

DTSC PUBLIC NOTICE

Department of Toxic Substances Control – Our mission is to protect California's people, communities, and environment from toxic substances, to enhance economic vitality by restoring contaminated land, and to compel manufacturers to make safer consumer products.

EMERGENCY PERMIT REDWOODWOOD HOLDINGS LLC 1147 MERRITT DRIVE EL CAJON, CALIFORNIA 92020

The California Department of Toxic Substances Control (DTSC) has issued an Emergency Permit to Redwood Holdings LLC for onsite treatment of an expired chemical at 1147 Merritt Drive, El Cajon, California 92020. The item to be treated includes: one (1) 20-liter container of methyl tert butyl ether.

Clean Harbors Environmental Services (Clean Harbors) has been contracted to conduct the treatment. The chemical is potentially reactive and unsafe for transport in its present state. The treatment involves the addition of solutions to the containers to stabilize the chemical. Once the chemical is treated, the items will be transported offsite for proper management. DTSC has determined that this chemical poses an imminent and substantial endangerment to human health and the environment if not properly managed. Therefore, an Emergency Permit should be issued. This Emergency Permit is effective from November 1, 2023, through December 30, 2023. The Emergency Permit includes measures to minimize any adverse impact to the community and the environment.

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA): DTSC has determined that the issuance of this permit is exempt from the requirements of CEQA and has filed a Notice of Exemption (NOE) with the State Clearinghouse. The Emergency Permit, NOE, and Redwood Holdings LLC's request for this project is available for review at the file room located at:

DTSC Sacramento Regional Office
8800 Cal Center Drive
