOSYSTEMS .................... 7

2.6 METEOROLOGY ................................................................................................ 7

2.7 REGIONAL RADON INFORMATION .................................................................. 7

2.8 PREVIOUS SITE ACTIONS ............................................................................... 7

2.8.1 Phase 1 Environmental Site Assessment .................................................... 7

2.8.2 Asbestos and Lead Survey ......................................................................... 8
2.8.3 Preliminary Endangerment Assessment (PEA) .........................................................8
2.8.4 Focused Site Investigation (FSI) ........................................................................9
2.8.5 Pothole Excavation Investigation .....................................................................9

3.0 NATURE, SOURCE, AND EXTENT OF CONTAMINANTS ........................................11
3.1 TYPE, SOURCE AND LOCATION OF CONTAMINANTS .......................................11
3.2 EXTENT AND VOLUME OF CONTAMINATION .....................................................11
3.3 HEALTH EFFECT OF CONTAMINANTS ...............................................................11
3.4 TARGETS POTENTIALLY AFFECTED BY THE SITE .............................................12
3.5 ADDITIONAL SITE INVESTIGATION ....................................................................12

4.0 RISK EVALUATION AND PRELIMINARY CLEANUP GOALS ................................13
4.1 RISK EVALUATION .............................................................................................13
   4.1.1 Human Health Screening Risk Evaluation ......................................................13
   4.1.2 Environmental Screening Risk Evaluation ....................................................13
4.2 ENDANGERMENT DETERMINATION ................................................................14
4.3 PRELIMINARY CLEANUP GOALS (PCGs) .............................................................14

5.0 ENGINEERING EVALUATION/COST ANALYSIS (EE/CA) ....................................15
5.1 REMOVAL ACTION SCOPE ..................................................................................15
5.2 EVALUATION OF REMOVAL ACTION ALTERNATIVES ....................................15
5.3 DESCRIPTION OF SELECTED REMEDY .............................................................16

6.0 APPLICABLE OR RELEVANT AND APPROPRIATE REQUIREMENTS .................17
6.1 PUBLIC PARTICIPATION .......................................................................................17
   6.1.1 Community Concerns ....................................................................................17
   6.1.2 Public Participation Plan Implementation ......................................................17

List of Tables

Table 1 Summary of Detections - September 13, 2000 and June 15, 2001
Table 2 Summary of Detections - August 25, 2001
Table 3 Dimensions of Pothole Excavations

List of Appendices

Appendix A  DTSC's Further Action Determination Letter, dated June 12, 2001
Appendix B  Conceptual Site Exposure Model
Appendix D  Public Participation Plan and/or Community Profile Report
Appendix E  California Environmental Quality Act, Draft Notice of Exemption (NOE)
Appendix F  Health and Safety Plan (H&SP)
Appendix G  Quality Assurance Project Plan (QAPP)
Appendix H  DTSC's Fact Sheet on Import Fill Material
Appendix I  Final Focused Site Investigation Workplan
Appendix J  Wipe Sampling Plan
Appendix K  Transportation Plan
