This program is administered by

and the California Department of Toxic Substances Control.

Join the Healthy Nail Salon Recognition Program and be part of the movement throughout California to make salons safer for workers and clients.

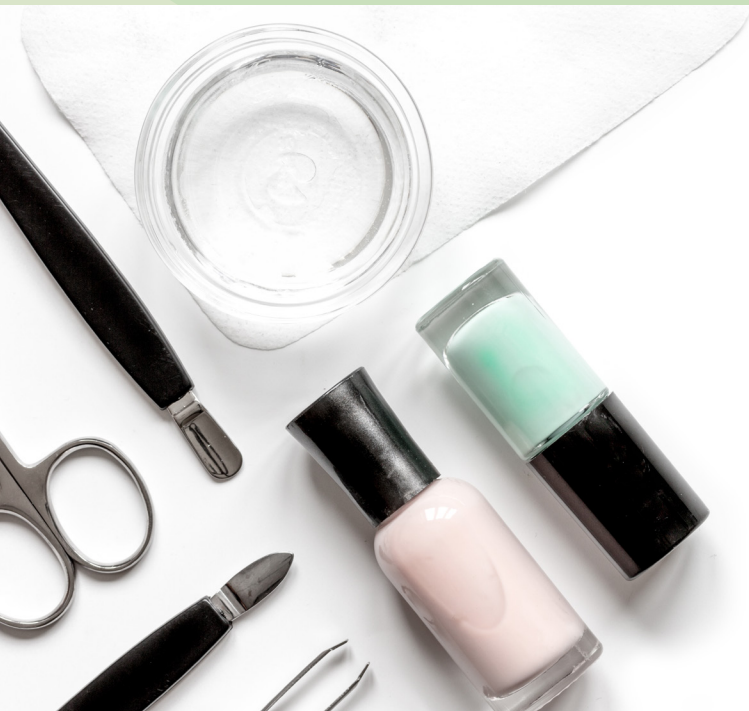

The beauty business is booming! Elegant, fashionable nails are a big part of that, new salons are opening each year. But beauty comes with a price – working with hazardous chemicals that must be managed safely.

Luckily, you have a choice! You can provide quality nail products applied safely by trained technicians, while providing a pleasant, relaxing atmosphere for clients.

The Healthy Nail Salon Recognition Program can help.

What You Do:

- Use safer products (your clients will thank you!)
- Adopt safer work practices (your staff will thank you!)
- Host free training sessions in your salon
- Provide proper ventilation
- Demonstrate compliance with California Barbering and Cosmetology (Cal/BBC) Business & Professions Code

Joining the Healthy Nail Salon Recognition Program:

- To start the process reach out to:
- You and your employees attend a brief training on program requirements
- Follow Healthy Nail Salon Recognition Program guidelines
- Your local government will certify you for the year, and annually thereafter
