

Public Notice

The mission of DTSC is to protect California's people and environment from harmful effects of toxic substances by restoring contaminated resources, enforcing hazardous waste laws, reducing hazardous waste generation, and encouraging the manufacture of chemically safer products.

DRAFT REMOVAL ACTION WORKPLAN FOR THE LANDING-OLD MILL AREA FORMERLY KNOWN AS ROSEBURG LUMBER MILL

PUBLIC COMMENT PERIOD: DECEMBER 7, 2018 - JANUARY 8, 2019

WHAT IS BEING PROPOSED? The Department of Toxic Substances Control proposes a draft Removal Action Workplan (RAW) for cleanup of the Landing-Old Mill Area (Site) portion of the former Roseburg Lumber Mill located west of the intersection of South Mt. Shasta Boulevard and Loveta Lane in Mt. Shasta City. The draft RAW will address cleanup of Total Petroleum Hydrocarbons (TPH), Pentachlorophenol (PCP), and Dioxins/Furans in soil from past operations.

The Department of Toxic Substances Control (DTSC) will oversee the project proposed in the draft RAW. We invite you to review and comment on the draft RAW, which describes the investigations carried out at the Site and the proposed remedy.

CALIFORNIA ENVIRONMENTAL QUALITY ACT: In Compliance with the California Environmental Quality Act (CEQA), DTSC conducted an Initial Study that determined the proposed project along with mitigation measures would not have a significant environmental impact. DTSC proposes the Mitigated Negative Declaration as the appropriate document to comply with CEQA. DTSC welcomes comments on the adequacy of the analysis contained in the Initial Study and proposed Mitigated Negative Declaration.

HOW DO I PARTICIPATE? DTSC will accept public comments on the draft RAW for the Site during the public comment period **December 7, 2018 - January 8, 2019**. All comments must be received by **January 8, 2019**. Send all comments to: Duane White, Project Manager, at 8800 Cal Center Drive, Sacramento, California 95826, or

Duane.White@dtsc.ca.gov
