Location: Klamath Room, 2nd Floor, Cal EPA Headquarters Building 1001 I Street, Sacramento, CA 95814

Please join the California Department of Toxic Substances Control (DTSC) as we convene a meeting of the Green Ribbon Science Panel (GRSP or Panel), on December 13-14, in Sacramento, CA.

BACKGROUND

The GRSP was established by AB 1879 (Feuer, Chapter 559, Statutes of 2008) to act as a resource for the implementation of California's Green Chemistry Law. The GRSP provides scientific and technical advice to DTSC as we strive to build a meaningful, practical, and defensible Safer Consumer Products program.

MEETING PURPOSE

This meeting provides a forum for the GRSP to discuss DTSC's recently published 10-year anniversary report for the Safer Consumer Products Program, DTSC's Draft 2024-2026 Priority Product Work Plan, and DTSC's implementation of regulatory responses for Spray Polyurethane Foam Systems.

MEETING DETAILS

Materials related to the meeting will be posted as they are available on the [DTSC website](#).

Members of the public and representatives of organizations are invited to attend and participate in the GRSP meeting in person on matters directly related to the work of the Panel. The time allotted for individual public comments may be limited, depending on the number of individuals wishing to speak. Speakers are not required to identify themselves publicly.
