

## **SUPPLEMENTAL SITE INVESTIGATION (SSI) SCOPING DOCUMENT**

1.0	INTRODUCTION .....	1-01
1.1	Supplemental Site Investigation Objectives .....	1-01
1.2	Scope of Work .....	1-01
2.0	SUMMARY OF SITE BACKGROUND AND PREVIOUS SITE ACTIONS.....	2-01
2.1	Site History and Description.....	2-01
2.2	Prior Assessments and DTSC’s Determination .....	2-02
3.0	SAMPLING STRATEGY .....	3-01
3.1	Proposed SSI Sampling Program (Table 4).....	3-01
3.2	Proposed SSI Sampling Locations (Figure 4).....	3-01
4.0	PROPOSED RISK ASSESSMENT PROCESS <sup>1</sup> .....	4-01
5.0	COMMUNITY PROFILE <sup>2</sup> .....	5-01
6.0	PROJECT SCHEDULE .....	6-01

### TABLES

Table 1	Summary of PEA Sampling and Analysis Program
Table 2	Summary of PEA Detections and Findings
Table 3	Summary of PEA Health Risk Screening Evaluation
Table 4	Proposed SSI Soil Gas/Soil/Groundwater Sampling Program

### FIGURES

Figure 1	Vicinity Map
Figure 2	Site Plan Map
Figure 3	PEA Sampling Locations and Results
Figure 4	Supplemental Sampling Locations

#### **NOTES:**

**During the project scoping meeting, a SSI Scoping Document is recommended for scoping discussion. A SSI Workplan may be used instead if it is available for the scoping meeting.**

**1. In consultation with DTSC, the PEA risk assessment process may be acceptable.**

**2. In consultation with DTSC, a community profile report may be used to meet the public participation requirements.**
